2. SETUP

Follow these steps for proper setup of your new action figure glasses:

1. **Unboxing:** Carefully unpack the glasses from their packaging. Inspect both pairs for any manufacturing defects or damage.
2. **Handling:** Gently hold the glasses by their frames to avoid bending the delicate temples.
3. **Placement:** These glasses are designed to fit most 1/6 scale action figures. Carefully position the glasses on your figure's face, ensuring a snug and stable fit. Avoid forcing them, as this may cause damage to the glasses or the figure.

3. OPERATING INSTRUCTIONS

Once placed on the action figure, the glasses are ready for display. They are not designed for active play that involves rough handling. To adjust their position, gently manipulate the frames. Avoid bending the temples excessively, as they are made of alloy and can deform if mishandled.

4. MAINTENANCE

Proper care will ensure the longevity of your MERISHOPP 1/6 Soldier Accessories Glasses:

- **Cleaning:** To clean the glasses, use a soft, dry, lint-free cloth. Do not use abrasive cleaners or solvents, as these can damage the alloy finish. If dust accumulates, a soft brush can be used to gently remove it.
- **Storage:** Store the glasses in a protective container or a dust-free environment when not in use to prevent scratches and damage.

5. TROUBLESHOOTING

Refer to the following common issues and their solutions:

- **Issue:** Glasses do not fit the figure.
Solution: Verify that your action figure is indeed 1/6 scale. Some figures may have slightly different head sculpts. Gently try to adjust the temple arms if they are too wide, but do so with extreme caution to avoid breakage.
- **Issue:** Glasses appear bent or damaged.
Solution: If the damage occurred during initial unboxing, contact customer support. For minor bends, very gently attempt to reshape the alloy frame, but be aware that excessive force will cause permanent damage.
