## 5. OPERATING INSTRUCTIONS: EXTENDING AND RETRACTING THE TABLE

---

Your Weselon dining table features a convenient extendable design, allowing you to easily adjust its length to accommodate 4 to 8 people. The table can transition between a compact round shape (41.73 inches) and an extended oval shape (78.74 inches) by utilizing the removable extension leaf.

### To Extend the Table:

1. **Release Latches:** Locate and loosen the latches underneath the tabletop. These secure the two halves of the table.
2. **Pull Apart:** Gently slide the two table ends outward. The smooth track mechanism will allow them to separate, revealing the space for the extension leaf.
3. **Insert Extension Leaf:** Carefully place the extension leaf into the gap created between the two table halves. Ensure it is properly seated and aligned.
4. **Push Inward:** Gently push the table ends back together until they meet the extension leaf, creating a seamless oval surface.
5. **Lock Latches:** Fasten the latches underneath the tabletop to secure the extended configuration.

### To Retract the Table:

1. **Release Latches:** Loosen the latches underneath the tabletop.
2. **Pull Apart:** Gently slide the two table ends outward to create a gap.
3. **Remove Extension Leaf:** Carefully lift and remove the extension leaf. Store it safely to prevent damage.
4. **Push Inward:** Gently push the two table ends back together until they meet, forming the compact round table.
5. **Lock Latches:** Fasten the latches underneath the tabletop to secure the compact configuration.
