2. SAFETY INFORMATION

To ensure safe use of your SEDETA L Shaped Gaming Desk, please observe the following precautions:

- Ensure the desk is placed on a flat, stable surface to prevent tipping.
- Do not exceed the weight limit of 100 pounds on the top surface. Overloading can compromise stability and cause damage.
- Keep electrical cords away from the edges of the desk to prevent tripping hazards and damage to the cords.
- Follow the assembly instructions carefully to ensure proper construction and stability. Incorrect assembly can lead to instability and potential injury.
- Do not allow children to climb on or play with the desk.
- Avoid placing hot items directly on the desk surface without protective padding.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

4. ASSEMBLY INSTRUCTIONS

Assembly requires careful attention to detail. It is recommended to have two people for assembly. Please follow the numbered steps provided in the included assembly guide. The desk features a reversible design, allowing the storage shelves to be installed on either the left or right side.

1. **Unpack and Identify Parts:** Lay out all components and hardware. Compare them with the parts list in your separate assembly guide to ensure everything is present.
2. **Assemble the Main Desk Frame:** Attach the desk legs to the main desktop panels using the provided screws and tools. Do not overtighten screws until all components are aligned.
3. **Install Storage Unit Frame:** Decide whether you want the storage shelves on the left or right side. Attach the frame for the storage shelves to the main desk frame.
4. **Insert Shelves and Drawers:** Slide the 4-tier shelves into their designated slots. Assemble the 5 storage drawers and place them into their compartments.
5. **Attach Power Outlet:** Secure the recessed power outlet into its designated slot on the desk surface. Connect the power cord.
6. **Apply LED Light Strip:** Adhere the RGB LED light strip to the underside of the hutch or desired location. Connect the controller.
7. **Attach Storage Bag:** Secure the multifunctional storage bag to the side of the hutch using its fasteners.
8. **Adjust Feet:** Once assembled, adjust the leveling feet at the bottom of the desk to ensure stability on uneven floors.

7. MAINTENANCE

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Dusting:** Regularly dust all surfaces, including shelves and drawers, to prevent buildup.
- **Hardware Check:** Periodically check all screws and bolts to ensure they are tight. Retighten if necessary to maintain stability.
- **Electrical Components:** Ensure the power cord and LED light strip connections are secure and free

from damage. Do not attempt to repair electrical components yourself.

- **Avoid Excessive Moisture:** Protect the desk from prolonged exposure to liquids to prevent damage to the engineered wood.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Desk is wobbly/unstable.	Uneven floor; loose assembly hardware.	Adjust the leveling feet at the bottom of the desk. Check and tighten all screws and bolts.
LED lights not working.	Power connection loose; remote/app issue; light strip damage.	Ensure the LED strip is properly connected to the power source and controller. Check remote battery. Reinstall app if using.
Power outlets/USB ports not functioning.	Desk's main power cord unplugged; power strip connection loose; circuit overload.	Verify the desk's main power cord is securely plugged into a wall outlet. Check internal connections of the power strip. Reduce number of connected devices.
Drawers do not slide smoothly.	Incorrect assembly; obstruction.	Ensure drawers are assembled correctly and aligned. Check for any obstructions in the drawer tracks.
