## 4. SETUP

### 4.1. Inserting SIM Cards

Locate the SIM card slot on the side of the device. Use the provided SIM ejector tool to open the tray. Insert your Nano SIM cards into the designated slots. Ensure the tray is securely closed to maintain the device's waterproof rating.

### 4.2. Initial Power On

Press and hold the Power Button until the DOOGEE logo appears. Follow the on-screen prompts to select your language, connect to Wi-Fi, and set up your Google account. You can skip some steps and complete them later in the settings.

## 5. KEY FEATURES & OPERATION

### 5.1. Camera System

The DOOGEE Blade 20 Play features an advanced AI camera system:

- **50MP Main Camera:** For detailed photos in various lighting conditions.
- **20MP Night Mode Camera:** Designed for automatic astrophotography and clear low-light

shots.

- **16MP Front Camera:** For clear selfies and video calls.
- **Underwater Mode:** Capture vivid 4K videos and photos up to 1.5 meters deep.

## 6. MAINTENANCE & CARE

- Cleaning:** Use a soft, damp cloth to clean the device. Avoid harsh chemicals or abrasive materials.
- Temperature:** Do not expose the device to extreme temperatures (hot or cold) for extended periods.
- Waterproof Seals:** Ensure all port covers are securely closed to maintain the device's waterproof and dustproof integrity.
- Software Updates:** Regularly check for and install software updates to ensure optimal performance and security.

## 7. TROUBLESHOOTING

- **Device Not Powering On:** Ensure the battery is charged. Connect to the 33W fast charger and try again.
- **Screen Unresponsive:** Try restarting the device by holding the Power Button.
- **Network Issues:** Check SIM card insertion and network settings. Ensure 5G coverage in your area.
- **App Malfunction:** Clear the app's cache and data in settings, or uninstall and reinstall the app.
- **Contact Support:** If issues persist, refer to the DOOGEE support website or contact customer service.
