# Rhevo Dual Motor Power Lift Recliner Chair

MODEL: SF20251009B0F9PQSPSB

Instruction Manual

### IMPORTANT SAFETY INFORMATION

Always read and follow the assembly instructions carefully. This chair is heavy and should be assembled by two people to prevent injury. Do not use this chair outdoors or in wet conditions to avoid potential hazards.

### PRODUCT OVERVIEW

This 26-inch extra-wide recliner chair offers a comfortable seat for various users, including tall men, adults, and the elderly. It features a power lift mechanism with arm storage for convenience. The thickened double cushion design provides cloud-like comfort, while the overstuffed backrest and armrests ensure ergonomic support and durability. The chair includes a one-touch reset Home Button, dual motor lift assistance for safe standing, and individually adjustable backrest and footrest. It measures 41.5" D x 36.5" W x 44" H with a 350 lbs weight capacity. Additional features include arms storage, extended footrest, USB charging ports, cup holders, side pockets, and phone bags. The chair also has eight vibrating massage modes and dual heating functions in the seat cushion, backrest, and lumbar area to relieve pain and enhance relaxation.

### KEY FEATURES

- **26" Extra-Wide Seat & Flip Arm Storage:** Roomy 26" seat suitable for various users, with convenient arm storage for easy access to items.
- **Overstuffed Backrest, Armrests, and Seat Cushion:** Thickened double cushion design for cloud-like comfort, ergonomic support, and durability.
- **One-Touch Reset & Power Lift Assistance:** Home Button for quick return to sitting posture. Dual motor lift mechanism for gentle and safe standing, with individually adjustable backrest and footrest.
- **Multi-Functional Design:** Includes arms storage, extended footrest, USB Type-C charging ports, cup holders, two side pockets, and two phone bags.
- **Massage and Dual Heat:** Eight vibrating modes with dual heating and massage functions in the seat cushion, backrest, and lumbar area for pain relief and relaxation.

## SETUP AND ASSEMBLY

Your recliner will arrive in three boxes, which may not arrive simultaneously. Please wait until all packages are received before beginning assembly. The chair is designed for easy assembly in a few minutes.

### Assembly Steps:

1. Unpack all components from the boxes.
2. Attach the side armrests to the main chair base, ensuring they slide securely into place.

3. Connect the backrest to the chair base, aligning the metal slots.
4. Connect all electrical cables for the power lift, massage, and heat functions. Ensure all connections are secure.
5. Plug the power cord into a wall outlet.

## MAINTENANCE

To ensure the longevity and optimal performance of your Rhevoy Power Lift Recliner, follow these maintenance guidelines:

- **Cleaning:** For the breathable leather material, wipe regularly with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners. For spills, blot immediately with a clean, dry cloth.
- **Mechanism Care:** Periodically check all bolts and screws to ensure they are tight. Do not over-tighten.

- **Electrical Components:** Ensure all cables are free from kinks or damage. Keep power cords away from high-traffic areas to prevent tripping hazards or damage.
- **Weight Limit:** Adhere to the maximum weight capacity of 350 lbs to prevent damage to the chair's mechanism and frame.

## TROUBLESHOOTING

If you encounter any issues with your recliner, please refer to the following common troubleshooting tips:

- **Chair Not Responding:** Check if the power cord is securely plugged into both the chair and the wall outlet. Ensure the power switch on the chair's base is in the 'ON' position. Verify that all internal cable connections are secure.
- **Massage/Heat Not Working:** Confirm the massage/heat remote is properly connected. Check the power button on the remote and adjust intensity/mode settings.
- **Unusual Noises:** Inspect the chair's mechanism for any loose parts or obstructions. Ensure the chair is on a level surface.
- **Difficulty Standing/Sitting:** Ensure the lift mechanism is clear of any obstructions. If the issue persists, contact customer support.

If these steps do not resolve the issue, please contact customer support for further assistance.
