

## Gillette Fusion5 ProGlide

# Gillette Fusion5 ProGlide Shaving Razor User Manual

Model: Fusion5 ProGlide

## 1. PRODUCT OVERVIEW

The Gillette Fusion5 ProGlide razor is engineered to deliver a precise and comfortable shave. It features advanced FlexBall handle technology, allowing the razor head to pivot and adapt to the contours of your face for maximum contact and a close shave. The five ultra-sharp, anti-friction blades are designed to glide smoothly across the skin, minimizing irritation. Each blade cartridge includes a larger lubrication strip for enhanced glide and a Precision Trimmer on the back for detailing and hard-to-reach areas.

### Key Features:

- **FlexBall Handle Technology:** Pivots to respond to facial contours for a close shave.
- **Five Anti-Friction Blades:** Provides a shave you can barely feel.
- **Larger Lubrication Strip:** Ensures a smoother glide during shaving.
- **Precision Trimmer:** Located on the back of the cartridge for accurate edging and styling.
- **Microfin Guard & Microcomb:** Gently stretches the skin and guides hair to the blades.
- **Compatibility:** All Gillette Fusion5 ProGlide razor blades fit all Gillette 5-blade razor handles (excluding GilletteLabs).

## 2. SETUP

Before first use, ensure the razor handle and blade cartridge are properly assembled.

### Attaching a Blade Refill:

1. Remove a new blade refill from its packaging.
2. Hold the razor handle firmly.
3. Align the top of the razor handle with the opening at the back of the blade cartridge.
4. Push the handle firmly into the cartridge until you hear a click, indicating it is securely attached.
5. To remove a blade, press the release button on the back of the handle (if applicable to your model) or firmly pull the blade cartridge away from the handle.

Figure 2.1: Attaching a Blade Refill

### 3. OPERATING INSTRUCTIONS

For optimal shaving results and comfort, follow these guidelines:

#### Standard Shaving:

1. Wet your face with warm water to soften the hair.
2. Apply a generous amount of shaving gel or foam to create a rich lather.
3. Hold the razor at a comfortable angle. Allow the FlexBall technology to adapt to your facial contours.
4. Shave with light, gentle strokes in the direction of hair growth. For a closer shave, reapply lather and shave against the grain.
5. Rinse the blades frequently under warm water during shaving to prevent clogging.

Figure 3.1: Shaving with FlexBall Technology

### Using the Precision Trimmer:

The Precision Trimmer is ideal for shaping sideburns, shaving under the nose, and defining facial hair styles.

1. Flip the razor head to expose the single blade on the back of the cartridge.
2. Use short, precise strokes to trim and define edges.
3. Rinse the trimmer after use.

## 4. MAINTENANCE

---

### **Cleaning the Razor:**

After each use, rinse the razor head thoroughly under running water to remove all hair and shaving cream. Do not tap the razor against the sink or wipe the blades, as this can damage the precision components and reduce blade life.

### **Replacing Blade Refills:**

The lubrication strip on the blade cartridge will fade from green to white when you are no longer getting an optimal shave, indicating it's time for a new blade. Each blade refill is designed to provide up to 30 shaves (based on 3 shaves per week).

# LARGER LUBRICATION STRIP

for a smoother glide\*

## 5. TROUBLESHOOTING

Issue	Possible Cause	Solution
Razor pulling or tugging hair	Dull blade, insufficient lather, or dry skin.	Replace blade refill. Ensure adequate shaving gel/foam. Wet skin thoroughly before shaving.
Skin irritation or razor burn	Too much pressure, shaving against the grain too aggressively, or dull blade.	Use light strokes. Shave with the grain first. Replace blade. Consider using a post-shave balm.
Blades clogging easily	Accumulation of hair and shaving cream.	Rinse blades more frequently under running water during shaving.

## 6. SPECIFICATIONS

**Product Name:** Gillette Fusion5 ProGlide Shaving Razor

**Model:** Fusion5 ProGlide

**Brand:** Gillette

**Manufacturer:** Procter & Gamble

**Number of Blades:** 5 per cartridge

**Unit Count (as packaged):** 1 Handle, 8 Blade Refills

**Product Dimensions:** 6.38 x 3.81 x 1.85 inches (packaged)

**Product Weight:** 3.47 ounces (packaged)

**UPC/GTIN:** 047400702165

**Color:** Multicolor

## 7. SAFETY INFORMATION

Always handle razor blades with care. The Precision Trimmer blade is located on the back of the cartridge and should be used with caution, especially in sensitive areas. Keep out of reach of children.

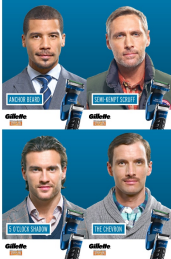

## 8. WARRANTY AND SUPPORT

For information regarding product warranty, returns, or customer support, please visit the official Gillette website or contact Procter & Gamble customer service directly. Contact details can typically be found on the product packaging or the manufacturer's official website.

You can also visit the [Gillette Store on Amazon](#) for more product information and support resources.
