IMPORTANT SAFETY INFORMATION

To reduce the risk of fire, electric shock, or injury, please observe the following safety precautions:

- Read all instructions before using the appliance.
- Do not use outdoors or on wet surfaces.
- Do not allow to be used as a toy. Close attention is necessary when used by or near children.

- Use only as described in this manual. Use only manufacturer's recommended attachments.
- Do not use with damaged cord or plug. If appliance is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, return it to a service center.
- Do not pull or carry by cord, use cord as a handle, close a door on cord, or pull cord around sharp edges or corners. Do not run appliance over cord. Keep cord away from heated surfaces.
- Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
- Do not handle plug or appliance with wet hands.
- Do not put any object into openings. Do not use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce air flow.
- Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Do not use to pick up flammable or combustible liquids, such as gasoline, or use in areas where they may be present.
- Do not pick up toxic material, such as chlorine bleach, ammonia, or drain cleaner.
- Do not use without dust bag and/or filters in place.
- Turn off all controls before unplugging.
- Use extra care when cleaning on stairs.
- Do not charge the unit outdoors.
- Use only the charger specified by the manufacturer.

2. Attaching Accessories

1. Select the appropriate nozzle for your cleaning task.
2. Align the nozzle with the vacuum's intake or exhaust port (depending on function).
3. Push firmly until it clicks into place.

OPERATING INSTRUCTIONS

1. Powering On/Off

- Press the power button once to turn on the vacuum at its default suction level.
- Press the power button again to cycle through different suction modes (if applicable).
- Press and hold the power button for 2 seconds to turn off the device.

2. Using Vacuum Function

1. Attach the desired vacuum nozzle (e.g., crevice tool for tight spaces, brush nozzle for upholstery).
2. Turn on the vacuum.
3. Move the nozzle over the surface to be cleaned, ensuring the intake port is clear.

MAINTENANCE

Regular maintenance ensures optimal performance and extends the lifespan of your ZARIMI X Car Vacuum.

1. Emptying the Dustbin

1. Ensure the vacuum is turned off.
2. Twist or unlatch the dustbin from the main unit.
3. Empty the collected debris into a waste bin.
4. Reattach the dustbin securely.

2. Cleaning the Filter

1. After emptying the dustbin, carefully remove the filter.
2. Tap the filter gently to dislodge loose dust.
3. Rinse the filter under running water until clean.
4. Allow the filter to air dry completely before reinserting it into the vacuum. Do not use the vacuum with a wet filter.

TROUBLESHOOTING

If you encounter issues with your ZARIMI X Car Vacuum, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Vacuum does not turn on.	Battery is not charged or not properly inserted.	Ensure battery is fully charged and securely inserted.
Low suction power.	Dustbin is full, filter is clogged, or nozzle is blocked.	Empty dustbin, clean or replace filter, check for blockages in the nozzle or intake.
Short battery life.	Battery not fully charged or battery degradation.	Ensure battery is fully charged. If issue persists, consider replacing the battery.
Blower/Inflator not working.	Nozzle not properly attached to exhaust port or blockage.	Ensure nozzle is securely attached to the exhaust port and check for any obstructions.
