3. PRODUCT OVERVIEW

The TABWEE T80 is a high-performance tablet designed for productivity and entertainment. Key features include:

- **Operating System:** Android 15 with Gemini AI integration for enhanced intelligence and user experience.
- **Display:** 10.1-inch HD display (1280 x 800 pixels) for clear visuals. Supports screen mirroring.
- **Performance:** 18GB RAM (6GB physical + 12GB virtual) and 128GB internal storage, expandable up to 2TB via TF card. Powered by a Unisoc T310 processor at 2 GHz.
- **Cameras:** 5MP rear camera with AI features and Google Lens support, 2MP front camera for video calls and selfies.
- **Battery:** 6000mAh battery with energy efficiency technologies for extended use.
- **Connectivity:** 5G Wi-Fi (802.11a/b/g/n/ac), GPS, Face ID.
- **Audio:** Smart-K Box speakers.

4. INITIAL SETUP

4.1 Charging the Tablet

Before first use, fully charge your TABWEE T80 tablet. Connect the provided USB charging cable to the tablet's charging port and the power adapter, then plug the adapter into a wall outlet. The charging indicator will illuminate.

4.2 Powering On/Off

- **To Power On:** Press and hold the Power button located on the side of the tablet until the TABWEE logo appears on the screen.
- **To Power Off:** Press and hold the Power button until the power options menu appears. Select "Power off" and confirm.
- **To Restart:** From the power options menu, select "Restart" and confirm.

4.3 Initial Configuration

Follow the on-screen prompts to complete the initial setup, which includes:

1. Selecting your language.
2. Connecting to a Wi-Fi network.
3. Setting up your Google account (recommended for full access to Android features and the Google Play Store).
4. Setting up screen lock (PIN, pattern, password, or Face ID).

4.4 Connecting Accessories

The TABWEE T80 comes with a detachable keyboard, mouse, and stylus. These accessories typically connect via Bluetooth or USB. Refer to the individual accessory manuals for specific pairing instructions if

not automatically detected.

- **Keyboard:** Attach the keyboard to the tablet's magnetic connector or pair via Bluetooth.
- **Mouse:** Pair the mouse via Bluetooth through the tablet's settings menu (Settings > Connected devices > Bluetooth).
- **Stylus:** The stylus is generally ready for use upon contact with the screen; no pairing is usually required.

5. OPERATING INSTRUCTIONS

5.1 Basic Navigation

The TABWEE T80 uses standard Android touch gestures:

- **Tap:** Select an item or open an app.
- **Swipe:** Scroll through pages or menus.
- **Pinch-to-zoom:** Zoom in or out on images and web pages.
- **Long press:** Access contextual menus or move app icons.

5.2 Expanding Storage

The tablet supports TF (microSD) cards up to 2TB. To expand storage:

1. Locate the TF card slot on the tablet.
2. Carefully insert the TF card into the slot until it clicks into place.
3. The tablet will detect the new storage. You may be prompted to format it for use as portable or internal storage.

5.3 Screen Mirroring

To mirror your tablet's screen to a larger display (e.g., TV or monitor):

1. Ensure your external display supports screen mirroring (e.g., Miracast, Chromecast).
2. On your tablet, go to **Settings > Connected devices > Connection preferences > Cast**
3. Select your desired display from the list of available devices.

5.4 Using Google Lens

The 5MP rear camera integrates with Google Lens. To use it:

1. Open the Camera app.
2. Switch to the rear camera.
3. Tap the Google Lens icon (if available directly in the camera app) or open the Google Lens app separately.
4. Point the camera at an object, text, or scene to get real-time information, translate text, or identify items.

5.5 Face ID Setup

To set up Face ID for unlocking your tablet:

1. Go to **Settings > Security & privacy > Device unlock > Face unlock**
2. Follow the on-screen instructions to register your face. Ensure you are in a well-lit area.
3. Face ID provides a convenient way to unlock your device.

6. MAINTENANCE

6.1 Cleaning the Tablet

To clean your tablet, use a soft, lint-free cloth. For stubborn smudges, slightly dampen the cloth with water or a screen cleaner specifically designed for electronics. Avoid using harsh chemicals, abrasive materials, or excessive moisture.

6.2 Battery Care

- Avoid exposing the tablet to extreme temperatures (hot or cold).
- Do not allow the battery to fully discharge frequently.
- Use only the provided charger and cable.

6.3 Software Updates

Regularly check for and install software updates to ensure your tablet has the latest features, security patches, and performance improvements. Go to **Settings > System > System update** to check for updates.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your TABWEE T80 tablet.

Problem	Possible Solution
Tablet does not turn on.	Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again. If unresponsive, perform a forced restart by holding the power button for 10-15 seconds.
Wi-Fi connection issues.	Check if Wi-Fi is enabled in settings. Restart your router and the tablet. Forget the network and reconnect. Ensure you are within range of the Wi-Fi signal.
Slow performance or apps crashing.	Close unnecessary background apps. Clear app caches (Settings > Apps > [App Name] > Storage & cache > Clear cache). Restart the tablet. Ensure sufficient free storage space.
Touchscreen unresponsive.	Restart the tablet. Ensure the screen is clean and free of debris. If a screen protector is installed, ensure it is properly applied and not interfering with touch sensitivity.
Accessories (keyboard/mouse) not connecting.	Ensure Bluetooth is enabled on the tablet. Check battery levels of accessories. Repair Bluetooth accessories. For wired connections, ensure they are securely plugged in.

If you encounter issues not listed here or if the suggested solutions do not resolve the problem, please contact customer support.
