5. SETUP AND INSTALLATION

The ChooChoo MC2504-WH cabinet is designed for straightforward assembly and wall mounting. All necessary parts are clearly labeled, and hardware is included.

5.1. Assembly

1. Unpack all components and verify against the parts list provided in the packaging.
2. Follow the step-by-step instructions and diagrams in the included assembly guide.
3. Ensure all screws and fasteners are tightened securely, but do not overtighten.

5.2. Wall Mounting

A mounting template is provided to assist with accurate placement. It is recommended to have assistance for wall mounting due to the cabinet's size and weight.

1. Identify a suitable location on your wall, preferably over a toilet or in a laundry area, ensuring sufficient clearance.
2. Use the provided template to mark the drilling points for the mounting screws.
3. Drill pilot holes as indicated by the template. If mounting into drywall without a stud, use appropriate wall anchors (not always included, may need to be purchased separately for heavier loads).
4. Securely attach the cabinet to the wall using the provided hardware.

6. OPERATING INSTRUCTIONS

6.1. Adjustable Shelves

The cabinet features two adjustable shelves to customize your storage space.

1. To adjust a shelf, carefully remove any items from the shelf.
2. Lift the shelf slightly and pull it out from its current support pegs.
3. Relocate the support pegs to the desired height, ensuring they are level and fully inserted into the pre-drilled holes.
4. Place the shelf back onto the support pegs.

6.2. Door Operation

The cabinet doors are equipped with magnetic closures for secure and easy opening and closing.

- Gently pull the knobs to open the doors.
- Push the doors firmly until the magnets engage to close them.

7. MAINTENANCE

To maintain the appearance and longevity of your ChooChoo MC2504-WH cabinet:

- Regularly wipe down the surfaces with a soft, damp cloth.
- Avoid using abrasive cleaners or harsh chemicals, as these can damage the water- and scratch-resistant coating.
- Promptly clean any spills to prevent staining or moisture damage.
- Check all fasteners periodically and tighten if necessary to ensure stability.

8. TROUBLESHOOTING

- **Doors not closing properly:** Check if the magnetic catches are aligned. Adjust hinges if necessary. Ensure the cabinet is level.
- **Cabinet feels wobbly:** Verify that all wall mounting screws are securely tightened. Ensure the cabinet is mounted into a wall stud or using appropriate heavy-duty anchors.
- **Shelves are uneven:** Ensure all shelf support pegs are fully inserted into the corresponding holes at the same height.
