Maintenance and Care

Proper care will ensure the longevity and appearance of your VINGLI nightstand.

- **Cleaning:** Wipe the surface with a dry, soft cloth. Avoid abrasive cleaners or harsh chemicals that may damage the wood.

- **Finishing:** If you choose to stain or paint the nightstand, follow the instructions of your chosen wood finish product carefully. Ensure proper ventilation during application and drying.
- **Environmental Conditions:** Avoid placing the nightstand in direct sunlight or near heat sources, as this can cause wood to dry out, crack, or warp. Maintain a stable humidity level in the room.

Troubleshooting

If you encounter any issues with your nightstand, refer to the following common solutions:

Problem	Possible Cause	Solution
Nightstand is wobbly	Loose screws or uneven floor.	Check and tighten all assembly screws. Ensure the nightstand is on a level surface; use furniture pads if necessary.
Drawers do not slide smoothly	Misaligned drawer slides or obstructions.	Recheck the installation of the metal drawer slides, ensuring they are correctly aligned. Remove any obstructions in the drawer tracks.
