CayugaCrekrd B0F9W95D6F

CayugaCrekrd 94.5" Fireplace TV Stand Instruction Manual

Model: B0F9W95D6F

1. IMPORTANT SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Keep this manual for future reference.

- **Tipping Hazard:** To prevent tipping, this product **must** be securely attached to the wall using the anti-tip hardware provided.
- **Fireplace Safety:** Keep flammable materials (e.g., curtains, bedding, paper) at least 3 feet (0.9 meters) away from the front of the electric fireplace.
- **Electrical Safety:** Ensure the power outlet used for the electric fireplace and charging station meets the specified voltage and current requirements. Do not overload circuits.
- **Assembly:** Follow all assembly instructions carefully. Do not use power tools for assembly unless specifically instructed, as this may damage the product.
- **Weight Capacity:** Do not exceed the maximum weight capacity for the tabletop and shelves. Refer to the specifications section for details.

2. PRODUCT OVERVIEW

The CayugaCrekrd 94.5" Fireplace TV Stand is a modern entertainment center designed to accommodate TVs up to 100 inches. It features a 50-inch electric fireplace, integrated LED lighting, a built-in charging station, and ample storage with adjustable glass shelves. The high-gloss black finish provides a sleek aesthetic.

Figure 2.1: The CayugaCrekrd 94.5" Fireplace TV Stand in a living room setting, showcasing its integrated LED lighting and electric fireplace. The stand is designed to support large televisions and offers multiple storage compartments.

3. SETUP AND ASSEMBLY

This product requires assembly. It is delivered in two separate packages, which may arrive on different days. Please ensure all parts are received before beginning assembly.

3.1 Package Contents

Verify that all components and hardware listed in the included instruction manual are present. Each part is numbered for easy identification.

PRODUCT DIMENSIONS

The item will be delivered in 2 packages and may **NOT** arrived on same day

Figure 3.1: Product dimensions and packaging information. The TV stand measures 94.5" in length, 15.75" in depth, and 37.8" in height. It is shipped in two separate boxes.

3.2 Assembly Steps

1. **Unpack Components:** Carefully unpack all parts and lay them out on a clean, soft surface to prevent scratches.
2. **Follow Instructions:** Refer to the detailed step-by-step instructions provided in the separate assembly guide. Each part is numbered to correspond with the guide.
3. **Secure Anti-Tip Hardware:** Once the stand is assembled and placed in its final position, securely attach the anti-tip hardware to the wall as instructed. This is crucial for safety.
4. **Install Adjustable Shelves:** Position the glass shelves in the desired compartments. The shelves are adjustable to accommodate various items.

50" ELECTRIC FIREPLACE - 5120 BTUS, Heat up in 3s

Timer

**Without
Noise**

Heat up to
400 sq.ft.

Temperature
62°F to 82°F

**Overheat
Protection**

Figure 3.2: The TV stand offers versatile storage with adjustable glass shelves, suitable for various media devices and decorative items. The blue arrows indicate the adjustability of the shelves.

3.3 TV Placement

The tabletop is 94.5 inches wide and 15.75 inches deep, designed to support TVs up to 100 inches. If your TV has a stand wider than 80 inches, ensure its depth fits within the 15.75-inch tabletop. For wall-mounted TVs, this depth is not a concern.

Figure 3.3: Visual representation of TV size compatibility, indicating the stand can accommodate TVs up to 100 inches. A note advises checking TV stand depth for larger TVs.

4. OPERATING INSTRUCTIONS

4.1 Electric Fireplace Operation

The 50-inch electric fireplace provides both aesthetic flame effects and supplemental heating.

- **Power:** Connect the fireplace power cord to a suitable electrical outlet.
- **Remote Control:** Use the included remote control to operate the fireplace functions.
- **Flame Effects:** Choose between faux log or crystal stone flame effects. The flame brightness is adjustable with 5 levels. There are 12 available flame colors.
- **Heating Function:** The fireplace provides supplemental heating for areas up to 400 sq ft. It heats up in approximately 3 seconds. The temperature can be adjusted from 62°F to 82°F.
- **Timer:** Set the operational timer for 1 to 8 hours.
- **Safety Features:** Includes overheat protection. The unit operates without significant noise.

If your TV with stand is larger than 80 inches, please confirm the stand width fits our 15.75" deep tabletop (no worries if it's a wall mounted TV)

Figure 4.1: Features of the 50" electric fireplace, including a 1-8 hour timer, quiet operation, heating capability up to 400 sq ft, adjustable temperature (62°F to 82°F), and overheat protection. The remote control is used for operation.

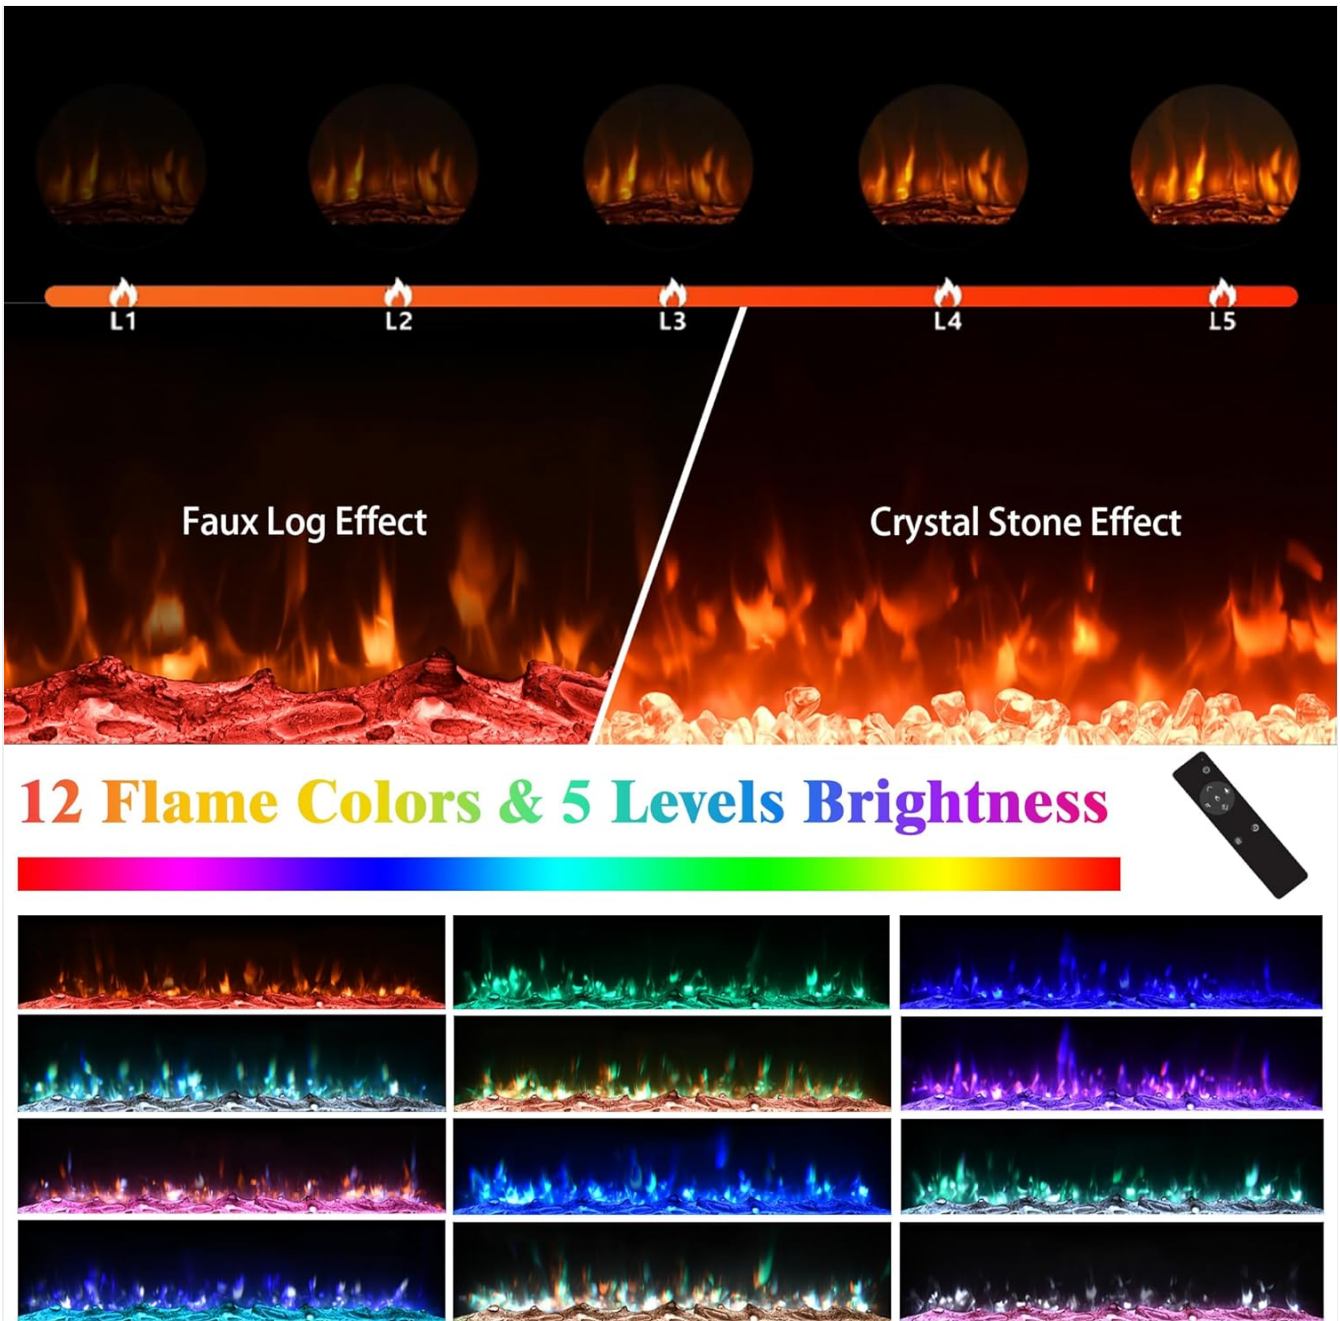

Figure 4.2: Visual guide to the 12 flame colors and 5 brightness levels available for the electric fireplace. Users can select between faux log and crystal stone effects to customize the ambiance.

4.2 LED Lighting Control

The integrated LED light strips enhance the ambiance of your living space.

- **Activation:** The LED lights are controlled via a dedicated switch or remote (if provided with the LED kit).
- **Brightness Adjustment:** Multiple brightness levels are available to suit your preference.
- **Color Options:** The LED lights offer various color options to match your mood or decor.

4.3 Charging Station Usage

The built-in charging station provides convenient power access for your electronic devices.

- **Outlets:** Features three standard AC outlets (125V/12A).
- **USB Ports:** Includes one USB-A port (5V/2A) and one USB-C port (5V/2A).
- **Connection:** Plug your devices directly into the appropriate ports.

Figure 4.3: Detail of the integrated charging station, featuring three AC outlets, one USB-A port, and one USB-C port for convenient device charging. The image also emphasizes the spacious 94.5-inch tabletop.

5. MAINTENANCE

Proper care and maintenance will ensure the longevity and appearance of your TV stand.

- **Cleaning the Surface:** The high-gloss finish resists fingerprints and can be cleaned effortlessly. Use a soft, damp cloth to wipe down surfaces. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Dusting:** Regularly dust all surfaces with a dry, soft cloth.
- **Glass Shelves:** Clean glass shelves with a glass cleaner and a soft cloth.
- **Fireplace Vent:** Ensure the fireplace air intake and exhaust vents are clear of obstructions to maintain proper airflow and prevent overheating.
- **Electrical Components:** Periodically check all electrical cords and connections for any signs of damage. Do not use the product if any electrical components are damaged.

6. TROUBLESHOOTING

If you encounter any issues with your TV stand or electric fireplace, refer to the following common troubleshooting tips:

- **Fireplace Not Turning On:**

- Ensure the power cord is securely plugged into a functional electrical outlet.
- Check if the circuit breaker has tripped.
- Verify that the remote control batteries are not depleted and are inserted correctly.

- **No Heat Output:**

- Confirm the heating function is activated via the remote or control panel.
- Check for any obstructions around the fireplace vents.
- Ensure the room temperature setting is higher than the current ambient temperature.

- **LED Lights Not Working:**

- Check the power connection for the LED strip.
- Ensure the LED controller (if separate) is properly connected and powered.

- **Charging Station Not Functioning:**

- Verify the main power cord for the TV stand is fully plugged in.
- Test the outlets/ports with a different device to rule out device-specific issues.

- **Structural Instability:**

- Re-check all assembly hardware to ensure screws are tightened.
- Confirm the anti-tip hardware is securely installed.

If these steps do not resolve the issue, please contact customer support for further assistance.
