Maintenance

To keep your building models in optimal condition:

- **Cleaning:** Gently wipe the models with a dry or slightly damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** Store the models in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.
- **Handling:** Handle the assembled models with care to prevent pieces from detaching.

Troubleshooting

- **Missing Pieces:** If you discover any missing parts during assembly, please contact Tobocoy customer service for free replacement parts.
- **Difficulty with Assembly:** Double-check the instruction manual diagrams for the specific step. Ensure you are using the correct pieces and that they are oriented correctly. Sometimes, a piece may require a firm push to connect properly.
- **Pieces Not Staying Together:** If sections of the model are not holding together, carefully re-examine the connections. Ensure all studs are fully engaged in their corresponding holes. If a piece consistently fails to connect, it may be slightly warped; contact customer service for a replacement.
