- Wipe the surfaces with a dry cloth to remove dust and debris.
- Avoid using abrasive cleaners or harsh chemicals, as these may damage the finish.
- For spills, wipe immediately with a soft, damp cloth and then dry thoroughly.

6. TROUBLESHOOTING

LED Lights Not Working:

- Ensure the nightstand's main power cord is securely plugged into a functional wall outlet.
- Check if the LED light's power connection is properly seated.
- Verify that the remote control has working batteries and is pointed directly at the nightstand's sensor.
- If using the app, ensure Bluetooth is enabled and the app is correctly paired with the device.

Charging Station Not Functioning:

- Confirm the nightstand is plugged into a live power outlet.
- Test the outlets/ports with a different device to rule out device-specific issues.
- Ensure cables are fully inserted into the ports.
- Avoid overloading the charging station with too many high-power devices simultaneously.

Drawers Sticking or Not Closing Smoothly:

- Check for any obstructions within the drawer slides.
- Ensure the drawer slides are properly aligned and secured. Refer to the assembly guide if necessary.
- Avoid placing excessively heavy items in the drawers that could cause misalignment.
