4. ASSEMBLY INSTRUCTIONS

Assembly is required for this product. It is recommended to assemble the stand on a soft, clean surface to prevent scratches. Follow the numbered steps provided in the included assembly guide. Ensure all connections are secure before use.

1. Unpack all components and verify against the package contents list.
2. Attach the adjustable feet to the base of the metal frame.
3. Assemble the main metal frame structure according to the diagrams. Pay attention to the orientation of parts to ensure proper alignment of holes.
4. Install the engineered wood shelves into the designated slots on the frame.
5. Attach the fabric vinyl storage pockets to the frame.
6. Apply the EVA protective covers to all contact points where instruments will rest, including the headstock supports and base.
7. Secure the anti-tipping devices to the rear of the stand and to a wall stud, if desired, for added stability.
8. Ensure all screws and bolts are tightened. Do not overtighten.

5. OPERATING INSTRUCTIONS

Once assembled, the MAHANCRISS GSBK10501 stand is ready for use. Follow these guidelines for optimal performance and instrument protection.

5.1 Placing Instruments

- Gently place your guitars, basses, or ukuleles into the designated slots.
- Ensure the instrument's headstock rests securely on the sponge protective covers at the top of the stand. These covers are designed to softly support the headstock and prevent scratches.
- The body of the instrument should rest on the EVA protective covers at the base, providing stable placement and minimizing sliding or bumping.

5.2 Using Shelving Storage

- The top and middle shelves are suitable for displaying and storing audio gear such as record players, small amplifiers, or other accessories.
- Ensure items placed on shelves do not exceed the weight capacity of the shelves.

5.3 Utilizing Fabric Vinyl Pockets

- The fabric pockets are designed to securely hold your vinyl record collection.
- Organize your records within these pockets for easy access and display.

6. MAINTENANCE

To ensure the longevity and appearance of your MAHANCRIS GSBK10501 stand, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down the metal frame and engineered wood surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Protective Covers:** Periodically check the EVA and sponge protective covers for wear and tear. Replace if they become damaged to ensure continued instrument protection.
- **Hardware:** Occasionally check all screws and bolts to ensure they remain tight. Retighten if necessary.
- **Environment:** Keep the stand in a dry environment, away from direct sunlight and extreme temperature changes, to prevent warping or damage to the engineered wood.

7. TROUBLESHOOTING

If you encounter any issues with your MAHANCRIS GSBK10501 stand, refer to the following common solutions:

- **Stand is unstable or wobbly:**
 - Ensure all assembly hardware is securely tightened.
 - Adjust the leveling feet at the base of the stand to compensate for uneven floor surfaces.
 - Verify that the anti-tipping devices are properly installed and secured to a wall, if applicable.
- **Instruments are getting scratched:**
 - Confirm that all EVA and sponge protective covers are correctly in place on the instrument contact points.
 - Ensure instruments are placed gently and not forced into slots.
 - Check for any sharp edges or debris on the stand and clean as necessary.
- **Difficulty assembling:**
 - Refer back to the assembly instructions and diagrams.
 - Ensure you are using the correct hardware for each step.
 - Do not overtighten screws until all parts are loosely fitted, then tighten gradually.
