LanLuk T3

LanLuk Magnetic Portable Charger Power Bank T3 User Manual

INTRODUCTION

This manual provides instructions for the safe and efficient use of your LanLuk Magnetic Portable Charger Power Bank, Model T3. This device is designed to provide portable power for various electronic devices, including smartphones, smartwatches, and earbuds, through wired and wireless charging methods.

PRODUCT OVERVIEW

The LanLuk T3 Portable Charger features a 10800mAh battery capacity, multiple output options, and an integrated LCD display for battery status. It includes built-in cables and magnetic wireless charging capabilities.

Components and Features:

- **Built-in Cables:** One iOS cable (18W) and one Type-C cable (25W, supports input/output).
- **USB Ports:** One USB-C port (25W PD, supports input/output) and one USB-A port (18W QC 4.0).
- **Magnetic Wireless Charging:** 7.5W for iPhone/AirPods and 3W for Apple Watch.
- **LCD Display:** Digital screen indicating remaining battery percentage.
- **Strong Magnetic Adsorption:** For secure wireless charging connection.
- **Multi-Protection System:** Guards against overcharge, overvoltage, over-current, and short circuits.

Multiple Stylish Color Choices

Snap On-the-Go Magnetic Charging Built-in Cables

Strong Magnetic Wireless Charging

Designed for iPhone 16/15/14/13/12 Series

Flight Approved

- For iPhone 12/13/14/15/16 Series**
- For AirPods 2/3/Pro**
- For Apple Watch Series**
- Only compatible with magnetic phone case**

The LanLuk T3 Portable Charger is shown in a white and black color scheme. It features a digital LCD screen on the left side displaying a green lightning bolt icon and '75% Charged'. To the right of the screen is a circular magnetic charging pad. A black Apple Watch is shown being charged on this pad. A white magnetic phone case is shown next to the charger, and a black phone is shown being charged. A 'Flight Approved' logo is in the top right corner.

SETUP

Initial Charging of the Power Bank:

Before first use, fully charge the power bank. This typically takes 3-5 hours.

1. Connect the power bank to a power source using either the built-in Type-C cable or a USB-C cable plugged

into the USB-C port.

2. The LCD display will show the charging progress, indicating 100% when fully charged.

OPERATING INSTRUCTIONS

Charging Your Devices:

The LanLuk T3 offers multiple ways to charge your devices simultaneously.

Wired Charging:

- **Using Built-in Cables:** Extend the integrated iOS or Type-C cable and connect it directly to your compatible device.
- **Using USB Ports:** Connect your device's charging cable to the USB-A (18W) or USB-C (25W PD) port on the power bank.

Wireless Charging:

- **For iPhone/AirPods:** Place your MagSafe-compatible iPhone (iPhone 12-16 series) or AirPods on the magnetic wireless charging pad. Ensure proper alignment for optimal charging. A MagSafe phone case is required for magnetic attachment if your phone is not directly MagSafe compatible.
- **For Apple Watch:** Place your Apple Watch on the dedicated 3W wireless charging pad.

Compatible with iPhone 17 16/15/14/13/12 Series

SAFETY INFORMATION

The LanLuk T3 Portable Charger is equipped with a smart chip and multi-layer protection system to ensure safe operation. This includes protection against:

- Overcharge
- Overvoltage
- Over-current
- Short circuits
- Over-temperature
- Overload
- Overdischarge

To maintain safety and optimal performance, avoid exposing the device to extreme temperatures, direct sunlight, or moisture. Do not disassemble or attempt to repair the device.

MAINTENANCE AND CARE

- Keep the power bank dry. Do not expose it to water or other liquids.
- Clean the device with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- Charge the power bank at least once every three months if not in regular use to maintain battery health.

TROUBLESHOOTING

Device Not Charging:

- Ensure the power bank itself is charged. Check the LCD display for battery percentage.
- Verify that cables are securely connected to both the power bank and the device.
- For wireless charging, ensure your device is properly aligned on the charging pad. For iPhones, a MagSafe-compatible case or no case is recommended for optimal magnetic connection.
- Try a different cable or USB port.

Slow Charging:

- Ensure your device supports fast charging protocols (PD, QC 4.0) to utilize the power bank's full speed capabilities.
- Using multiple outputs simultaneously may reduce individual charging speeds.
- Check if the charging cable is damaged or incompatible.

Magnetic Connection Issues:

- Ensure your iPhone is MagSafe compatible (iPhone 12 series or newer).
- If using a case, it must be a MagSafe-compatible case for a strong magnetic connection.
- Remove any foreign objects between the phone and the power bank.

SPECIFICATIONS

Feature	Specification
Model Name	T3
Battery Capacity	10800mAh
Built-in iOS Cable Output	18W
Built-in Type-C Cable Output/Input	25W
USB-C Port Output/Input	25W PD
USB-A Port Output	18W QC 4.0
Magnetic Wireless Charging (iPhone/AirPods)	7.5W
Magnetic Wireless Charging (Apple Watch)	3W
Total Outputs	6 (2 built-in cables, 2 USB ports, 2 wireless pads)
Total Inputs	2 (USB-C port, built-in Type-C cable)
Dimensions	4.37 x 2.8 x 1.02 inches (approximate)
Item Weight	10.2 ounces
Display	Digital LED

WARRANTY AND SUPPORT
