OPERATING INSTRUCTIONS

- **LED Lighting Control:** The LED lights are typically controlled via a button or remote (if included). Connect the LED strip to a USB power source. Use the controller to cycle through the 7 main colors and 20 dynamic modes. Refer to the specific LED controller instructions for detailed operation.
- **Monitor Stand Usage:** Place your monitor on the elevated stand. This helps maintain an ergonomic viewing angle. Ensure the monitor's weight does not exceed the stand's capacity (refer to specifications).
- **Accessory Usage:** Utilize the headphone hook to keep your headset within reach and off the desktop. The foldable cup holder provides a secure spot for your drink, preventing spills on your electronics.

MAINTENANCE

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as they may damage the finish. For the carbon fiber texture, a gentle wipe is sufficient.
- **Spill Management:** In case of spills, wipe immediately with a dry cloth to prevent water damage to the particleboard.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary to maintain stability.
- **LED Care:** Ensure the LED strip and controller are kept dry. Avoid bending the LED strip sharply to prevent damage.

TROUBLESHOOTING

Desk is wobbly:

Ensure all assembly screws are tightened. Adjust the leveling pads on the bottom of each leg to compensate for uneven flooring.

LED lights are not working:

Check if the USB power cable is securely connected to a working USB port or power adapter. Verify that the LED controller is properly connected to the LED strip. Try pressing the power button on the controller.

Parts are missing or damaged:

Refer to your assembly guide's parts list. Contact Pinmoco customer support with your purchase details and a description of the issue for assistance.
