## Unikito UK-ASCS-W

# Unikito 4-8Ft Wood Closet Organizer System Instruction Manual

Model: UK-ASCS-W

Brand: Unikito

## 1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Unikito 4-8Ft Wood Closet Organizer System. Please read this manual thoroughly before beginning assembly or use to ensure proper installation and safe operation. Retain this manual for future reference.

Figure 1: Fully assembled Unikito 4-8Ft Wood Closet Organizer System, showcasing the central tower with shelves and extendable hanging rods on either side.

## 2. SAFETY INFORMATION

Please observe the following safety precautions to prevent injury or damage to the product:

- Always assemble the unit on a soft, clean surface to prevent scratches.
- Ensure all components are securely fastened before use.
- Do not exceed the maximum weight capacity of 1000 lbs for the entire system.
- Utilize the provided anti-tip kits to secure the unit to a wall, especially in households with children or pets, to prevent accidental tipping.
- Keep small parts and packaging materials away from children.
- Two people are recommended for assembly to ensure safety and ease of installation.

Figure 2: Illustration of the anti-tip kit, which must be installed to enhance stability and prevent accidental tipping.

### 3. PACKAGE CONTENTS

---

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Central Storage Tower (with multiple shelves)
- Extendable Hanging Rods (4 units)
- Adjustable Storage Shelves (3 units)
- Shoe Shelves (3 units, adjustable)
- Assembly Hardware (screws, connectors, etc.)
- Anti-Tip Kits (for wall attachment)
- Instruction Manual

### 4. ASSEMBLY INSTRUCTIONS

---

Follow these steps carefully for proper assembly. Two individuals are recommended for this process.

1. **Prepare the Area:** Clear a spacious, clean, and soft area for assembly to prevent damage to components.
2. **Identify Components:** Unpack all parts and compare them with the package contents list. Familiarize yourself with each piece.
3. **Assemble the Central Tower:**
  - Begin by connecting the side panels to the base and top panels of the central tower using the provided hardware.
  - Insert the fixed shelves into their designated slots.
  - Install the adjustable storage shelves and shoe shelves according to your desired configuration. Refer to the "Configuration Options" section for guidance.

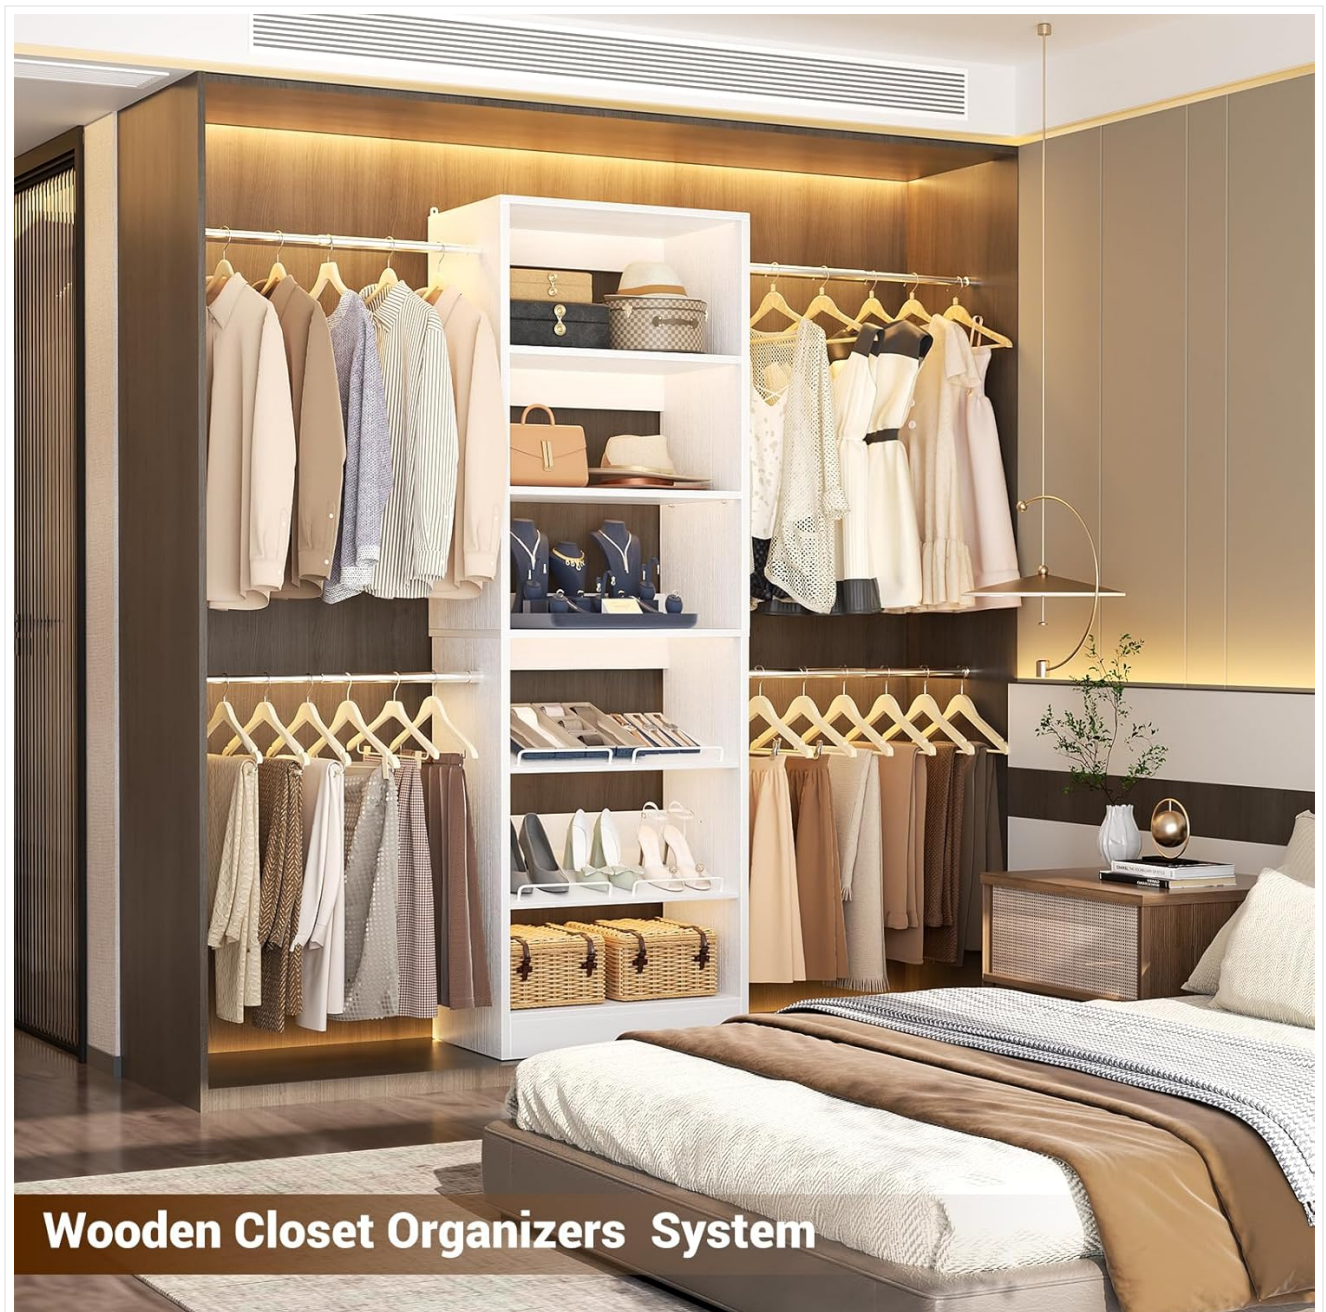

Figure 3: Close-up of the central tower's shelves and hanging rods, illustrating the various storage possibilities.

#### 4. Attach Hanging Rods:

- Secure the brackets for the extendable hanging rods to the sides of the central tower and to the adjacent walls (if applicable) or additional side panels.
- Extend the hanging rods to the desired length (22" to 39.4" per rod) and lock them into place. The system is designed to fit spaces from 4FT to 8FT wide.

Figure 4: Detail of an extendable hanging rod securely attached to the closet system.

## 5. Install Anti-Tip Kits:

- Position the assembled closet system in its final location.
- Attach the anti-tip brackets to the top rear of the central tower and secure them to a wall stud using appropriate wall anchors and screws. This step is crucial for stability.

6. **Final Check:** Ensure all screws are tightened and the unit is stable.

## 5. CONFIGURATION OPTIONS

The Unikito Closet System offers flexible configuration to suit various storage needs and closet sizes. The system can be adjusted to fit spaces from 4FT to 8FT wide.

### 5.1 Adjustable Shelves

The storage shelves and shoe shelves within the central tower are adjustable. The double shoe shelves have 10 positions, allowing for storage of various shoe sizes, from sandals to boots. They can be set as flat shelves or slanted with front lips to prevent items from sliding off.

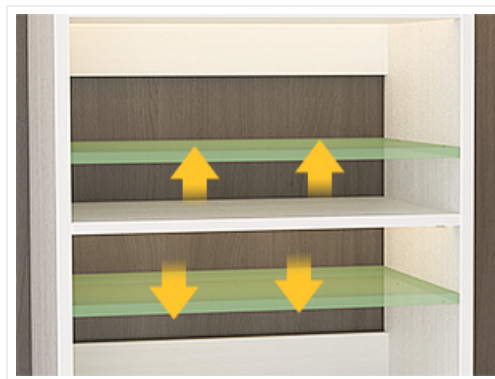

Figure 5: Adjustable shelves within the central tower, demonstrating vertical movement for customized storage.

Figure 6: Adjustable shoe shelves, designed to hold various footwear types and prevent sliding.

### 5.2 Extendable Hanging Rods

The four hanging rods can be extended or retracted to fit your specific closet width, ranging from 22 inches to 39.4 inches per rod. This allows for flexible placement on one or both sides of the central tower, or the middle unit can be used separately for smaller spaces.

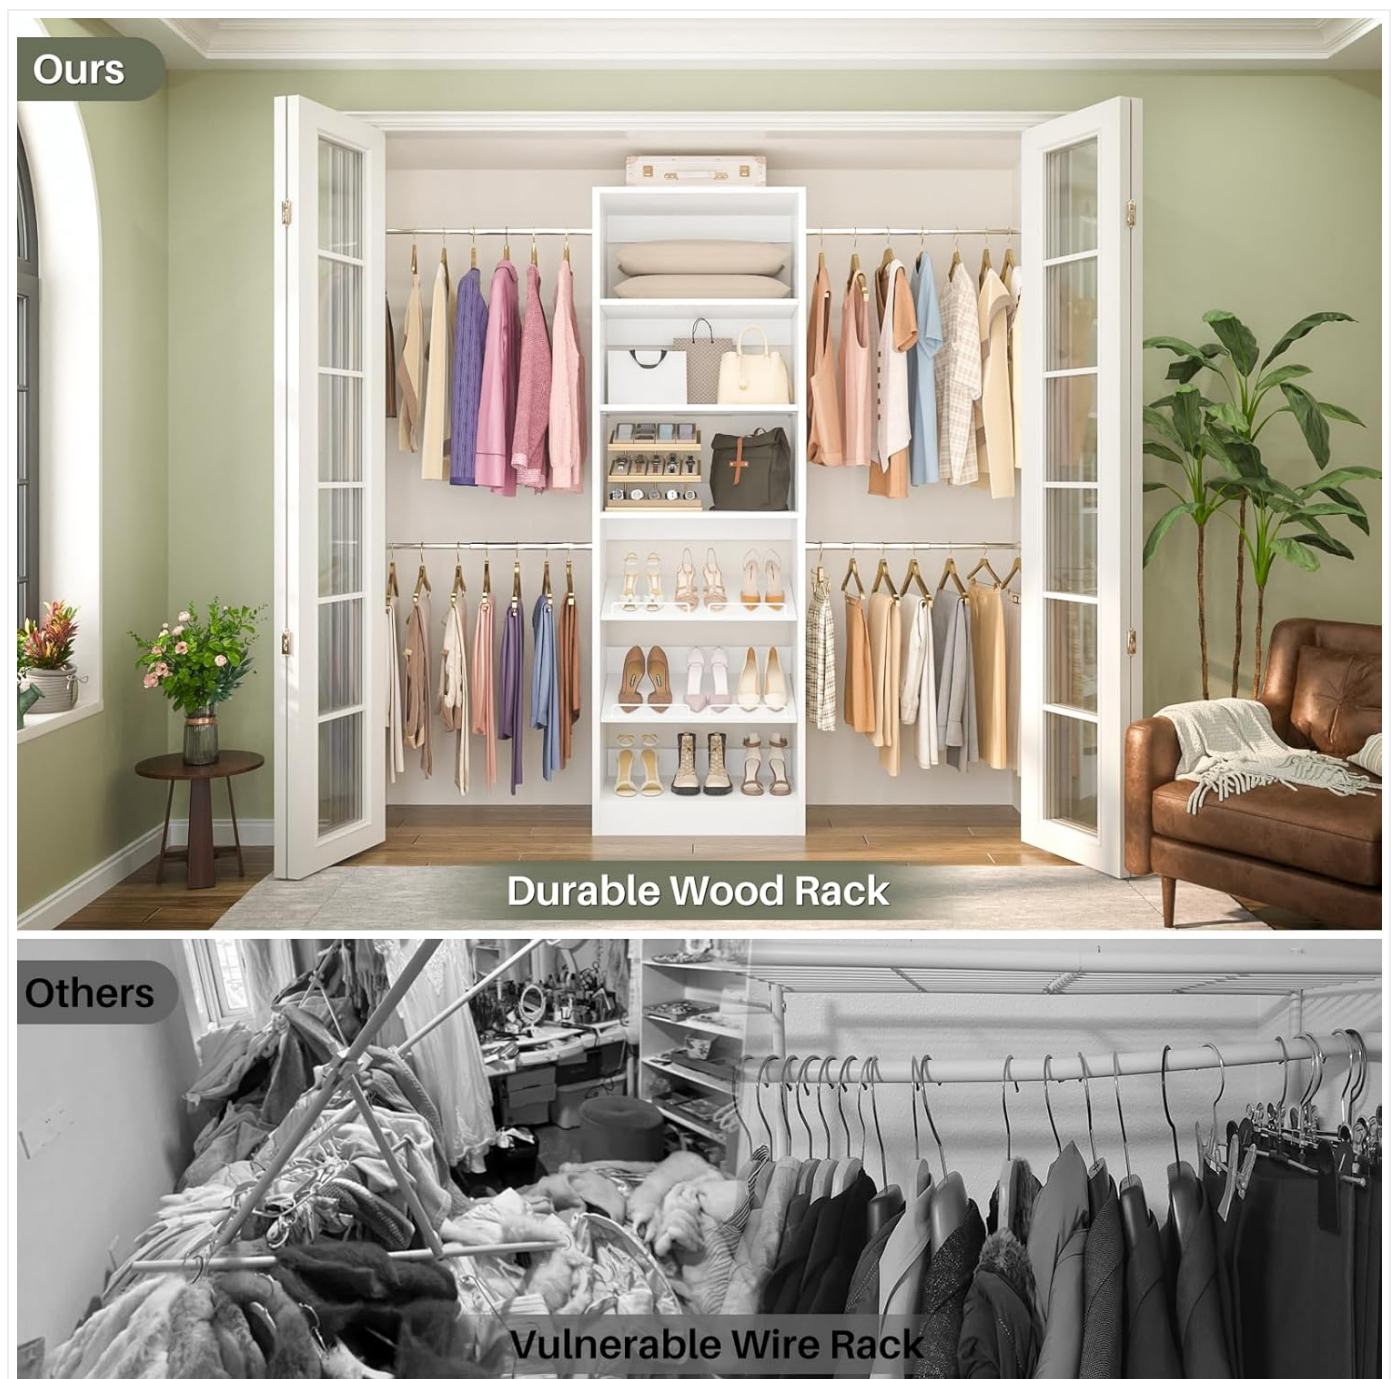

Figure 7: Examples of various configurations possible with the Unikito closet system, demonstrating adaptability to different closet layouts.

## 6. MAINTENANCE

To ensure the longevity and appearance of your closet system, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Weight Distribution:** Distribute weight evenly across shelves and hanging rods to prevent stress on the structure.
- **Avoid Moisture:** Protect the unit from excessive moisture and direct sunlight to prevent warping or discoloration.

## 7. TROUBLESHOOTING

If you encounter any issues with your Unikito Closet System, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Unit feels unstable or wobbly.	Loose connections; anti-tip kit not installed or improperly secured.	Ensure all screws are tightened. Verify the anti-tip kit is correctly installed and anchored to a wall stud.
Hanging rods slide or do not hold weight.	Rods not fully extended and locked; excessive weight.	Ensure rods are extended to the correct length and securely locked. Do not exceed the recommended weight capacity.
Shelves are not level.	Improper installation; uneven floor.	Re-check shelf installation to ensure they are seated correctly. Adjust the unit's position or use shims if the floor is uneven.
Missing parts during assembly.	Packaging error.	Contact Unikito customer support with your purchase details and a list of missing parts.

## 8. SPECIFICATIONS

Feature	Detail
Model Number	UK-ASCS-W
Brand	Unikito
Material	Engineered Wood
Color	White
Overall Dimensions (L x W x H)	96 x 15.7 x 80 inches (Adjustable width for hanging rods)
Item Weight	69 pounds
