## eufy Security E30

# eufy Security Camera E30 (2-Pack) User Manual

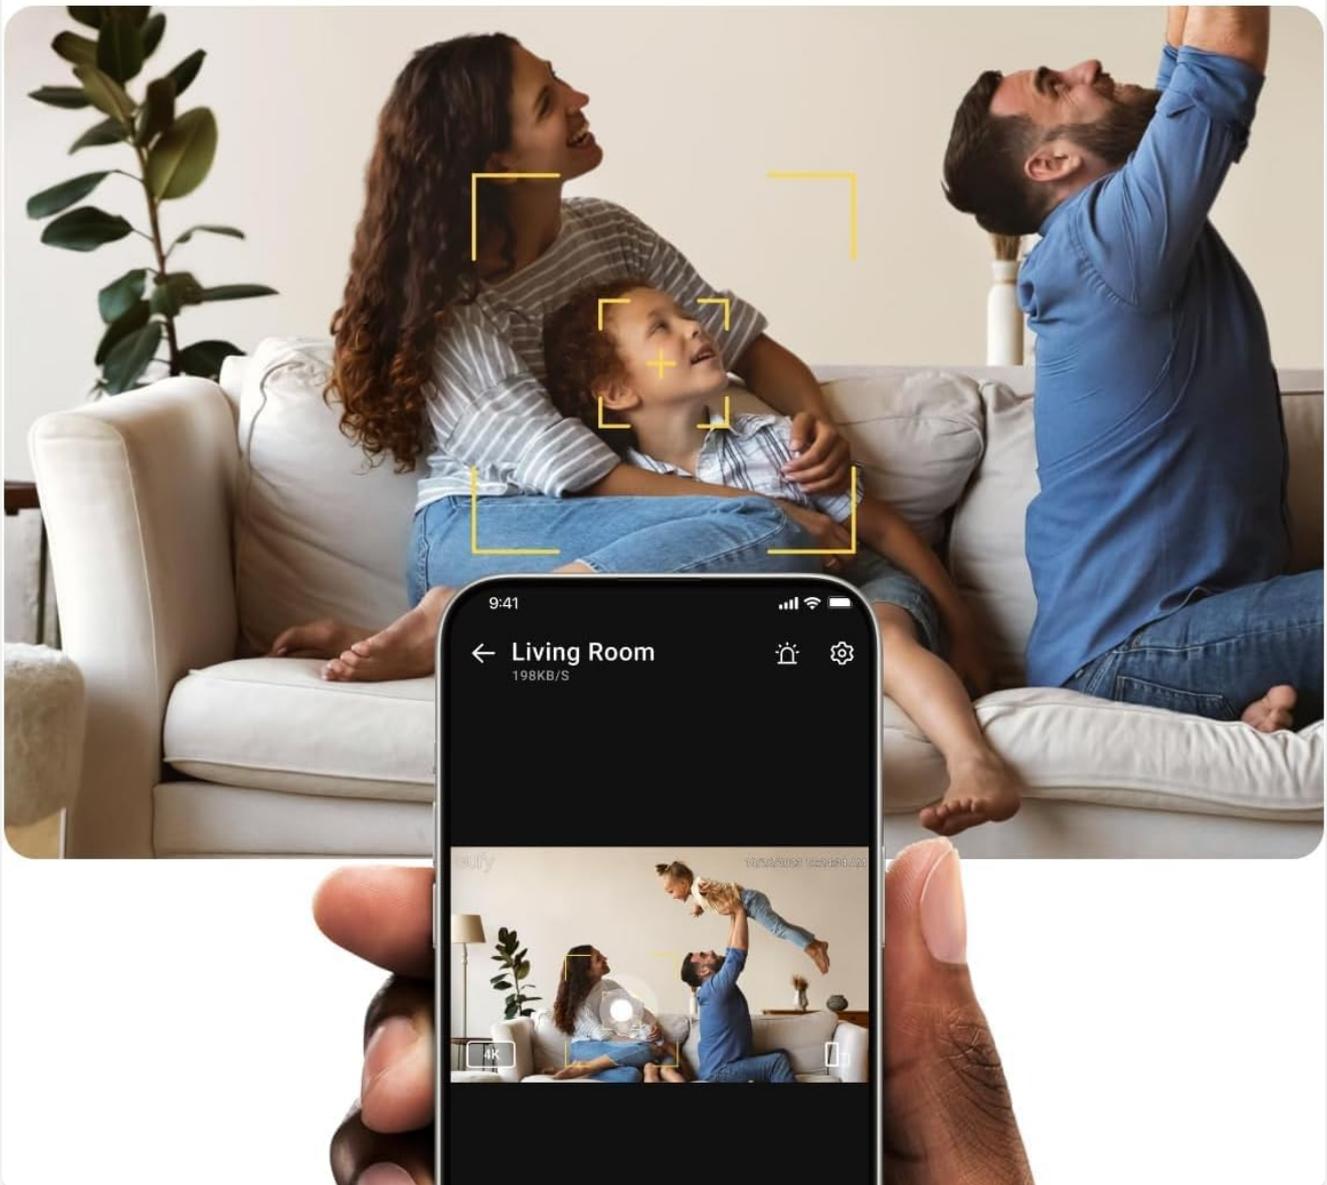

Model: T8417 | Brand: eufy Security

## INTRODUCTION

The eufy Security Camera E30 is an advanced indoor surveillance camera designed to protect your home and family. Featuring 4K UHD clarity, 360-degree pan-tilt rotation, color night vision, and intelligent AI detection, this camera provides comprehensive monitoring. This manual will guide you through the setup, operation, and maintenance of your E30 camera.

## PACKAGE CONTENTS

Ensure all items are present in your package:

- eufy Security Camera E30 (2 units)
- USB Cable
- USB Adapter
- Wall Mount

- Positioning Sticker
- Screw Kit
- Quick Start Guide

## SETUP GUIDE

Follow these steps for initial setup:

1. **Power Connection:** Connect the camera to a power outlet using the provided USB cable and adapter. The camera will power on automatically.
2. **Download the eufy Security App:** Search for "eufy Security" in your smartphone's app store (iOS or Android) and download the application.
3. **Create an Account:** Open the app and follow the on-screen instructions to create a new eufy Security account or log in if you already have one.
4. **Add Device:** In the app, tap the "+" icon to add a new device. Select "Indoor Cam E30" from the list and follow the in-app instructions to connect your camera to your Wi-Fi network.
5. **Mounting (Optional):** If desired, use the included wall mount, positioning sticker, and screw kit to securely mount the camera on a wall or ceiling. Ensure the camera has a clear field of view.

## OPERATING INSTRUCTIONS

### 4K Continuous Recording and Two-Way Audio

The E30 camera provides continuous 4K recording, ensuring every moment is captured with exceptional clarity. Use the two-way audio feature in the eufy Security app to communicate with individuals near the camera in real-time.

### 360° Pan-Tilt Vision

Utilize the camera's 360-degree rotation and tilt capabilities through the eufy Security app. New app features, such as one-click focus and panoramic view, allow you to quickly change the camera's perspective with a single tap on the screen.

the camera.

## AI Detection and Tracking

The camera's powerful local AI can accurately recognize humans, pets, sounds, and cries. When the camera detects people or animals, it automatically tracks and records their movements, providing precise monitoring of their location.

An image illustrating the camera's advanced AI detection capabilities, showing a dog being tracked with indicators for human and pet tracking.

## Color Night Vision with Spotlight

The integrated spotlight allows you to easily switch between color night vision and infrared night vision modes for clear images, even at night. The spotlight also serves as a deterrent.

A comparison showing the eufy E30 camera's color night vision with a spotlight and traditional infrared night vision, both capturing a cat in a dimly lit room.

## Privacy Mode

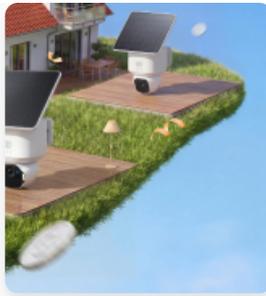

Activate Privacy Mode through the eufy Security app to physically rotate the camera lens away, ensuring your privacy when needed. This feature provides visual confirmation that recording is paused.

An image showing the eufy app interface for activating Privacy Mode and the physical camera rotating to face away, indicating privacy protection.

## Smart Home Integration

The camera is compatible with HomeKit, Amazon Alexa, and Google Assistant for enhanced home protection. Note that image quality is set to 1080p when using HomeKit.

An image displaying the eufy E30 camera integrated with smart home ecosystems, showing 'Works with Apple Home', 'Works with Hey Google', and 'Works with Alexa' logos, with a tablet displaying the camera feed.

## Local Storage

For local storage, insert a microSD card (not included) into the camera. This allows you to enjoy all features without monthly fees for cloud storage. Cloud storage options are also available.

## MAINTENANCE

- **Cleaning:** Gently wipe the camera lens and body with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Firmware Updates:** Regularly check the eufy Security app for available firmware updates. Keeping your camera's firmware up-to-date ensures optimal performance and access to new features.
- **Placement:** Ensure the camera is placed in a stable location, away from direct sunlight, heat sources, and moisture.

## TROUBLESHOOTING

- **Camera Not Connecting to Wi-Fi:**
  - Ensure your Wi-Fi network is 2.4GHz.
  - Check that the Wi-Fi password is entered correctly.
  - Move the camera closer to your Wi-Fi router.
  - Restart your router and the camera.
- **Poor Image Quality:**
  - Clean the camera lens.
  - Ensure adequate lighting in the monitored area.
  - Check your internet connection speed; a stable connection is crucial for 4K streaming.
- **AI Detection Not Working Accurately:**
  - Adjust the detection sensitivity settings in the eufy Security app.
  - Ensure the camera's field of view is clear of obstructions.
  - Update the camera's firmware to the latest version.
