Safety Information

Please read all safety instructions carefully before using the appliance to prevent injury or damage.

- Ensure the appliance is placed on a stable, level surface to prevent tipping.
- Do not block ventilation openings in the appliance enclosure or in the built-in structure.
- Do not use mechanical devices or other means to accelerate the defrosting process, other than those recommended by the manufacturer.
- Do not damage the refrigerant circuit.
- Do not use electrical appliances inside the food storage compartments of the appliance, unless they are of the type recommended by the manufacturer.

- Keep the power cord away from heat sources and sharp edges.
- Unplug the appliance before cleaning or performing any maintenance.

Setup

Unpacking

Carefully remove all packaging materials, including foam and adhesive tape. Inspect the cooler for any shipping damage. Keep packaging materials for future transport if needed.

Placement

Place the beverage cooler on a firm, level floor. This mini beverage fridge fits easily in offices, dorms, kitchens, or under desks. Ensure there is adequate air circulation around the unit. Adjustable feet provide better stability on uneven surfaces.

The compact dimensions of the cooler (11.2" W x 14.9" D x 16.7" H) allow for versatile placement.

Initial Use

After placing the unit, allow it to stand upright for at least 12 hours before plugging it into a power outlet. This allows the refrigerant to settle, ensuring proper cooling performance.

Operating Instructions

Temperature Control

Customize your cooling from 40°F to 61°F using the simple touch controls and clear LED display located inside the unit. Press the **Up** or **Down** buttons to adjust the desired temperature. The LED display will show the current internal temperature.

The intuitive control panel allows for precise temperature adjustments.

Interior LED Light

To activate or deactivate the interior LED light, long-press the **Down** button for 3 seconds. The soft blue LED lighting adds a cozy

vibe and helps you see contents clearly.

Capacity and Storage

With a 0.6 cu.ft capacity, this cooler holds up to 24 standard cans or 6–8 wine bottles (750ml upright, smaller bottles horizontal). A removable shelf allows flexible storage for various beverages like soda, beer, water, or wine. Simply slide the shelf out to reconfigure the interior space.

Features like removable shelves, LED lighting, and an air-tight seal enhance usability.

Advanced Cooling Technology

The 3D circulating air system and advanced compressor deliver fast, even cooling while minimizing frost buildup. The double-layer glass door with a sealing strip improves insulation and helps maintain a consistent internal temperature, protecting your drinks from external temperature fluctuations and UV rays.

The dual-layer tempered glass door provides insulation and UV protection.

The advanced cooling system ensures efficient and even temperature distribution.

Quiet and Efficient Operation

The energy-efficient compressor runs at ≤38 dB, ensuring quiet performance suitable for bedrooms or shared spaces. It uses only 0.83 kWh per day, contributing to lower energy consumption.

Enjoy quiet operation and energy efficiency with your Feelfunn beverage cooler.

Maintenance

Cleaning

To maintain hygiene and efficiency, clean the interior and exterior of the cooler regularly. Unplug the unit before cleaning. Use a soft cloth with a mild detergent and warm water. Avoid abrasive cleaners or solvents that could damage surfaces. Dry thoroughly after cleaning.

Defrosting

This unit features a frost-free defrost system, minimizing manual defrosting. However, if any ice buildup occurs, unplug the unit and allow the ice to melt naturally. Do not use sharp objects to remove ice.

Troubleshooting

Before contacting customer support, please refer to the following table for common issues and their solutions:

Problem	Possible Cause	Solution
