# Mjkone 112-inch U-Shaped Sectional Sofa Instruction Manual

MODEL: B0F9YC9VWF

## Introduction

---

The Mjkone 112-inch U-Shaped Sectional Sofa is designed to provide comfortable seating for your living space. This 4-seater sofa features a sturdy solid wood frame, high-resilience foam cushioning, and soft corduroy fabric. It includes two supportive pillows and is designed for easy assembly, creating a cozy and private corner ideal for social gatherings or family use.

## Safety Information

---

All foam and upholstered surfaces meet flammability standards. Keep away from open flames or high heat sources. Supervise children and pets to avoid entrapment risks.

## Setup

---

Your Mjkone sectional sofa comes with all pre-installed components in one box, simplifying the assembly process. Follow the step-by-step instructions included in your package for quick completion. It is recommended that two people assemble the sofa.

### Unpacking and Component Identification

Carefully unpack all components. Identify each part by comparing it with the provided parts list in your instruction manual. Ensure all hardware is present.

## Maintenance

Proper care will extend the life and appearance of your Mjkone sectional sofa.

### Fabric Care (Corduroy)

- **Regular Cleaning:** Vacuum the sofa regularly using a soft brush attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Avoid rubbing, which can spread the stain. Use a mild fabric cleaner designed for corduroy, testing on an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading. Position your sofa away from direct sun or use curtains/blinds.

### General Care

- Rotate and fluff cushions periodically to maintain their shape and even out wear.
- Check and tighten any loose hardware connections periodically to ensure stability.

## Troubleshooting

---

If you encounter any issues with your Mjkone sectional sofa, refer to the following common solutions:

- **Cushions not fully expanded:** Allow up to 72 hours for vacuum-sealed cushions to fully decompress and fluff up. Gently massage or pat the cushions to aid in expansion.
- **Sofa feels unstable:** Ensure all connecting brackets between sections are securely interlocked and that all legs are tightly fastened.
- **Squeaking noises:** Check all bolts and screws for tightness. Apply a small amount of lubricant to any moving parts if necessary.
