4. SETUP

4.1 Charging the Device

Before first use, fully charge the Divoom Ditoo 5M speaker and the wireless microphone using the provided USB-C cable. Connect the USB-C cable to the charging port on the device and a compatible USB power adapter (not included).

4.2 Powering On/Off

Press and hold the power button on the speaker to turn it on or off. The pixel display will illuminate upon powering on.

5. OPERATING INSTRUCTIONS

5.1 Bluetooth Connection

1. Ensure the speaker is powered on.
2. Activate Bluetooth on your smartphone, tablet, or other compatible device.
3. Search for "Divoom Ditoo 5M" in the list of available Bluetooth devices.
4. Select the device to pair. A confirmation sound will indicate a successful connection.

5.2 FM Radio Operation

1. Switch the speaker to FM radio mode (refer to the device's controls for mode selection).
2. Use the navigation buttons to scan for available radio stations.
3. Adjust the volume using the dedicated controls.

5.3 MicroSD & USB Playback

1. Insert a MicroSD card into the TF card slot or a USB drive into the USB port.
2. The speaker will automatically detect and begin playing audio files from the storage device.
3. Use the speaker's controls to navigate tracks and adjust volume.

5.4 Karaoke Function with Wireless Microphone

The Ditoo 5M offers an integrated karaoke experience with its wireless microphone.

1. Ensure both the speaker and wireless microphone are charged and powered on.
2. The microphone should automatically pair with the speaker.
3. Select a karaoke mode (e.g., Singer, Studio, Pop Song, Child, Robot, Host, Original) using the speaker's controls or the Divoom app.
4. Adjust the microphone volume to your preference.

5.5 Pixel Art Creation

Customize the speaker's display with your own pixel art, animations, or text using the dedicated Divoom mobile application.

1. Download and install the Divoom app on your smartphone.
2. Connect the speaker to the app via Bluetooth.
3. Access the pixel art creation tools within the app to design and display custom visuals.

5.6 Pixel Mini Games

The Ditoo 5M includes 15 engaging mini-games for entertainment.

1. Navigate to the games section on the speaker's interface or through the Divoom app.
2. Select a game (e.g., Pixel Bee, Starfighter, Gomoku, Magic 8-Ball, Dice, Snake, Flying Bird, Frogger, Pixel Racer, Bouncing Ball).
3. Use the speaker's keys for game controls.

5.7 PC Speaker Functionality

The Ditoo 5M can function as a PC speaker and its microphone can be used for recording.

1. Connect the speaker to your PC using an OTG USB cable (not included).
2. Select the Ditoo 5M as the audio output device in your computer's sound settings.
3. The integrated microphone can also be selected as an input device for communication or recording.

6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the speaker and microphone. Do not use abrasive cleaners or solvents.

- **Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures.

- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly, even if not in use for extended periods.

7. TROUBLESHOOTING

Problem	Possible Solution
Device does not power on.	Ensure the device is fully charged. Connect to a power source using the USB-C cable.
Cannot connect via Bluetooth.	Ensure Bluetooth is enabled on your device and the speaker is in pairing mode. Move closer to the speaker. Try restarting both devices.
Microphone not working.	Ensure the microphone is charged and powered on. Check if it's paired with the speaker. Adjust microphone volume.
No sound from speaker.	Check volume levels on both the speaker and the connected device. Ensure the correct input source is selected.
