Aromadd B-air

Aromadd B-air Portable Waterless Diffuser User Manual

Model: B-air

INTRODUCTION

Thank you for choosing the Aromadd B-air Portable Waterless Diffuser. This device is designed to provide a consistent and elegant fragrance experience in your home or office without the need for water. Please read this manual carefully before using the product to ensure proper operation and maintenance.

SAFETY INFORMATION

- Avoid direct skin contact with undiluted essential oils.
- Keep the diffuser and essential oils out of reach of children and pets.
- Ensure proper ventilation in the area where the diffuser is used.
- Do not immerse the device in water or any other liquid.
- Use only the provided Type C cable for power.
- Do not attempt to disassemble or repair the device yourself. Contact customer support if service is required.

PACKAGE CONTENTS

The Aromadd B-air Portable Waterless Diffuser starter kit includes:

- Aromadd B-air Waterless Diffuser (Titanium Gray)
- Type C USB Cable
- Three (3) Essential Oil Bottles (starter scents)
- User Manual

PRODUCT OVERVIEW

The Aromadd B-air diffuser features a sleek design and advanced technology for a superior scent experience. Key features include:

- **Wireless and Wired Operation:** Use cordlessly for up to 10 hours on the highest setting, or plug in for continuous use.
- **Quiet Operation:** Engineered for a low noise level of 31dB.
- **Wide Coverage:** Effectively scents areas up to 1700 sq. ft.
- **100ml Capacity:** Allows for extended use without frequent refills.
- **Dual Control Options:** Manage settings via intuitive on-device buttons or the dedicated mobile application.
- **Customizable Settings:** 7 timer options and 7 fragrance intensity levels.
- **Automatic Shut-Off:** For safety and energy efficiency.

Wireless for Short Elevated Moments

On the highest setting

The highest setting: Runs for 20 seconds, and then pause for 30 seconds.

SETUP

- Unpack the Diffuser:** Carefully remove all components from the packaging.
- Choose a Location:** Place the diffuser on a flat, stable surface in the desired area. Ensure it is away from direct sunlight, heat sources, and out of reach of children and pets.

3. Install Essential Oil:

- Remove the top cover of the diffuser.
- Unscrew the cap from an essential oil bottle.
- Carefully screw the essential oil bottle into the nozzle located inside the diffuser. Do not overtighten.
- Replace the top cover.

4. Power On:

- For wired operation, connect the Type C USB cable to the diffuser and a suitable power adapter (not

included).

- For cordless operation, ensure the internal battery is charged. The diffuser can run for up to 10 hours on the highest setting when fully charged.

OPERATING INSTRUCTIONS

A. Button Control

The diffuser can be operated directly using the buttons on the device.

Button Control

Complete all settings with one click

Working Frequency
Ambient Light

Working Time
Turn ON/OFF

Image: The diffuser showing its button interface for direct control.

1. **Power On/Off:** Press the power button to turn the diffuser on or off.
2. **Set Timer:** Cycle through the 7 timer options (0.5H, 1H, 3H, 6H, 8H, 12H, 24H) by pressing the timer button. The diffuser will automatically shut off after the selected duration.
3. **Adjust Intensity:** Use the intensity button to select one of the 7 fragrance intensity levels. Higher levels release more scent.

B. App Control (Bluetooth-connected)

For advanced scheduling and customized routines, use the dedicated mobile application.

1. **Download the App:** Search for "Aromadd" in your device's app store and download the official application.

2. **Pair Device:**

- Ensure Bluetooth is enabled on your smartphone.
- Open the Aromadd app and follow the on-screen instructions to pair your diffuser. The diffuser must be powered on.

3. **Customize Settings:**

- Within the app, you can set precise schedules for operation, adjust fragrance intensity, and monitor battery status.
- Create personalized routines to match your lifestyle.

Smart Life is Just at Hand

Connect the device with APP

MAINTENANCE

Regular cleaning ensures optimal performance and longevity of your diffuser.

1. Cleaning the Nozzle:

- Unscrew the essential oil bottle from the nozzle.

- If the nozzle appears clogged or performance decreases, gently wipe the nozzle opening with a cotton swab lightly dampened with rubbing alcohol.
- Allow to air dry completely before reattaching an oil bottle.

2. Cleaning the Exterior:

- Wipe the exterior of the diffuser with a soft, dry cloth.
- Do not use abrasive cleaners or solvents.

3. Oil Storage:

- Store essential oil bottles upright in a cool, dark place when not in use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist/scent output.	Oil bottle empty or improperly installed. Nozzle clogged. Device not powered on.	Check oil level and ensure bottle is screwed in correctly. Clean the nozzle as described in the Maintenance section. Press the power button to turn on.
Weak scent output.	Low intensity setting. Large room size. Nozzle partially clogged.	Increase intensity level via buttons or app. Consider placing multiple diffusers for very large areas. Clean the nozzle.
Device not responding to app.	Bluetooth not enabled. Device not paired. App issue.	Ensure Bluetooth is on and the diffuser is within range. Follow app pairing instructions. Restart the app or your phone.
Battery not charging or holding charge.	Faulty cable or power adapter. Battery degradation.	Try a different Type C cable and power adapter. Contact customer support if the issue persists.
