GOBOULT AirBass

GOBOULT Soniq Over Ear Bluetooth Headphones User Manual

Model: AirBass

INTRODUCTION

Thank you for choosing the GOBOULT Soniq Over Ear Bluetooth Headphones. These headphones are designed to provide a superior audio experience with features like 70 hours of playtime, 40mm bass drivers, Zen™ ENC microphone, Type-C fast charging, and dual device pairing. This manual will guide you through the setup, operation, and maintenance of your new headphones to ensure optimal performance.

WHAT'S IN THE BOX

Please check the package contents to ensure all items are present:

- Soniq Headphone
- Type-C Charging Cable
- User Manual
- Ear Cushions (pre-installed)
- Warranty Card

PRODUCT FEATURES OVERVIEW

The GOBOULT Soniq headphones come equipped with several advanced features:

- **Extended Playtime:** Up to 70 hours of audio playback on a single charge.
- **Customizable EQ Modes:** Adjust sound profiles for bass boost, balanced audio, or vocal clarity.
- **Environmental Noise Cancellation (ENC):** Enhances call clarity by reducing background noise.
- **Dual Device Pairing:** Seamlessly connect and switch between two devices simultaneously.
- **Powerful Audio Drivers:** 40mm bass-boosted drivers for rich sound.
- **Latest Bluetooth Technology:** Bluetooth 5.4 for faster pairing and stable connections.
- **Comfortable Design:** Lightweight build with cushioned earcups for prolonged wear.
- **Water Resistance:** IPX5 rating for splash, rain, and sweat protection.
- **Tactile Controls:** Easy-to-use physical buttons for volume, playback, and mode switching.

- **AI Voice Assistant Support:** Compatible with Google Assistant and Siri.

SETUP GUIDE

1. Charging the Headphones

Before first use, fully charge your GOBOULT Soniq headphones. Use the provided Type-C charging cable to connect the headphones to a compatible USB power source.

- A full charge provides up to 70 hours of playtime.
- Fast charging feature: 10 minutes of charge provides approximately 8 hours of playtime.
- The LED indicator will show charging status and turn off or change color when fully charged.

2. Powering On/Off

To power on, press and hold the Power button for approximately 3 seconds until the LED indicator lights up. To power off, press and hold the Power button again for 3 seconds until the LED indicator turns off.

3. Bluetooth Pairing

Follow these steps to pair your headphones with a Bluetooth-enabled device:

1. Ensure the headphones are fully charged and powered off.
2. Press and hold the Power button for 5-7 seconds until the LED indicator flashes red and blue alternately, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "GOBOULT Soniq" from the list of found devices.
5. Once connected, the LED indicator will flash blue slowly or remain solid blue.

2. EQ Modes

Customize your audio experience with multiple EQ modes. Press the dedicated EQ button (or a specific combination, refer to quick start guide if available) to cycle through modes:

- **Bass Boost Mode:** Enhances low frequencies for a deeper bass sound.
- **Balanced Mode:** Provides a neutral sound profile suitable for various genres.
- **Vocal Mode:** Optimizes mid-range frequencies for clearer vocals.
- **Game Mode:** Reduces latency for a more synchronized gaming audio experience (60ms ultra-low latency).
- **Music Mode:** Standard audio profile for general music listening.

3. Dual Device Pairing

The headphones support dual device pairing, allowing you to connect to two devices simultaneously and switch between them seamlessly.

1. Pair the headphones with the first device as described in the "Bluetooth Pairing" section.
2. Disable Bluetooth on the first device.
3. Pair the headphones with the second device.
4. Re-enable Bluetooth on the first device. The headphones should automatically connect to both devices.
5. Audio will play from the device currently active. To switch, pause audio on the first device and start playing on the second.

4. Wired Mode (AUX)

For a wired connection, use a standard 3.5mm AUX cable (not included) to connect the headphones to your audio source. In wired mode, the headphones operate passively, and the built-in microphone will not function.

Choose your Mode!

MAINTENANCE AND CARE

- Cleaning:** Wipe the headphones with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Water Resistance:** The headphones are IPX5 water resistant, meaning they are protected against splashes, rain, and sweat. Do not submerge them in water or expose them to strong jets of water.
- Storage:** When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures. The foldable design allows for compact storage.
- Battery Care:** To prolong battery life, avoid fully discharging the headphones frequently. Charge them regularly, even if not in constant use.
