Globlazer F71C

Globlazer Heavy Duty Cat Tree F71C Instruction Manual

Model: F71C

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Globlazer Heavy Duty Cat Tree, Model F71C. Please read all instructions carefully before assembly and retain this manual for future reference. This cat tree is designed to provide a multi-level activity center for indoor cats, featuring various platforms, condos, scratching posts, and toys.

2. PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

2. **Step 2: Connect Lower Levels.** Secure condo B to platform A using posts P1. Ensure all connections are tight.
3. **Step 3: Build Mid-Levels.** Attach condo C to the structure using posts P2 and P3. Fasten securely with screws (W3).
4. **Step 4: Add Upper Condos and Baskets.** Mount condo D and the two hanging baskets (E) using posts P4 and P5. Ensure baskets are firmly attached.
5. **Step 5: Install Platforms.** Attach platform F and G to the appropriate posts (P6, P7).
6. **Step 6: Complete Top Perch.** Secure the top perch (H) using the remaining posts and screws.
7. **Step 7: Attach Anti-Tip Kit.** For enhanced stability and safety, especially in multi-cat households, attach the anti-tip kit (W4, W5) to a wall stud. Refer to Image 2.1 for visual guidance on the anti-tip kit installation.
8. **Step 8: Add Accessories.** Hang the plush dangling balls and mouse toys from the designated points on the cat tree.

Periodically check all screws and connections to ensure the cat tree remains stable and secure.

4. PRODUCT FEATURES

The Globlazer Heavy Duty Cat Tree F71C offers a variety of features designed for your cat's comfort and entertainment:

- **Multi-Level Cat Playground:** This 71-inch tall cat tree tower facilitates climbing and exploration of vertical spaces, offering options for scratching, resting, watching, and playing. It is suitable for multi-cat households.
- **Comfortable Rest Spaces:** Features three spacious cat condo houses and two soft viewing top perches. The raised-edge platforms allow cats to observe their surroundings comfortably. Removable cotton covers simplify cleaning.

Enlarged Rest Platform 18.8"×14.9"(48cm×38cm)

Enlarged by 35%, providing cats with ample space to joyfully stretch out, roll around, and tumble freely.

Image 4.1: Enlarged rest platform providing ample space for cats.

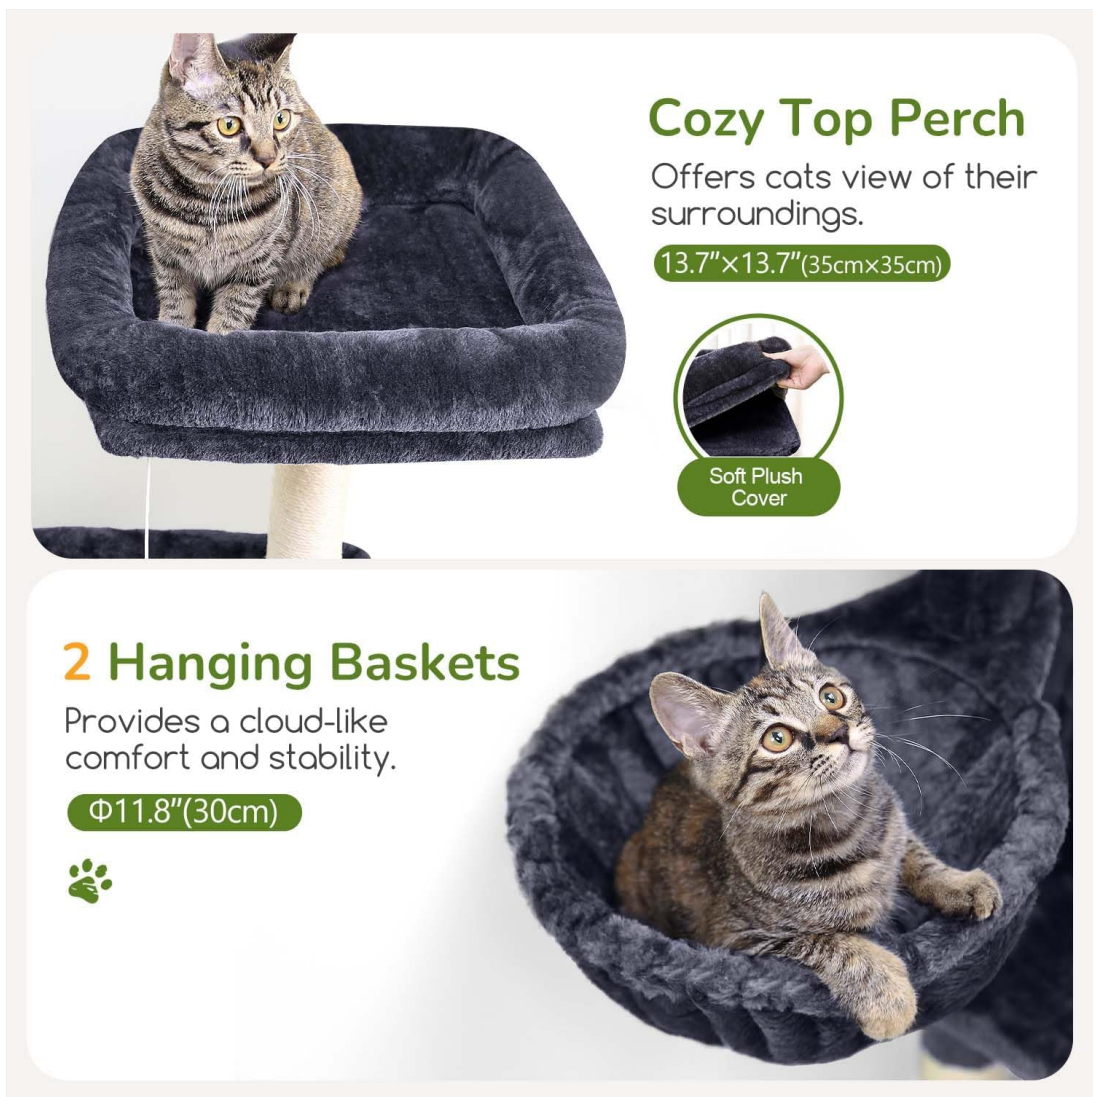

Image 4.2: Cozy top perch and hanging baskets for resting and observation.

- **Spacious Cat Condos:** Three enclosed condo houses provide private, cozy spaces for cats.

3 Spacious Cat Condos

Every cat enjoys its own cozy private condo.

Image 4.3: Three spacious cat condos offering private retreats.

- **Ample Entertainment Options:** Equipped with five posts wrapped in natural sisal for scratching, protecting furniture. Plush dangling balls with bells and two realistic mouse toys encourage play.

Image 4.4: Sisal scratching posts and interactive hanging toys.

- **Sturdy and Stable Construction:** Made from high-quality particleboard with robust pillars. The design of the bottom cat condo house expands the base area for enhanced stability. An anti-tip device is included for dual safety protection.

Image 4.5: Dimensions and anti-tip kit for enhanced stability.

5. MAINTENANCE

- **Screw Firmness:** Check the firmness of all screws and connections at least once a month to ensure the cat tree remains stable and safe for your pets.
- **Cleaning:** The removable cotton covers on the perches can be hand washed. For other plush surfaces, spot clean with a damp cloth and mild detergent. Avoid harsh chemicals.
- **Sisal Posts:** Regularly inspect sisal scratching posts for wear and tear. Replace if significantly damaged to maintain their effectiveness and prevent injury.

6. TROUBLESHOOTING

- **Stability Issues:** If the cat tree feels wobbly, ensure all screws are tightened. Verify that the anti-tip kit is correctly installed and secured to a wall stud. Uneven flooring can also affect stability; consider placing the tree on a flat, level surface.
- **Assembly Difficulties:** If you encounter difficulty aligning screws with holes, ensure the

components are correctly oriented as per the instruction manual and assembly video. Gentle pressure and slight adjustments may be necessary. Do not force parts together.

- **Cat Does Not Use Tree:** Cats may need time to adjust to new furniture. Encourage use by placing treats, catnip, or familiar toys on different levels. Engage your cat in play around the tree.
- **Size Concerns:** While designed for large cats, individual cat sizes vary. Please refer to the product dimensions (25.59"L x 18.89"W x 71.06"H) and condo/perch measurements before purchase to ensure suitability for your specific cat(s).
