Bellemave WL000051TG

Bellemave Twin Floor Bed Frame House Bed Instruction Manual

Model: WL000051TG

1. Introduction

This manual provides detailed instructions for the assembly, safe use, and maintenance of your Bellemave Twin Floor Bed Frame House Bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

2. Safety Information

- **Weight Limit:** Do not load more than 250 pounds (113 kg) onto the bed frame. Exceeding this limit may result in damage to the product or injury.
- **Assembly:** Always assemble the bed according to the provided instructions to ensure stability and safety. Incorrect assembly can lead to structural failure.
- **Supervision:** Children should be supervised when using the bed, especially during initial use.
- **Mattress:** A mattress with a thickness of less than 6 inches (15 cm) is recommended for optimal comfort and safety, ensuring the guardrails remain effective.
- **Placement:** Ensure the bed is placed on a flat, stable surface. Avoid placing near windows, cords, or other potential hazards.
- **Maintenance:** Regularly check all bolts and connections to ensure they are tight. Tighten as necessary.

3. Package Contents

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Bed Frame Components (Wooden beams, posts, roof frame pieces)
- Guardrails
- Hardware Pack (Bolts, screws, Allen wrench)

- Instruction Manual

4. Setup and Assembly

Assembly is required. It is recommended that two adults assemble this product. Please follow the steps below carefully.

Step 1: Unpack and Identify Parts

Carefully unpack all components and lay them out on a clean, soft surface to prevent scratching. Identify each part using the included hardware list and diagrams.

Step 2: Assemble the Base Frame

Connect the side rails and end rails to form the rectangular base of the bed. Secure with the provided bolts and Allen wrench. Ensure all connections are snug but do not overtighten initially.

Step 3: Attach Guardrails

Attach the guardrails to the assembled base frame. Ensure they are securely fastened to provide a safe enclosure for the mattress.

Step 4: Construct the House Roof Frame

Assemble the roof frame pieces according to the diagrams, connecting them to the top of the bed posts. This forms the house-shaped structure.

Step 5: Final Tightening

Once all components are in place, go back and fully tighten all bolts and screws. Do not overtighten to avoid stripping the wood. Ensure the bed frame is stable and does not wobble.

5. Operating Instructions / Usage

- **Mattress Placement:** Place a twin-size mattress (not included) onto the bed slats. For optimal safety and to maintain effective guardrail height, a mattress thickness of less than 6 inches is recommended.
- **Low Profile Design:** The low-profile design allows for easy access for children, promoting independence.
- **Ventilation:** The semi-enclosed design ensures good air circulation for a comfortable sleep environment.
- **Decoration:** The house frame can be decorated with lights, fabrics, or toys to personalize the space, ensuring decorations are securely attached and do not pose a choking or entanglement hazard.

6. Maintenance

- **Cleaning:** Wipe the bed frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Inspections:** Periodically check all bolts, screws, and connections to ensure they remain tight. Re-tighten as needed to maintain structural integrity.
- **Damage:** If any part of the bed frame becomes damaged, discontinue use immediately and contact customer support for replacement parts or advice.

7. Troubleshooting

- **Bed Wobbles:** Ensure all bolts and screws are fully tightened. Check that the bed is on a level surface.
- **Missing Parts:** If any parts are missing from the package, refer to the package contents list and contact customer support with the specific part numbers.
- **Difficulty Assembling:** Review the assembly steps and diagrams carefully. Ensure parts are oriented correctly. Do not force components together.

8. Specifications

Model Number	WL000051TG
Brand	Bellemave
Size	Twin-House Shape
Product Dimensions (L x W x H)	79.5" x 44.8" x 66.2" (201.9 cm x 113.8 cm x 168.1 cm)
Material	Wood
Color	Grey
Weight Capacity	250 lbs (113 kg)
Assembly Required	Yes
