2. Safety Information

- Always ensure the appliance is placed on a stable, flat surface away from heat sources.
- Do not immerse the main unit in water or other liquids.
- Keep hands and utensils out of the pitcher during operation to prevent injury.
- Ensure the lid is securely closed before starting any function.

- Exercise caution when handling hot liquids and steam.
- Unplug the appliance from the power outlet when not in use, before cleaning, or if a malfunction occurs.
- This appliance is for household use only. Do not use outdoors.
- Keep out of reach of children.

3. Product Components

Your Hanrose Nut Milk Maker comes with the following components:

- Main Unit with Borosilicate Glass Jar
- Lid
- Power Cord
- Mesh Strainer
- Cleaning Brush
- Recipe Guide & User Manual

4. Product Features

- **6-in-1 Multifunction:** Prepare soy milk, almond milk, oat milk, cashew milk, smoothies, fruit juice, and rice paste.
- **8-Leaf Stainless Steel Blades:** Food-grade 304 stainless steel blades ensure powerful crushing and smooth grinding for fine, consistent textures.
- **1L Practical Capacity:** Makes 4–5 cups of fresh plant-based milk in one batch.
- **BPA-Free Borosilicate Glass Jar:** Offers clear visibility and safe blending.
- **2-Hour Keep-Warm Mode:** Maintains beverages at an ideal temperature.
- **12-Hour Delay Start:** Allows for flexible scheduling to prepare drinks in advance.
- **One-Touch High-Temperature Self-Cleaning:** Completes a cleaning cycle in approximately 5 minutes.
- **Safety Lock & Overheat Protection:** Ensures safe operation.

5. Setup

1. Unpack all components and remove any packaging materials.
2. Wipe the exterior of the main unit with a damp cloth.
3. Wash the glass jar, lid, mesh strainer, and cleaning brush with warm, soapy water. Rinse thoroughly and dry.
4. Place the main unit on a clean, dry, and stable surface.
5. Ensure the power cord is not damaged before plugging it into a suitable electrical outlet (120 Volts).

6. Operating Instructions

General Usage Steps

Image: Step-by-step guide for using the Hanrose Nut Milk Maker.

1. **Add Ingredients:** Place your desired whole ingredients (e.g., soybeans, oats, nuts, fruits) into the glass jar.
2. **Add Water:** Pour cold water into the jar, ensuring the level is between the 'MIN' and 'MAX' lines indicated on the jar.
3. **Secure Lid:** Place the lid securely on the jar.
4. **Select Program:** Use the control knob to select the desired program (Soymilk, Nut Milk, Oat Milk, Juice, Self Clean, Preset). The digital display will show the remaining time or preset hours.
5. **Start:** Press the start button to begin the selected program.

Specific Function Modes

The machine offers various modes for different preparations:

- **Soymilk:** For making fresh soy milk from soybeans.
- **Nut Milk:** Ideal for almond, cashew, or other nut milks.
- **Oat Milk:** For preparing smooth oat milk.
- **Juice:** For blending fruits and vegetables into fresh juices.
- **Rice Paste:** For making creamy rice paste.
- **Smoothies:** For thick, blended beverages.

Delay Timer (Preset Function)

The 12-hour delay start function allows you to set a program to begin at a later time.

1. Add ingredients and water as per general usage.
2. Select your desired function (e.g., Soymilk).
3. Turn the control knob to 'Preset' and select the desired delay time (e.g., 6, 8, 10, or 12 hours).
4. Press the start button. The machine will begin processing after the set delay time.

7. Cleaning and Maintenance

Self-Cleaning Function

The machine features a convenient one-touch self-cleaning function:

1. After use, empty any remaining contents from the jar.
2. Add clean water to the jar, up to the 'MAX' line. A single drop of mild detergent can be added for enhanced cleaning.
3. Secure the lid.
4. Select the 'Self Clean' program using the control knob.
5. Press the start button. The cleaning cycle will run for approximately 5 minutes.
6. Once complete, discard the water and rinse the jar thoroughly.

Manual Cleaning

- For thorough cleaning, especially after making thicker mixtures, use the provided cleaning brush to scrub the blades and interior of the jar.
- The mesh strainer can be cleaned with warm, soapy water and the cleaning brush.
- Wipe the exterior of the main unit with a damp cloth. Do not use abrasive cleaners.
- Ensure all parts are completely dry before reassembling or storing.

8. Troubleshooting

If you encounter issues with your Hanrose Nut Milk Maker, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Machine does not turn on.	Not plugged in; power outlet malfunction; lid not properly secured.	Check power connection; try a different outlet; ensure lid is correctly placed and locked.
Motor stops during operation.	Overload protection activated; insufficient liquid.	Reduce ingredients; add more liquid; allow machine to cool down before restarting.
Milk/Juice is not smooth.	Insufficient blending time; too many ingredients; hard ingredients not pre-soaked.	Run the cycle again; reduce ingredient quantity; pre-soak hard nuts/beans as recommended by recipes.
Self-cleaning not effective.	Heavy residue; not enough water.	Pre-rinse jar before self-cleaning; add a drop of detergent; run self-clean cycle twice if needed, or clean manually.

If the problem persists after attempting these solutions, please contact customer support.

9. Specifications

Image: Detailed product specifications.

Brand: Hanrose

Product Name: Nut Milk Blender

Item Model Number: K0810US

Capacity: 1 Liter (approx. 34 oz)

Rated Voltage: 120 Volts

Stirring Power: 200 Watts

Heating Power: 800 Watts

Item Weight: 4.62 pounds

Product Dimensions: 5.75"D x 7.32"W x 13.23"H

Material: Borosilicate Glass (Container), Stainless Steel (Blades)

Control Type: Push Button / Rotary Knob

Special Features: Auto Shut Off, Automatic Cleaning, Compact, Ergonomic Handle, Heat Resistant Glass Container

10. Warranty and Support

Your Hanrose K0810US Nut Milk Maker Machine comes with a**1 Year Limited Warranty** from the date of purchase. This warranty covers manufacturing defects under normal household use.

For warranty claims, technical support, or any questions regarding your product, please contact Hanrose customer service through the retailer where the product was purchased or refer to the contact information provided in your product packaging.
