## Setup and Assembly

Assembly of the Bellemave House Floor Bed is designed to be straightforward. It is recommended that two adults perform the assembly. Ensure you have adequate space and the necessary tools (usually an Allen wrench, often included).

## Operating Instructions

The Bellemave House Floor Bed is designed for sleeping and supervised play. Place a standard Twin size mattress directly onto the bed frame. The low profile design allows easy access for children.

- Ensure the mattress fits snugly within the frame to prevent gaps.
- Do not exceed the weight capacity of the bed (refer to specifications).
- Avoid placing the bed near windows, heating vents, or cords.

## Maintenance

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.

- **Inspection:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary. Inspect the frame for any signs of wear or damage.
- **Storage:** If disassembling for storage, keep all hardware in a sealed bag to prevent loss. Store components in a dry place.
