

## MOOKA KJ102

# MOOKA KJ102 HEPA Air Purifier Instruction Manual

Model: KJ102

## INTRODUCTION

---

Thank you for choosing the MOOKA KJ102 HEPA Air Purifier. This manual provides essential information for the safe and efficient operation of your new air purifier. Please read it thoroughly before use and keep it for future reference.

The MOOKA KJ102 Air Purifier is designed to improve indoor air quality in large rooms up to 1300 sq ft. It features a unique 4D air intake filtration technology, allowing for versatile placement either upright or laid flat. The unit includes a high-efficiency 3-stage filtration system with a washable pre-filter, H13 HEPA filter, and activated carbon pellets to effectively remove airborne particles, odors, and VOCs. Enjoy quiet operation, adjustable fan speeds, a timer, night light, and an essential oil diffuser for a personalized experience.

## Key Features

- **Unique 4D Air Intake Design:** Allows for powerful purification whether the unit is placed upright or laid flat. The top cover can be personalized with stickers.
- **360° Front Air Intake & Powerful Purification:** Efficiently captures airborne pollutants like pollen, pet hair, dander, and dust. Cleans large rooms up to 1300 sq ft per hour, ideal for living rooms, bedrooms, basements, and homes with pets.
- **Washable Pre-Filter:** High-efficiency 3-stage filtration system captures particles as small as 0.3 microns. The washable pre-filter extends the life of the H13 HEPA filter. Activated carbon pellets absorb odors, fumes, and VOCs.
- **Quiet Operation & Timer:** Features 4 adjustable fan speeds. Sleep mode operates as low as 15 dB. Includes a flexible timer (2, 4, 6, or 8 hours) and a switchable night light, perfect for undisturbed sleep.
- **Essential Oil Diffuser:** Add your favorite essential oil to the aromatherapy pad on top of the home pet air purifiers to fill the room with a pleasant scent.
- **Filter Replacement Reminder:** Alerts you when it's time to replace the filter (every 3–6 months) to ensure optimal purification.
- **Safety Certifications:** ETL, DOE, FCC certified, and CARB Compliant. No ozone release, no UV

light, and includes a child lock for family safety.

## SETUP INSTRUCTIONS

---

1. **Unboxing:** Carefully remove the air purifier and all accessories from the packaging.

Your browser does not support the video tag.

Video: Unboxing the MOOKA KJ102 Air Purifier and its contents.

2. **Filter Installation:** The filter comes pre-installed but is sealed in plastic. Open the filter compartment, remove the plastic wrapping from the filter, and re-insert it.

4. **Power Connection:** Connect the power adapter to the air purifier and then plug it into a standard electrical outlet.

## OPERATING INSTRUCTIONS

---

The control panel is located on the top surface of the air purifier. It features touch-sensitive buttons for various functions.

# Washable Pre-Filter

Image: The control panel of the air purifier, showing the various touch buttons and indicator lights.

## Power On/Off

Press the **Power** button to turn the unit on or off. The indicator light will illuminate when the unit is active.

## Adjusting Fan Speed

Press the **Speed** button to cycle through the 4 available fan speeds: 1 (low), 2 (medium), 3 (high), and Sleep Mode. Sleep Mode operates at the lowest noise level (15 dB) for quiet operation.

## Setting the Timer

Press the **Timer** button to set the operating duration. You can choose between 2, 4, 6, or 8 hours. The unit will automatically turn off after the selected time.

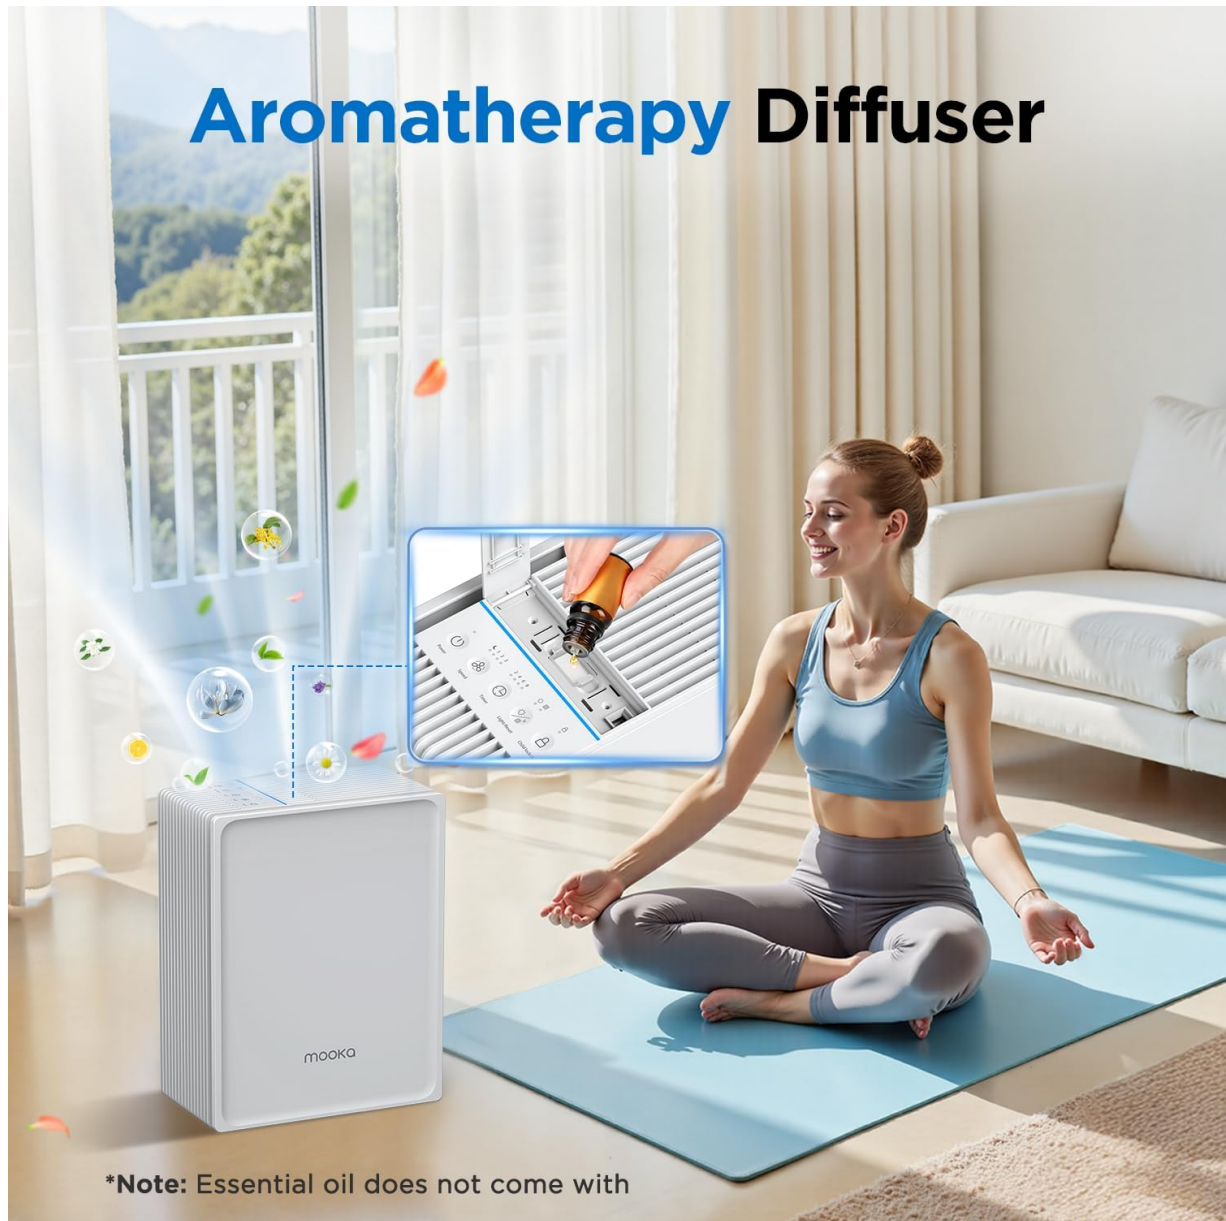

## Night Light Function

Press the **Light/Reset** button once to turn the night light on or off. This feature provides a soft ambient glow.

## Child Lock

To activate the Child Lock, press and hold the **Child Lock (3s)** button for 3 seconds. This will disable all

other buttons to prevent accidental changes. To deactivate, press and hold the button again for 3 seconds.

**\*Note:** Essential oil does not come with

Image: The child lock feature is highlighted, showing its importance for households with children or pets.

## Essential Oil Diffuser

To use the essential oil diffuser, open the small compartment on the top of the unit. Add a few drops of your favorite essential oil to the aromatherapy pad. Close the compartment. For best results, moisten the pad with more essential oil during the first use and run the fan at a higher speed initially to help disperse the fragrance.

## MAINTENANCE

---

### Cleaning the Washable Pre-Filter

The pre-filter can be cleaned to extend the life of the main HEPA filter. Regularly check the pre-filter for accumulated dust and debris.

1. Turn off and unplug the air purifier.
2. Open the filter compartment.
3. Carefully remove the pre-filter.
4. Clean the pre-filter using a vacuum cleaner or rinse it with water. Ensure it is completely dry before re-installing.
5. Re-install the pre-filter and close the compartment.

Image: Demonstrates the easy cleaning process for the washable pre-filter using water or a vacuum.

## Filter Replacement

The air purifier has a filter replacement reminder. When the filter indicator light illuminates, it's time to replace the H13 HEPA filter. Replace the filter every 3-6 months, depending on usage and air quality.

1. Turn off and unplug the air purifier.
2. Open the filter compartment and remove the old filter.
3. Insert a new official MOOKA replacement filter (Search for B0FB3NZ4GP).
4. Close the filter compartment.
5. **Reset Filter Indicator:** Press and hold the **Light/Reset** button for 3 seconds until the light flashes to reset the filter replacement reminder.

# Friendly Child Lock

Avoid touching by children or pets accidentally
