OLIGHT Perun 3 Mini, I3T 2 EOS

OLIGHT Perun 3 Mini & I3T 2 EOS Flashlight User Manual

This manual provides detailed instructions for the safe and efficient use of your OLIGHT Perun 3 Mini headlamp and I3T 2 EOS pocket flashlight bundle.

PRODUCT OVERVIEW

This bundle includes the OLIGHT Perun 3 Mini, a compact and powerful headlamp, and the OLIGHT I3T 2 EOS, a versatile pocket EDC flashlight.

An overview of the OLIGHT Perun 3 Mini headlamp, shown both on a head strap and as a standalone unit, alongside the I3T 2 EOS pocket flashlight and the Perun 3 Mini's Type-C charging case.

PERUN 3 MINI HEADLAMP

Key Features

The Perun 3 Mini delivers up to 1,250 lumens with a 155-meter beam distance. It features 5 white light modes and 3 red light modes. The included charging case can recharge the Perun 3 Mini up to five times, providing extended runtime.

Perun 3 Mini

COMPACT BRILLIANCE

Need a serious light without the bulk?

The Perun 3 Mini delivers up to 1,250 lumens in a light form factor that fits in the palm of your hand.

 **1,250** Lumens |  **155** Meters

Image illustrating the compact size of the Perun 3 Mini, measuring 64.33 mm in length and weighing 54g, while highlighting its 1,250 lumens output and 155-meter beam distance.

Charging

The Perun 3 Mini is charged via its dedicated Type-C charging case. The case itself can be recharged using a USB-C cable. The case's display button allows for seamless control and brightness adjustment without removing the light.

MORE POWER ON THE GO

The charging case of the Premium Edition powers up your Perun 3 Mini up to 5 times—and can even charge your phone when you're running low.

Standard Edition

10 Days

Premium Edition

60 Days

The Perun 3 Mini's charging case, with a 5,000 mAh capacity, is shown recharging a smartphone, demonstrating its dual functionality as a power bank. The image indicates up to 60 days of runtime with the premium edition.

ONE TOUCH QUICK START

While docked, control your Perun 3 Mini with the display button.

Press and hold for stepless dimming

The Perun 3 Mini is docked in its charging case, with a hand pressing the display button for stepless dimming, allowing for easy brightness adjustment while the light is still in the case.

Operation

Power On/Off & Mode Selection

- **Moonlight Mode (2 Lumens):** From OFF, press and hold the power button for approximately 1 second.
- **Low Mode (10 Lumens):** From OFF, a single short press of the power button will activate the low mode.
- **Cycle Modes (Low/Medium/High):** From ON, press and hold the power button to cycle through Low (10 Lumens), Medium (100 Lumens), and High (500 Lumens). Release the button to select the desired brightness.
- **Turbo Mode (1,250 Lumens):** From ON, double-click the power button. The light will output 1,250 lumens for 2 minutes, then step down to 350 lumens for 60 minutes to prevent overheating.
- **Red Light Modes:** From OFF, double-click the power button to enter Red Light mode (5 Lumens). Press and hold to cycle to High Red (45 Lumens) and SOS Beacon mode.
- **Lockout Mode:** From ON, press and hold the power button until the moonlight mode briefly turns on and then off. This indicates the light is locked. To momentarily activate the light in lockout mode, press and hold the power button.

Head Strap Usage

The Perun 3 Mini can be easily attached to and detached from the adjustable head strap. The head strap features a non-skid rubberized material on the front to prevent slipping and an adjustable buckle for a secure fit.

The Perun 3 Mini headlamp is shown mounted on its adjustable head strap, demonstrating its primary use as a hands-free lighting solution.

I3T 2 EOS POCKET FLASHLIGHT

Key Features

The I3T 2 EOS is a compact EDC flashlight powered by a single AAA battery. It delivers up to 200 lumens and offers both constant and momentary-on options. It is also compatible with rechargeable batteries for a boosted output of up to 300 lumens.

A close-up view of the sleek, black OLIGHT i3T 2 EOS pocket flashlight, highlighting its compact design.

AMAZINGLY BRIGHT FOR ITS SIZE

The i3T 2 delivers an output up to 200 lumens, offering both constant and momentary-on options for various tasks and environments. It can be initially powered on in low or high mode depending on your needs.

 **High Mode**

 **Low Mode**

Two scenes showing the i3T 2 EOS in use: one illuminating a wide area in high mode (200 lumens) and another with a more focused beam in low mode (5 lumens), illustrating its versatility.

Operation

Power On/Off & Mode Selection: The i3T 2 EOS operates with a tail switch. Press the switch for momentary-on, or fully click to turn on/off. The flashlight can be initially powered on in your preferred low or high mode.

Battery

The i3T 2 EOS comes with an included AAA alkaline battery. For increased performance, it is compatible with rechargeable batteries, which can boost the maximum output to 300 lumens.

The i3T 2 comes with an included AAA battery but feel free to use a rechargeable battery which can boost the maximum output up to 300 lumens.

An image showing the I3T 2 EOS flashlight with text explaining its compatibility with an included AAA battery and the option to use a rechargeable battery for up to 300 lumens output.

Pocket Clip

The I3T 2 EOS features an improved pocket clip design for a more concealed position, allowing it to effortlessly disappear in a pocket due to its compact design.

IMPROVED POCKET CLIP

With an improved pocket clip design, the i3T 2 features a more concealed position and effortlessly disappears in the pocket due to its compact design.

i3T

i3T 2

A side-by-side comparison showing the improved pocket clip design of the i3T 2 EOS, which allows for deeper and more concealed carry compared to the previous i3T model.

MAINTENANCE

Cleaning

Regularly clean the flashlight body and lens with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.

Water Resistance

The Perun 3 Mini is IPX8 rated, meaning it is submersible up to 2 meters for 30 minutes. Ensure all seals are intact before exposure to water. The i3T 2 EOS also has water resistance, but specific rating is not provided in the feature bullets.

Drop Resistance

Both flashlights are designed to be durable. The Perun 3 Mini is drop-resistant up to 1.5 meters.

TROUBLESHOOTING

Light Not Turning On

- **Perun 3 Mini:** Check if the light is in lockout mode. Press and hold the power button until the moonlight mode briefly turns on and then off to exit lockout. Ensure the battery is charged.
- **I3T 2 EOS:** Ensure the AAA battery is correctly inserted and has sufficient charge.

Charging Issues (Perun 3 Mini)

- Ensure the Perun 3 Mini is properly seated in the charging case.
- Check the charging case's battery level via its LED display.
- Ensure the USB-C cable is securely connected to the charging case and a power source.
