4. SETUP GUIDE

4.1 Initial Connection

1. Ensure the earbuds are charged. The charging case features an LED digital display indicating battery level.
2. Open the charging case and remove the earbuds. They will automatically enter pairing mode.
3. On your mobile phone, navigate to Bluetooth settings and select "ERAZER XT66PRO" from the list of available devices to pair.

4.2 App Connection and Setup

To unlock the full translation capabilities, you must connect the earbuds to the dedicated Earjoy APP:

1. Download the Earjoy APP by scanning the QR code provided in the packaging or searching for it in your device's app store.
2. Open the Earjoy APP and follow the on-screen instructions to log in or create an account.
3. Within the APP, connect the earbuds via Bluetooth. This step is crucial for activating translation features.

5. OPERATING INSTRUCTIONS

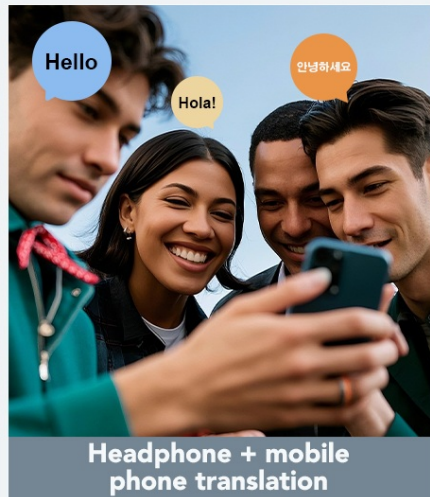

5.1 Translation Modes

The ERAZER XT66PRO offers multiple translation modes through the Earjoy APP:

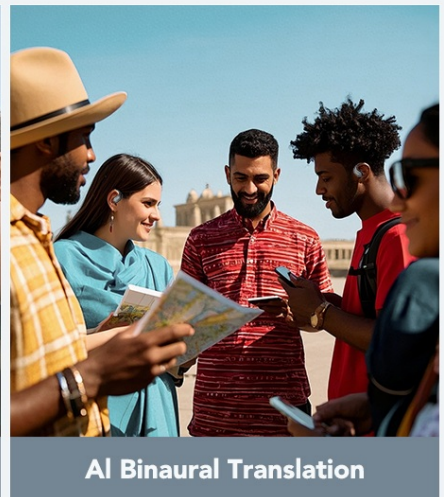

- **AI Binaural Translation:** Both earbuds are used for real-time, two-way translation.
- **Headphone + Mobile Phone Translation:** One earbud is worn by you, and the mobile phone is used for the other person to speak into, facilitating face-to-face conversations.
- **AI Chat:** Engage in text-based AI conversations within the app, with translation provided.

5.2 General Use

- **Audio Playback:** Use the earbuds for listening to music or other audio content.
- **Call Management:** Answer or end calls using the multi-function keytouch position on the earbuds.
- **Volume Control:** Adjust volume through your connected device.

6. MAINTENANCE

6.1 Cleaning

To maintain optimal performance and hygiene, regularly clean your earbuds and charging case:

- Wipe the earbuds and charging case with a soft, dry, lint-free cloth.
- Avoid using abrasive materials, solvents, or spray cleaners.
- Do not submerge the earbuds or case in water, despite their water resistance.

6.2 Water Resistance

The ERAZER XT66PRO earbuds are rated IPX5 water-resistant, meaning they can withstand splashes of water from any

direction. This makes them suitable for workouts and light rain. However, they are not designed for submersion in water or exposure to pressurized water jets.

7. TROUBLESHOOTING

If you encounter any issues with your ERAZER XT66PRO earbuds, please refer to the table below for common problems and solutions:

Problem	Possible Cause	Solution
Earbuds not connecting to phone.	Not in pairing mode; Bluetooth off; low battery.	Ensure earbuds are out of case and charged. Turn phone's Bluetooth off and on. Re-pair from phone's Bluetooth settings.
Translation not working in APP.	Earbuds not connected to APP; APP permissions missing.	Ensure earbuds are connected within the Earjoy APP. Check APP permissions for microphone and internet access. Restart the APP.
Poor sound quality.	Earbuds dirty; out of Bluetooth range; interference.	Clean earbuds. Move closer to your connected device. Avoid strong electromagnetic interference.
Earbuds not charging.	Charging cable issue; dirty charging contacts; case low battery.	Check Type-C cable and power source. Clean charging contacts on earbuds and case. Ensure charging case has sufficient battery.

Important Note: You must first connect the headset to your phone via Bluetooth, and then connect the headset to the APP in your phone to enable all features. If you encounter any problems during use, please feel free to contact customer support.
