Vieta Pro Bone Dual

Vieta Pro Bone Dual Bone Conduction Headphones User Manual

Model: Bone Dual

1. Introduction

Thank you for choosing the Vieta Pro Bone Dual Bone Conduction Headphones. These headphones are designed to provide a unique audio experience by transmitting sound through your cheekbones, allowing you to remain aware of your surroundings while enjoying your audio. This manual provides essential information for the safe and effective use of your device.

2. Safety Information

- Do not expose the headphones to extreme temperatures or direct sunlight for extended periods.
- Avoid dropping or subjecting the headphones to strong impacts.
- Keep the headphones away from water and moisture, beyond their IPX5 rating.
- Do not attempt to disassemble or modify the headphones. This will void the warranty.
- Clean the headphones with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Ensure the volume is at a safe level to prevent hearing damage and maintain awareness of your environment, especially during outdoor activities.

3. Product Overview

The Vieta Pro Bone Dual headphones feature an open-ear design for comfort and situational awareness. The main components include the bone conduction transducers, control buttons, and charging port.

Figure 1: Vieta Pro Bone Dual Headphones. This image displays the overall design of the headphones, highlighting the bone conduction pads and the flexible neckband.

Figure 2: Key Features. This graphic illustrates the main features including Bluetooth 5.3 connectivity, up to 8 hours of battery life, sport-optimized fit, bone conduction technology, non-isolating design, dual use, dual connection, and IPX5 water resistance.

4. Setup

4.1 Charging the Headphones

Before first use, fully charge your headphones. Connect the charging cable to the charging port on the headphones and to a USB power source. The LED indicator will show the charging status.

4.2 Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the power button until the LED indicator flashes red and blue, indicating pairing mode.
3. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
4. Select "Vieta Pro Bone Dual" from the list of devices.

5. Once connected, the LED indicator will turn solid blue or flash slowly.

5. Operating Instructions

5.1 Power On/Off

- **Power On:** Press and hold the power button for 3 seconds.
- **Power Off:** Press and hold the power button for 5 seconds.

5.2 Music Playback

- **Play/Pause:** Press the multi-function button once.
- **Next Track:** Double-press the multi-function button.
- **Previous Track:** Triple-press the multi-function button.
- **Volume Up:** Press the volume up button.
- **Volume Down:** Press the volume down button.

5.3 Call Management

- **Answer/End Call:** Press the multi-function button once.
- **Reject Call:** Press and hold the multi-function button for 2 seconds.

5.4 Dual Position Feature

The headphones feature a dual-position design, allowing you to adjust the transducers for optimal sound or increased environmental awareness.

Figure 3: Dual Position Adjustment. This image shows the headphones' ability to adjust the bone conduction pads by 35 degrees for different listening preferences.

Figure 4: Ambient Sound vs. Music Focus. This graphic illustrates how adjusting the headphone position can prioritize either more ambient sound for situational awareness or more direct music delivery.

5.5 Vieta Pro Audio App

Enhance your experience by downloading the Vieta Pro Audio App. The app allows for additional control and customization of your headphones, including equalizer settings and device location features.

Figure 5: Vieta Pro Audio App. This image displays a smartphone screen showing the interface of the Vieta Pro Audio app, highlighting features like EQ adjustment and device finding.

6. Maintenance

6.1 Cleaning

Regularly clean your headphones with a soft, dry, lint-free cloth. Do not use liquid cleaners or aerosols directly on the device.

6.2 Water Resistance (IPX5)

The headphones are rated IPX5, meaning they are resistant to sweat and splashes. They are not designed for submersion in water. Ensure the charging port cover is securely closed before exposure to moisture.

6.3 Storage

When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures. Use the

provided carrying case (if applicable) to protect them from dust and scratches.

7. Troubleshooting

Problem	Possible Cause	Solution
Headphones do not power on	Low battery	Charge the headphones fully.
Cannot pair with device	Headphones not in pairing mode / Bluetooth off on device	Ensure headphones are in pairing mode (flashing red/blue LED). Turn on Bluetooth on your device and try again.
No sound or low volume	Volume too low / Device not connected / Transducers not positioned correctly	Increase volume on headphones and device. Re-pair if necessary. Adjust the position of the bone conduction pads.
Intermittent connection	Distance from device / Interference	Move closer to your paired device. Avoid environments with strong Wi-Fi or other Bluetooth signals.
