## IMPORTANT SAFETY INFORMATION

Your child's safety is paramount. Adhere to the following guidelines:

- **Proper Support:** The 1.25-inch thickness provides a firm yet comfortable surface, crucial for proper body alignment and support for infants and toddlers.
- **Supervision:** Never leave a child unattended in a playard.
- **No Additional Padding:** Do not add extra padding, pillows, or blankets under or over the mattress pad, as this can create unsafe sleeping conditions.

## MAINTENANCE

Proper care extends the life of your mattress pad and maintains hygiene:

- **Cover Cleaning:** The ultra-soft Jacquard cover is removable and machine-washable. To clean, unzip and remove the cover from the foam core. Machine wash in cold water on a gentle cycle. Tumble dry on low heat or air dry. Do not bleach or iron.
- **Foam Core Cleaning:** The foam core is not washable. If it becomes soiled, spot clean gently with a mild detergent and a damp cloth. Ensure the foam core is completely dry before replacing the cover and using the mattress pad.
- **Regular Inspection:** Periodically inspect the mattress pad and cover for any signs of wear, damage, or deterioration.

Discontinue use if any damage is found.

## TROUBLESHOOTING

If you encounter any issues with your Hiccapop Playard Mattress Pad, refer to the following common solutions:

- **Mattress Pad Does Not Fit Snugly:**  
*Solution:* Ensure your playard measures 38" x 26". This mattress pad is specifically designed for these dimensions. Check that the rounded corners are properly aligned within the playard frame to eliminate gaps.
- **Mattress Pad Feels Too Firm or Too Soft:**  
*Solution:* The 1.25-inch thickness is engineered to provide a safe and supportive surface for infants and toddlers, adhering to safety regulations. This specific firmness is intentional for developmental support and safety.
- **Cover Difficult to Remove or Replace:**  
*Solution:* Ensure the zipper is fully opened. Gently work the cover off and on the foam core, taking care not to force it.
- **Unusual Odor:**  
*Solution:* Upon initial unpacking, a slight odor may be present due to the fresh foam. This is normal and harmless. Allow the mattress pad to air out in a well-ventilated area for 24-48 hours before use.
