5.2. Smart App Control

Download the compatible smart app to control your fan from your smartphone. The app provides additional features and convenience for managing fan speeds, light settings, and scheduling.

6. Maintenance

Regular maintenance ensures optimal performance and longevity of your fan.

- **Cleaning:** Wipe the fan blades and housing with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Inspection:** Periodically check all mounting hardware for tightness.
- **Lubrication:** The fan motor is permanently lubricated and does not require additional oiling.

7. Troubleshooting

If you encounter issues with your fan, refer to the following common problems and solutions:

- **Fan Not Operating:** Check if the power cord is securely plugged in and the wall switch (if applicable) is on. Ensure the remote control batteries are functional.
- **Light Not Working:** Verify power connection. If using the app, ensure proper pairing.
- **Excessive Noise:** Ensure all screws and mounting hardware are tightened. Check if fan blades are free from

obstruction.
