Smart Touch Screen Controls

The charging case features an LCD Smart Touch Screen for easy control and settings adjustment:

- Adjust volume and brightness.
- Set stop timers.
- Change language settings.
- Find earbuds function.
- Toggle "Touch to wake" and "Light" settings.
- Adjust equalizer settings (e.g., Pop).
- Control Ambient sound and Spatial Audio.

MicroSD/TF Card Music Playback

The charging case includes a MicroSD/TF card slot, allowing you to play MP3 music directly through the earbuds without needing a phone connection.

1. Insert the MicroSD/TF card into the slot with the metal contacts facing up.
2. After insertion, press and hold the charging case multifunction button for 8 seconds to restart the device.
3. On the display screen, navigate to the "Music" menu and select the switch icon to activate MicroSD/TF card mode.

Notes for TF Card Use:

- For first-time use, ensure the headphones are **outside** the charging case. After inserting the MicroSD/TF card, press and hold the charging case multifunction button to restart and read the MicroSD/TF card.
- If not restarted or if the MicroSD/TF card is inserted while the headphones are inside the case, the card will not be detected.

- The headphones must stay connected to the charging case when outside for TF card playback.
- Only MP3 format files are supported.

Why Choose ERAZERL XP2 Translation headset

- Proprietary Technology with 98% Accuracy
- Real-time translation
- High sound quality
- Lifetime free translation
- Sensitive touch screen

BATTERY LIFE AND CHARGING

The ERAZER XP2 earbuds offer extended battery life for prolonged use:

- Up to 8 hours of listening time for a single earbud.
- Up to 48 hours of total use with the charging case.
- Charging time for the case is approximately 1.5 hours.

TF Card Operation Instructions

Insert the TF card into the card slot, read MP3 format music from the TF card, and play it through headphones

Operation method:

- 1 Insert the TF card into the card slot, then press and hold the multifunctional button on the charging case for 8 seconds to restart;
- 2 Find the music interface on the display screen, click the switch icon to switch to TF card mode.

Note 1 : After the first insertion of the card, you need the headset outside the charging case, insert the card and long press the charging case multi-function button to restart, read the TF card information, you can switch back and forth to use.

Note 2 : Without restarting or headset in the warehouse on the insertion of TF card, TF card will not read out.

Note 3 : The headset needs to stay connected with the charging case when it is outside the charging case.

Note 4 : Only supports playing music in MP3 format

Image: The ERAZER XP2 earbuds and charging case, emphasizing the 50-hour total battery life.

To charge the device, connect the Type-C charging cable to the charging case's Type-C interface and a power source.

CARE AND MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the earbuds and charging case. Avoid using harsh chemicals or abrasive materials.
- **Water Resistance:** The earbuds feature IPX5 water resistance, protecting them from splashes and sweat. Do not submerge them in water.
- **Storage:** Store the earbuds in their charging case when not in use to protect them and keep them charged.
- **Temperature:** Avoid exposing the device to extreme temperatures (hot or cold).

TROUBLESHOOTING

Problem	Possible Cause	Solution
Earbuds not connecting to phone.	Bluetooth is off; earbuds not in pairing mode; app not connected.	Ensure Bluetooth is on. Take earbuds out of case to activate pairing. Connect to "ERAZER-XP2" in phone's Bluetooth settings, then open and connect via the "EarJoy" app.
TF card not detected.	Earbuds were in case during insertion; device not restarted; card not MP3 format.	Ensure earbuds are outside the case when inserting the TF card. Press and hold the multifunction button for 8 seconds to restart. Verify the card contains MP3 files only.
Poor translation accuracy.	Poor internet connection; background noise; speaking too fast.	Ensure a stable internet connection. Reduce background noise. Speak clearly and at a moderate pace.
Earbuds not charging.	Charging cable or port issue; earbuds not seated correctly.	Check the Type-C cable and charging port. Ensure earbuds are properly seated in the charging case.
