ENYOPRO Licensed Ford F-150 Raptor 2 Seater Electric Car for Kids User Manual

Model: 24VFF001

INTRODUCTION

Welcome to the user manual for your ENYOPRO Licensed Ford F-150 Raptor 2 Seater Electric Car for Kids. This manual provides essential information for the safe assembly, operation, and maintenance of your new ride-on toy. Please read it thoroughly before use to ensure a fun and safe experience for your child.

This 24 Volt Ride-on Truck is officially licensed by Ford, mirroring the signature F-150 Raptor design. It features a spacious two-seat layout, a powerful 24V motor, and various entertainment options including Bluetooth and radio. Safety features include dual 3-point seat belts, lockable doors, and a soft start function.

Parent Remote Control Mode

Parents can control the vehicle using the included remote control for younger children or for safety.

- **Pairing:** Follow instructions in the remote control manual to pair with the vehicle.
- **Directional Buttons:** Use arrows for Forward, Backward, Turn Left, Turn Right.
- **Speed Selection:** Adjust speed settings (e.g., 3 speed options).
- **Emergency Brake:** Press the emergency brake button to stop the vehicle immediately.

Entertainment System

The vehicle is equipped with a built-in entertainment system.

- **Bluetooth:** Connect your device via Bluetooth to play music.
- **Radio:** Tune into FM radio stations.
- **Pre-loaded Music/Stories:** Access built-in audio content.

Image: Dashboard controls for entertainment and battery.

MAINTENANCE

- **Cleaning:** Wipe the vehicle with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Battery Care:**
 - Charge the battery after each use.
 - If storing for extended periods, charge the battery once a month to prolong its lifespan.
 - Do not allow the battery to completely drain.
- **Storage:** Store the vehicle in a dry, cool place away from direct sunlight and moisture.
- **Inspection:** Regularly check for loose screws, damaged wires, or worn parts. Replace any damaged components immediately.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Vehicle does not move	Battery low or disconnected; Loose wiring; Overload protection activated.	Charge battery; Check all connections; Reduce load/wait for reset.
Vehicle runs slowly	Low battery; Overloaded; Operating on rough terrain.	Recharge battery; Reduce load; Operate on smoother surfaces.
Remote control not working	Remote battery low; Not paired correctly.	Replace remote batteries; Re-pair remote according to its manual.
No sound from entertainment system	Volume too low; Bluetooth not connected; Radio signal weak.	Increase volume; Reconnect Bluetooth; Move to area with better signal.
