ZHAOCAILIN magnetic vlog selfie monitor screen

ZHAOCAILIN Magnetic Vlog Selfie Monitor Screen User Manual

Model: magnetic vlog selfie monitor screen

1. Introduction

The ZHAOCAILIN Magnetic Vlog Selfie Monitor Screen is designed to enhance your mobile video recording experience by providing a real-time preview of your phone's rear camera. This allows for precise framing, focus adjustments, and lighting checks, making content creation easier and more professional for platforms like YouTube and TikTok.

2. What's in the Box

- Magnetic Selfie Monitor Screen
- Bluetooth Remote Control
- USB-C Charging Cable
- Magnetic Ring (for non-MagSafe compatible phones)

3. Features

- **Real-Time 4K 60FPS Preview:** Instantly syncs with your phone's rear camera for high-quality mirroring.
- **180° Rotation:** Allows flexible adjustment of viewing angles.
- **Flexible Brightness Adjustment:** Three-level brightness (low/medium/high) for various lighting conditions.
- **Wireless Freedom:** Connects to your smartphone via screen mirroring without needing additional apps.
- **Bluetooth Remote Control:** Control recording and photos from up to 80ft (approx 24m) away.
- **Magnetic Attachment:** Securely attaches to MagSafe-compatible phones or via an included magnetic ring.
- **Compact & Lightweight:** Easy to carry and set up for on-the-go content creation.

4. Compatibility

The selfie monitor screen is compatible with a wide range of smartphones:

- **iOS Devices:** iPhone 8/9/10/11/12/13/14/15/16 and similar devices (iOS 9.0 and above).
- **Android Phones:** Android 2.0 and above.
- **Harmony OS:** Harmony OS 3.0 and above.
- **Magic OS:** Magic OS 4.0 and above.

Note: Currently NOT compatible with iPhone 17 series or Google Pixel devices.

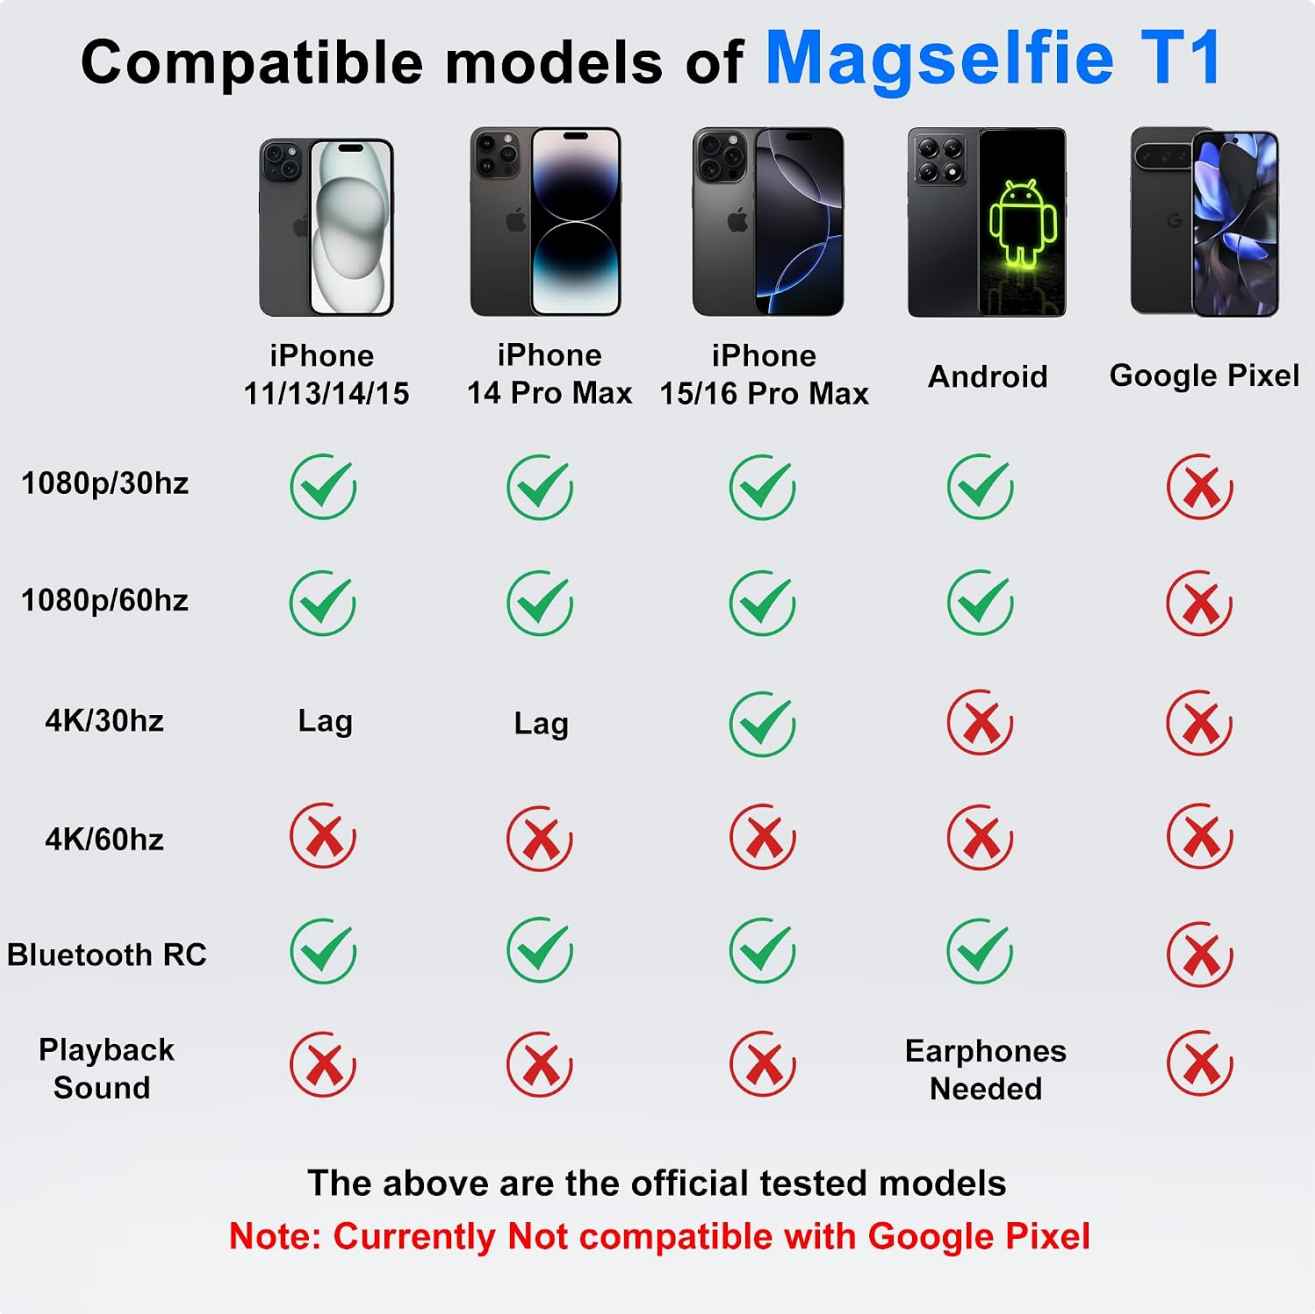

Image: A detailed chart outlining the compatibility of the monitor with various iPhone and Android models, indicating supported resolutions and features.

5. Setup

1. **Power On:** Turn on the monitor using the power switch. The screen will display connection steps.
2. **Magnetic Attachment:** Attach the monitor to the back of your smartphone. If your phone is not MagSafe compatible, use the provided magnetic ring by adhering it to your phone case.
3. **Screen Projection:** On your smartphone, wipe down from the top right corner (iOS) or open the shortcut menu bar (Android) to access screen mirroring/wireless projection functions.
4. **Connect Device:** Find the device named "iScreen_p2p" in the list of search devices and click to link. The first connection may require a verification code (e.g., "1234").
5. **Bluetooth Remote Pairing:** Turn on the Bluetooth remote. On your phone, search for "AB Shutter3" in Bluetooth settings and connect.

Image: An illustration demonstrating the magnetic attachment of the monitor to an iPhone and how to use the included magnetic ring for other smartphone models.

6. Operating Instructions

1. **Screen Rotation:** The monitor supports 180° screen rotation. Use the dedicated button on the side to adjust the orientation.
2. **Brightness Adjustment:** Adjust the screen brightness using the three-level adjustment (low/medium/high) buttons to suit your environment.
3. **Display Ratio:** Use the display ratio button to switch between full screen mode and 1:1 mode.
4. **Bluetooth Remote Use:** Once paired, use the Bluetooth remote to start/stop video recording or take photos on your smartphone from a distance.

Image: The Bluetooth remote control, highlighting its 80ft range for convenient remote operation of your smartphone's camera.

7. Maintenance

- Keep the device clean by wiping it with a soft, dry cloth.
- Avoid exposing the device to extreme temperatures or direct sunlight for prolonged periods.
- Store the monitor in a cool, dry place when not in use.
- Ensure the charging port is free from dust and debris.

8. Troubleshooting

- **Screen Mirroring Issues:** If the visual or audio is not working correctly, ensure your iPhone settings are correct. Go to Settings > General > AirPlay & Continuity, and make sure "AirPlay Receiver" and "Handoff" toggles are turned on.
- **Overheating:** The device may overheat after approximately 20 minutes of continuous use, causing the screen to glitch and buttons to stop working. Power it off and allow it to cool down for 5 minutes before resuming use.
- **Magnetic Attachment:** The magnetic ring may not stick well to silicone cases. Consider placing the magnetic

strip inside a non-silicone phone case for a more secure attachment.

- **Remote Control Pairing:** Connect the Bluetooth remote (named "AB Shutter3") like you would Bluetooth earbuds.

9. Specifications

Brand	ZHAOCAILIN
Item Model Number	magnetic vlog selfie monitor screen
Item Weight	6.7 ounces
Package Dimensions	5.3 x 3.3 x 1.73 inches
Color	White
Screen Size	4 Inches
