## 3.2 Power Connection

1. Connect the USB-C end of the power cable to the port on the back/bottom of the Vanzon WN02 device.
2. Plug the USB-A end of the power cable into the provided power adapter.
3. Insert the power adapter into a standard wall outlet.

## 3.3 App Installation (Optional, but Recommended)

For full functionality and remote control, download the companion app:

1. Scan the QR code in the user manual or search for "Sound Machine" in your device's app store (App Store for iOS, Google Play Store for Android).
2. Install the application on your smartphone or tablet.
3. Ensure Bluetooth is enabled on your mobile device.
4. Open the app and follow the on-screen instructions to pair with the "Sound Machine" device.

## 5. MAINTENANCE

To ensure the longevity and optimal performance of your Vanzon WN02 White Noise Machine, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the device with a soft, dry cloth. Do not use liquid cleaners or abrasive materials, as they may damage the surface or internal components.
- **Storage:** When not in use for extended periods, store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Water:** This device is not waterproof. Keep it away from water and other liquids to prevent electrical shock or damage.
- **Power Cable:** Handle the power cable gently. Do not bend, twist, or pull it excessively.

## 6. TROUBLESHOOTING

If you encounter issues with your Vanzon WN02, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device does not turn on.	No power connection or faulty power source.	Ensure the power cable is securely connected to the device and a working power outlet. Try a different outlet.
Cannot connect to the app.	Bluetooth is off or device is not in pairing mode.	Enable Bluetooth on your phone. Press the Bluetooth button on the device to enter pairing mode. Restart the app and try again.
No sound or low volume.	Volume is too low or muted. Incorrect sound selected.	Increase volume using the device buttons or app. Ensure a sound is selected and not paused.
Night light not working.	Light is off or brightness is set to minimum.	Press the Light Mode button or adjust brightness via the app.
Bluetooth speaker not connecting.	Device not in Bluetooth pairing mode or already connected to another device.	Ensure the device is in Bluetooth pairing mode. Disconnect from other devices if necessary. Forget and re-pair the device on your phone.
