2. SAFETY INFORMATION

To ensure safe operation and prevent damage to the product or injury, please observe the following precautions:

- Do not place the flashlight at a high location where it may fall.
- Avoid direct eye exposure to the LED light.
- Keep out of reach of children.
- Do not attempt to disassemble or modify the flashlight, as this may void the warranty and cause damage.

- Dispose of batteries according to local regulations.

Weight	1.45 ounces (approx. 41g)
Waterproof Rating	IPX4

This image provides a visual representation of the flashlight's dimensions and a table detailing its specifications.

5. SETUP

5.1 Battery Installation

1. Unscrew the tail cap of the flashlight by turning it counter-clockwise.
2. Insert two AAA batteries into the battery compartment, ensuring the correct polarity (+/-) as indicated inside the flashlight.
3. Screw the tail cap back on clockwise until it is securely tightened.

Another perspective of the flashlight being held, focusing on the rear cap where the power button is located.

6. OPERATION

6.1 Power On/Off

- Press the button on the tail cap once to turn the flashlight on.
- Press the button again to turn the flashlight off.

6.2 Switching Light Modes

- When the flashlight is on, lightly press the tail cap button (without fully clicking) to cycle between white light and yellow light modes.
- A full press will turn the flashlight off.

An image demonstrating how to operate the flashlight by pressing the button located on the tail cap.

7. MAINTENANCE

- **Cleaning:** Wipe the flashlight body with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Battery Replacement:** Replace batteries when the light dims or fails to turn on. Always use fresh AAA batteries.
- **Storage:** If the flashlight will not be used for an extended period, remove the batteries to prevent leakage and corrosion. Store in a cool, dry place.

8. TROUBLESHOOTING

- **Flashlight does not turn on:**
 - Check if batteries are inserted correctly with the correct polarity.
 - Ensure batteries are fresh and not depleted.
 - Tighten the tail cap securely.
- **Light is dim or flickers:**
 - Replace batteries with new ones.
 - Ensure battery contacts are clean.
- **Water ingress (despite IPX4 rating):**
 - While IPX4 rated for splash resistance, it is not designed for submersion. If water enters, remove batteries and allow to dry completely before re-use. Contact support if issues persist.

9. WARRANTY AND SUPPORT

This product comes with a standard manufacturer's warranty. For warranty claims, technical support, or any

inquiries regarding your AugustknowU Mini Flashlight, please contact your retailer or the manufacturer directly.
