### 3. SETUP AND ASSEMBLY

The HAUOMS Twin Size Bed Frame is designed for easy assembly and ships in one box. All necessary parts are clearly labeled, and an innovative quick-assembly system is included.

### Assembly Steps:

1. Unpack all components and verify against the parts list provided in the separate assembly guide.
2. Assemble the headboard and footboard sections first, following the step-by-step instructions.
3. Connect the side rails to the headboard and footboard.
4. Install the bed slats. Ensure the silence foam strips are correctly positioned to prevent noise.
5. Assemble the four storage drawers and insert them into the bed frame. Ensure the drawer fixtures are engaged to prevent sliding.
6. Connect the LED light strips and charging station according to the electrical connection instructions.

*Note: Two people are recommended for assembly to ensure stability and ease of construction.*

### 4.3 Storage Drawers and Compartments

The bed frame offers multiple storage options:

- **Headboard Storage:** The upholstered section of the headboard lifts to reveal a hidden compartment. Small cloth pockets are also located on both sides for quick access items.
- **Footboard Shelves:** Open shelves on the footboard provide space for books, decorations, or other items.
- **Under-bed Drawers:** Four spacious drawers on wheels slide out from under the bed, ideal for bedding, accessories, or clothing. Each drawer includes a fixture to prevent accidental sliding.

## 5. MAINTENANCE AND CARE

---

Proper care will extend the life and appearance of your bed frame.

- **Velvet Upholstery:** Regularly vacuum the velvet fabric using a soft brush attachment to remove dust and debris. For spills, blot immediately with a clean, dry cloth. Avoid harsh chemicals or abrasive cleaners. Professional cleaning is recommended for stubborn stains.
- **Steel Frame:** Wipe the steel components with a damp cloth and mild detergent if necessary. Dry thoroughly to prevent rust.
- **LED Lights:** Ensure the LED strips are kept clean and free from dust. Do not attempt to replace individual LEDs; contact customer support if the lights malfunction.
- **Charging Station:** Keep the charging ports free of dust and debris. Do not expose to liquids.
- **General:** Periodically check all bolts and screws to ensure they are tight. Retighten as needed to maintain structural integrity.

## 6. TROUBLESHOOTING

---

This section addresses common issues you might encounter with your bed frame.

Problem	Possible Cause	Solution
Bed frame squeaks	Loose bolts or screws; improper slat placement.	Tighten all assembly bolts and screws. Ensure slats are correctly seated and the silence foam is in place.
LED lights not working	Power connection issue; remote control battery dead; app not connected.	Check power cord connection. Replace remote control battery. Re-pair the app via Bluetooth.
Charging station not working	Bed frame not plugged in; device cable faulty.	Ensure the bed frame's main power cord is securely plugged into a working outlet. Test with a different device cable.
Drawers slide out easily or are difficult to move	Drawer fixture not engaged; wheels obstructed; drawer assembly issue.	Ensure the drawer fixture is properly engaged to prevent sliding. Check for obstructions under the wheels. Verify drawer assembly according to instructions.
