# Lifelike Flexible Male Masturbator Sleeve JL30004 User Manual

Model: JL30004 | Brand: generic

## INTRODUCTION

This manual provides comprehensive instructions for the safe and effective use, care, and maintenance of the Lifelike Flexible Male Masturbator Sleeve, model JL30004. Please read this manual thoroughly before first use and retain it for future reference.

The JL30004 is designed to offer a realistic intimate experience. It features a flexible, waterproof construction and a ribbed inner channel for varied sensations.

## PRODUCT FEATURES

- Lifelike and flexible material.
- Tight, ribbed inner channel for enhanced sensations.
- 100% waterproof design for versatile use and easy cleaning.
- Dimensions: Approximately 4 inches (10.16 cm) in length and 1.59 inches (4.04 cm) in diameter.

## SETUP AND FIRST USE

1. **Unpack:** Carefully remove the device from its packaging. Inspect for any visible damage.
2. **Initial Cleaning:** Before first use, wash the sleeve thoroughly with warm water and a mild, toy-safe soap. Rinse completely to remove all soap residue.
3. **Dry:** Allow the sleeve to air dry completely or gently pat dry with a lint-free cloth.
4. **Lubrication:** Apply a generous amount of water-based lubricant to the entrance and interior of the sleeve, as well as to yourself, for comfortable insertion and optimal experience. Avoid oil-based lubricants as they may damage the material.

## OPERATING INSTRUCTIONS

1. Ensure the sleeve is clean and properly lubricated as described in the "Setup and First Use" section.
2. Position the sleeve at the desired angle.
3. Gently insert and adjust for comfort.
4. Use as desired. The flexible material is designed to accommodate various sizes.
5. If any discomfort or irritation occurs, discontinue use immediately.

## MAINTENANCE AND CLEANING

Proper cleaning and maintenance will extend the life of your product and ensure hygienic use.

1. **After Each Use:** Immediately after use, thoroughly wash the sleeve with warm water and a mild, toy-safe soap. Ensure all internal channels are rinsed clean.
2. **Rinsing:** Rinse the sleeve under running water until all soap residue is removed.
3. **Drying:** Gently shake off excess water. Allow the sleeve to air dry completely in a clean, well-ventilated area. Avoid direct sunlight or extreme heat.
4. **Storage:** Store the clean, dry sleeve in a cool, dry place, away from direct sunlight and extreme temperatures. Keep it separate from other toys made of different materials to prevent potential reactions or damage.
5. **Material Care:** Avoid using harsh chemicals, alcohol-based cleaners, or oil-based lubricants, as

these can degrade the material over time. Only use water-based lubricants.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Discomfort during use	Insufficient lubrication; allergic reaction to material or lubricant.	Apply more water-based lubricant. Discontinue use if discomfort persists and consult a healthcare professional. Try a different brand of water-based lubricant.
Difficulty cleaning thoroughly	Inadequate rinsing; residue buildup.	Ensure warm water and mild soap are used. Rinse thoroughly, flushing water through the entire internal channel. Consider using a soft brush designed for cleaning intimate products if necessary.
Material feels sticky or degraded	Use of incompatible lubricants (e.g., oil-based); improper storage.	Only use water-based lubricants. Store in a cool, dry place away from other materials that might react with it. If degradation is significant, replace the product.
