Glow-in-The-Dark Masturbation Sleeve HD10128 User Manual

Model: HD10128 | Brand: generic

INTRODUCTION

This manual provides instructions for the safe and effective use, care, and maintenance of your Glow-in-The-Dark Masturbation Sleeve, model HD10128. Please read this manual thoroughly before first use and retain it for future reference.

PRODUCT OVERVIEW

The HD10128 is an innovative masturbation sleeve designed for a satisfying experience. It features a unique glow-in-the-dark effect for visibility in low-light conditions and a textured interior for enhanced sensation. It is crafted from body-safe TPE material.

Key Features:

- **Glow-in-the-Dark Feature:** Allows for convenient use at night or in dark environments.
- **Soft Exterior:** Provides a comfortable and sensual stroking experience.
- **Ribbed Interior:** Designed with targeted pressure points for heightened pleasure.
- **Body-Safe Material:** Made from TPE, free from phthalates, fragrances, paraffins, and latex.

Figure 2: Cross-section view of the sleeve, illustrating the internal ribbed and textured structure designed for sensation.

Figure 3: Detailed view of the internal textures and patterns within the sleeve, designed to provide varied stimulation.

SETUP

1. **Initial Cleaning:** Before first use, thoroughly wash the sleeve with warm water and a mild, toy-safe soap. Rinse completely and allow to air dry.
2. **Activate Glow Feature:** To activate the glow-in-the-dark effect, expose the sleeve to a bright light source (e.g., sunlight, lamp light) for several minutes. The longer the exposure, the brighter and longer it will glow in the dark.
3. **Lubrication:** Apply a small amount of water or saliva to the interior of the sleeve for a smooth and comfortable experience. Water-based lubricants are also compatible.

OPERATING INSTRUCTIONS

1. Ensure the sleeve is clean and adequately lubricated as described in the "Setup" section.
2. Position the sleeve as desired.
3. Engage with the sleeve, exploring the ribbed interior for varied sensations.
4. The glow-in-the-dark feature will be visible in dark environments, enhancing the experience.

MAINTENANCE AND CLEANING

1. **After Each Use:** Immediately after use, wash the sleeve thoroughly with warm water and a mild, toy-safe soap. Ensure all residues are removed from the interior and exterior.
2. **Rinsing:** Rinse the sleeve completely under running water until no soap remains.
3. **Drying:** Gently pat dry with a lint-free cloth or allow to air dry completely before storage.
4. **Storage:** Store the sleeve in a clean, dry, and dust-free environment, away from direct sunlight and extreme temperatures. Avoid storing with other toys made of different materials to prevent material degradation or reactions.

TROUBLESHOOTING

- **Sleeve is not glowing:** Ensure the sleeve has been exposed to a bright light source for a sufficient period (several minutes) to charge the glow-in-the-dark material.
- **Experience is not smooth:** Apply more water, saliva, or water-based lubricant to the interior of the sleeve before and during use.
- **Sleeve feels sticky or attracts lint:** This is common for TPE materials. Regular cleaning and proper storage in a dust-free environment will help. A light dusting of cornstarch (ensure it's food-grade and not talc) can also help reduce stickiness, but always wash thoroughly before use.

SPECIFICATIONS

Model:	HD10128
Material:	TPE (Thermoplastic Elastomer)
Phthalate Free:	Yes
Fragrance Free:	Yes
Paraffin Free:	Yes
Latex Free:	Yes
Length:	6.25 inches
Insertable Length:	6.25 inches
Width:	2.75 inches
Circumference:	8.75 inches
Manufacturer:	Matiska

SAFETY INFORMATION

- This product is intended for adult use only.

- Always clean the product before and after each use to maintain hygiene.
- Discontinue use if any irritation or discomfort occurs.
- Do not use with silicone-based lubricants, as they may degrade TPE material. Use water-based lubricants, water, or saliva.
- Keep out of reach of children.
- The product has undergone rigorous third-party lab testing to meet or exceed safety compliance directives.

WARRANTY AND SUPPORT

Specific warranty information for this product is not provided in the available documentation. For any product-related inquiries or support, please refer to the retailer or manufacturer's customer service channels.
