71" EXTRA LARGE DOG CRATE

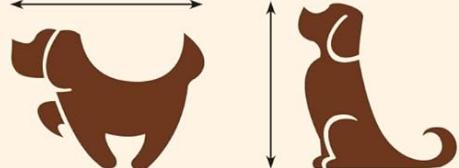

Internal Dimensions: 67.4W*20"D*26.5H

How to Measure Your Dogs?

Step 1: Length

Measure the length from the nose to the tail by keeping your dog in normal standing

Step 2: Height

Measure the distance from dog's ears or head to its paws in normal sitting as the height

Tips

Reserve 4" more than the measured length and height for the dogs' activity space

SETUP AND ASSEMBLY

Assembly typically requires two adults. Follow the step-by-step instructions and diagrams provided. Do not fully tighten screws until all components are in place.

- 1. Prepare Components:** Unpack all parts and lay them out. Identify each piece using the provided labels (A, B, C, etc.) and hardware bags (1, 2, 3, etc.).
- 2. Assemble Base Frame:** Connect the bottom panel with the side and front panels using the designated screws. Ensure the metal frame side of the bottom panel is facing down.
- 3. Install Back Panel:** Attach the back panel to the assembled sides and bottom.
- 4. Attach Top Panel:** Secure the top wooden panel to the assembled frame.

5. **Install Doors:** Attach the double doors to the front frame using the hinges and screws. Ensure they swing freely.
6. **Install Latches:** Secure the door latches on both the top and bottom of the doors for secure closure.
7. **Assemble Drawers:** Follow the specific instructions for assembling the drawers and installing their slides into the main unit.
8. **Insert Divider:** If using, place the removable divider in the desired position. The crate offers multiple positions for the divider to accommodate different dog sizes or to create separate compartments.
9. **Attach Adjustable Feet:** Screw in the adjustable feet to the bottom of the crate. Adjust them to ensure stability on uneven surfaces.
10. **Final Tightening:** Once all components are in place and aligned, carefully tighten all screws.

Removable Divider

The internal divider can be installed or removed to create one large space or two separate compartments. This is ideal for accommodating a single large dog or two smaller dogs. The divider can be adjusted to different positions within the crate.

How to Measure Your Dog's Size?

Measure Length

Keep your dog in normal standing. Measure from the tip of the nose to the top of their tail. Add 4 inches for all dog.

Make your dog sit in a normal state. Measure upright from the floor to the tallest point of your dog. Add 4 inches for all dog.

Measure Height

If you want your dog to stay comfortable, please measure them when laying down and sprawled out like they would normally sleep.
