Veunti G31

Veunti G31 4G Kids Smart Watch User Manual

Model: G31

INTRODUCTION

Welcome to the user manual for your Veunti G31 4G Kids Smart Watch. This device is designed to provide communication, safety, and entertainment features for children aged 5-12. Key functions include 4G connectivity, GPS tracking, video calling, SOS emergency calls, voice chat, a camera, alarm clock, and educational games. Please read this manual carefully to ensure proper setup and operation of the watch.

Image: Overview of the Veunti G31 Smart Watch's main features and practical functions.

1. Package Contents

Verify that all items are present in the package:

- 1x Veunti G31 4G Kids Smart Watch
- 1x USB Charging Cable
- 1x Quick Start Guide

2. SIM Card Installation

The watch requires a Nano SIM card for 4G connectivity, calls, and GPS functions. A Speedtalk Nano SIM card is recommended (not included).

1. Ensure the watch is powered off before inserting the SIM card.
2. Locate the SIM card slot on the side of the watch.
3. Carefully insert the Nano SIM card into the slot with the gold contacts facing up, ensuring it is fully seated.
4. After inserting the SIM card, power on the watch.
5. Verify that a 4G network signal icon appears on the watch screen. If no signal is displayed, you may need to configure the APN settings. Refer to the Troubleshooting section or the Quick Start Guide for APN configuration instructions.

Simple & Friendly Design

3. App Download and Pairing

To utilize most of the watch's features, you need to download the companion app, **Setracker2**, on your smartphone (compatible with Android and iOS).

1. Download the **Setracker2** app from your smartphone's app store (Google Play Store for Android or Apple App Store for iOS).
2. Register an account within the app.
3. Follow the in-app instructions to bind the watch to your account. This typically involves scanning a QR code displayed on the watch or entering its unique ID.
4. Once paired, you can manage contacts, set up safety zones, track location, and configure other watch settings from your smartphone.

OPERATING INSTRUCTIONS

1. Watch Overview

Familiarize yourself with the watch's physical components:

- **Touch Screen:** Navigate menus and interact with apps.
- **Power Button:** Press and hold to power on/off. Short press to wake/sleep screen.
- **SOS Button:** Press and hold for emergency calls.
- **Return Button:** Go back to the previous screen.
- **Camera:** For taking photos and video calls.
- **Microphone & Speaker:** For calls and voice chat.
- **Pogo Charging Pin:** For connecting the magnetic charging cable.

2. Power On/Off

- **Power On:** Press and hold the Power Button until the screen lights up.
- **Power Off:** Press and hold the Power Button, then select the power off option on the screen. Alternatively, it can be powered off remotely via the Setracker2 app.

3. Communication Features

The watch supports various communication methods:

- **Phone Call:** The watch can store up to 15 phone numbers for daily calls, managed through the Setracker2 app. Parents can enable a
