

AECOJOY 16434BK

AECOJOY 8x8 Freestanding Lean-to Gazebo Instruction Manual

Model: 16434BK

1. IMPORTANT SAFETY INFORMATION

For your safety and to ensure proper function of your AECOJOY Gazebo, please read and adhere to the following guidelines:

- Always ensure the gazebo is securely anchored to the ground using the provided stakes.
- Do not attempt to assemble or disassemble the gazebo in windy or wet conditions.
- Always follow the included instructions and safety guidelines for a safe and secure installation.
- Regularly inspect all connections and anchors to ensure they remain tight and secure.

2. PRODUCT OVERVIEW AND FEATURES

The AECOJOY 8x8 Freestanding Lean-to Gazebo is designed for durability and versatility, offering a robust outdoor shelter solution.

- **Distinguished Craftsmanship:** This freestanding lean-to gazebo anchors securely to the ground with robust stakes, allowing effortless placement in any corner of your patio. It provides steadfast support without compromising your walls.
- **Versatile Sophistication:** Adaptable for various needs, it can serve as an outdoor sanctuary, a protective haven for bicycles and vehicles, or an elegant metal awning.
- **Unrivalled Snow Load Capacity:** Engineered to withstand pressures of 10 lbs/sq.ft, proving its ability to handle significant snowfall (up to 7 inches) without structural compromise.
- **Uncompromising Windproof Design:** Crafted with a reinforced structural framework and meticulously engineered support pillars, this gazebo exhibits unwavering stability against winds exceeding 70 MPH.
- **Seamless Assembly:** Features intuitive guides, comprehensive manuals, and step-by-step video tutorials for convenient installation. Technical specialists are available for remote assistance.
- **Absolute Peace of Mind:** The product comes with comprehensive maintenance and replacement services,

supported by a 24/7 customer support team.

3. SETUP AND ASSEMBLY INSTRUCTIONS

Follow these steps for proper assembly of your AECOJOY Gazebo. It is recommended to have at least two people for assembly.

3.1. Watch the Installation Guide Video

Your browser does not support the video tag.

Video 3.1: Official AECOJOY Installation Guide for the Gazebo. This video provides a visual walkthrough of the assembly process.

3.2. Pillar Installation

1. Connect the pillar sections using the provided screws. Do not fully tighten screws initially to allow for alignment.
2. Attach the base plates to the bottom of each pillar.

Figure 3.1: Assembling the pillar components. Ensure screw holes align before tightening.

3.3. Beam Installation

1. Connect the beam sections, ensuring screw holes on both sides face the same direction.
2. Insert all screws before tightening them completely.

Figure 3.2: Connecting beam sections. Verify alignment of screw holes.

3.4. Beam-to-Column Connection

1. Connect the assembled beams to the top of the pillars.
2. Initially, refrain from tightening screws to allow for effective alignment.
3. Flip the assembly upside down for easier installation of certain components.

3.5. Ridge Beam and Panel Installation

1. Assemble the ridge beam components, ensuring all nuts are securely tightened.
2. Connect the narrower side of the panels to the pipe.
3. Ensure the two triangular parts face the same direction.
4. Remove any protective stickers from the panels during installation.
5. Install panels with the water leakage hole facing upward.

4. OPERATING INSTRUCTIONS

Your AECOJOY Lean-to Gazebo is designed for continuous outdoor use. No specific operational steps are required beyond proper installation and maintenance.

- Ensure the gazebo is always securely anchored to prevent movement during high winds or adverse weather.
- Utilize the shaded area for relaxation, dining, or protecting outdoor items from sun and rain.
- The translucent roof panels allow indirect light, creating a comfortable environment while offering UPF 70++ UV protection.

SECURELY ANCHOR THE PRODUCT TO THE GROUND (TOOLS PROVIDED)

5. MAINTENANCE

Proper maintenance will extend the lifespan and appearance of your gazebo.

- **Cleaning:** Regularly clean the roof panels and frame with mild soap and water. Avoid abrasive cleaners or tools that could scratch the surfaces.
- **Inspection:** Periodically check all bolts, screws, and connections to ensure they are tight. Re-tighten as necessary.
- **Winter Care:** While designed for snow load, it is advisable to clear excessive snow accumulation from the roof to prevent potential damage.
- **Rust Prevention:** The aluminum frame is rust-resistant, but regular cleaning helps maintain its protective coating.

6. TROUBLESHOOTING

If you encounter any issues with your AECOJOY Gazebo, consider the following common solutions:

- **Instability/Wobbling:** Ensure all connection points are securely tightened. Verify that the gazebo is anchored properly to a flat, level surface.
- **Water Leakage:** Check that all roof panels are correctly seated in their channels and that any water leakage holes are facing upward as per installation instructions. Ensure all seals are intact.
- **Missing Parts:** If any parts are missing upon delivery, contact AECOJOY customer support immediately for assistance.
- **Difficulty during Assembly:** Refer to the detailed installation video and manual. If issues persist, contact AECOJOY customer support for remote assistance.

7. SPECIFICATIONS

Attribute	Detail
Brand	AECOJOY
Model Number	16434BK
Material	Aluminum, Metal
