Feelfunn PAC003-8K

Feelfunn 8000 BTU Portable Air Conditioner User Manual

Model: PAC003-8K

1. Introduction and Safety Information

This manual provides important instructions for the installation, operation, and maintenance of your Feelfunn 8000 BTU Portable Air Conditioner. Please read this manual thoroughly before using the appliance and keep it for future reference.

Important Safety Instructions

- Always connect the unit to a grounded power outlet.
- Do not operate the unit with a damaged power cord or plug.
- Ensure the unit is placed on a flat, stable surface to prevent tipping.
- Maintain at least 20 inches (50 cm) of clear space around the unit for proper airflow.
- Do not block air outlets or inlets.
- Do not insert objects into the air vents.
- Unplug the unit before cleaning or servicing.
- Keep children away from the appliance.
- Do not use the unit in wet environments or near water.

2. Package Contents

Verify that all items are present in the package. If any parts are missing or damaged, contact customer support.

- Portable AC Unit
- Window Installation Kits
- Remote Control
- Instruction Manual

4. Setup and Installation

Follow these steps to properly set up your portable air conditioner.

Window Kit Installation

1. Attach the hose connector to one end of the exhaust hose by rotating it.
2. Connect the window kit adapter to the other end of the exhaust hose by rotating it.
3. Adjust the slide plate of the window kit to fit the length of your window (20-49 inches) and secure with screws.
4. Attach the hose connector to the air exhaust outlet on the back of the unit.
5. Insert the window kit adapter into the prepared window kit.
6. Ensure all connections are secure and the exhaust hose is extended without kinks.

6. Maintenance

Regular maintenance ensures optimal performance and longevity of your unit.

Cleaning the Air Filter

The unit features a removable and washable air filter. Clean the filter every two weeks or more frequently depending on usage and air quality.

1. Unplug the air conditioner from the power outlet.
2. Remove the back panel to access the filter.
3. Gently slide out the filter.
4. Wash the filter under running water (warm, not hot) with a mild detergent.
5. Rinse thoroughly and allow the filter to air dry completely before reinserting.
6. Reinstall the dry filter and secure the back panel.

Draining Accumulated Water

The unit will accumulate water during dehumidifying and cooling operations. When the 'Full' indicator lights up, the unit will stop operating until drained.

- Place a shallow pan or bucket under the drainage outlet at the bottom rear of the unit.
- Remove the drain plug.
- Allow all accumulated water to drain completely.
- Replace the drain plug securely.

7. Troubleshooting

Refer to this section for common issues and their solutions.

Problem	Possible Cause	Solution
Unit does not turn on	No power supply; Power cord not plugged in; Circuit breaker tripped; Water tank full.	Check power connection; Plug in securely; Reset circuit breaker; Drain water tank.
Unit not cooling effectively	Window kit not properly installed; Room too large; Air filter dirty; Doors/windows open; Temperature setting too high.	Ensure window kit is sealed; Use in recommended room size (up to 350 sq. ft.); Clean air filter; Close all doors/windows; Lower temperature setting.
Loud noise during operation	Unit not on a level surface; Obstruction in fan; Loose parts.	Place on a flat, stable surface; Check for and remove obstructions; Contact customer support if noise persists.
Water leakage	Drain plug loose or missing; Unit tilted; Drainage hose blocked.	Secure drain plug; Ensure unit is level; Check drainage hose for blockages.

If the problem persists after attempting these solutions, please contact Feelfunn customer support.

8. Specifications

Feature	Specification
Brand	Feelfunn
Model Name	PAC003-8K
Cooling Power	8000 BTU (ASHRAE) / 5000 BTU (SACC)
Coverage Area	Up to 350 sq. ft.
Product Dimensions	11.4"D x 12"W x 26.7"H
Item Weight	41.6 pounds
Voltage	115 volts
Noise Level	48 dB
Seasonal Energy Efficiency Ratio (CEER)	6.1
Refrigerant	R-32
Dehumidification Capacity	Up to 45 pints/day
Window Opening Compatibility	20-49 inches wide (vertical/horizontal)

9. Warranty and Customer Support

Your Feelfunn Portable Air Conditioner is backed by a **1-year manufacturer's warranty**. This warranty covers defects in

materials and workmanship under normal use.
For warranty claims, technical assistance, or any questions regarding your product, please contact Feelfunn customer support. Have your model number (PAC003-8K) and purchase information ready when contacting support.
Contact information can typically be found on the official Feelfunn website or through your purchase platform.
