## BalimoPet BPDR1013A

# BalimoPet Cat Water Fountain Filters & Sponges Instruction Manual

Model: BPDR1013A (for compatible BalimoPet Cat Water Fountain)

## INTRODUCTION

Thank you for choosing BalimoPet replacement filters and sponges for your cat water fountain. These components are designed to maintain the purity and freshness of your pet's drinking water, contributing to their overall health and well-being. This manual provides essential information for proper installation and maintenance.

## PACKAGE CONTENTS

- 6 x Replacement Filters
- 6 x Replacement Sponges

## COMPATIBILITY

These replacement filters and sponges are specifically designed for use with the **BalimoPet Cat Water Fountain (Model BPDR1013A)**. Please note that filters from other brands may not be compatible and could affect the fountain's performance or your pet's health.

## SETUP AND INSTALLATION

Follow these steps to prepare and install your new filter and sponge:

1. **Rinse the Filter:** Before first use, rinse the new filter under running water for 30 seconds to remove any loose carbon particles.

# 4-Layer Filtration System

## 1 Non-Woven Fabric

Removes hair and food debris

## 2 Activated Carbon

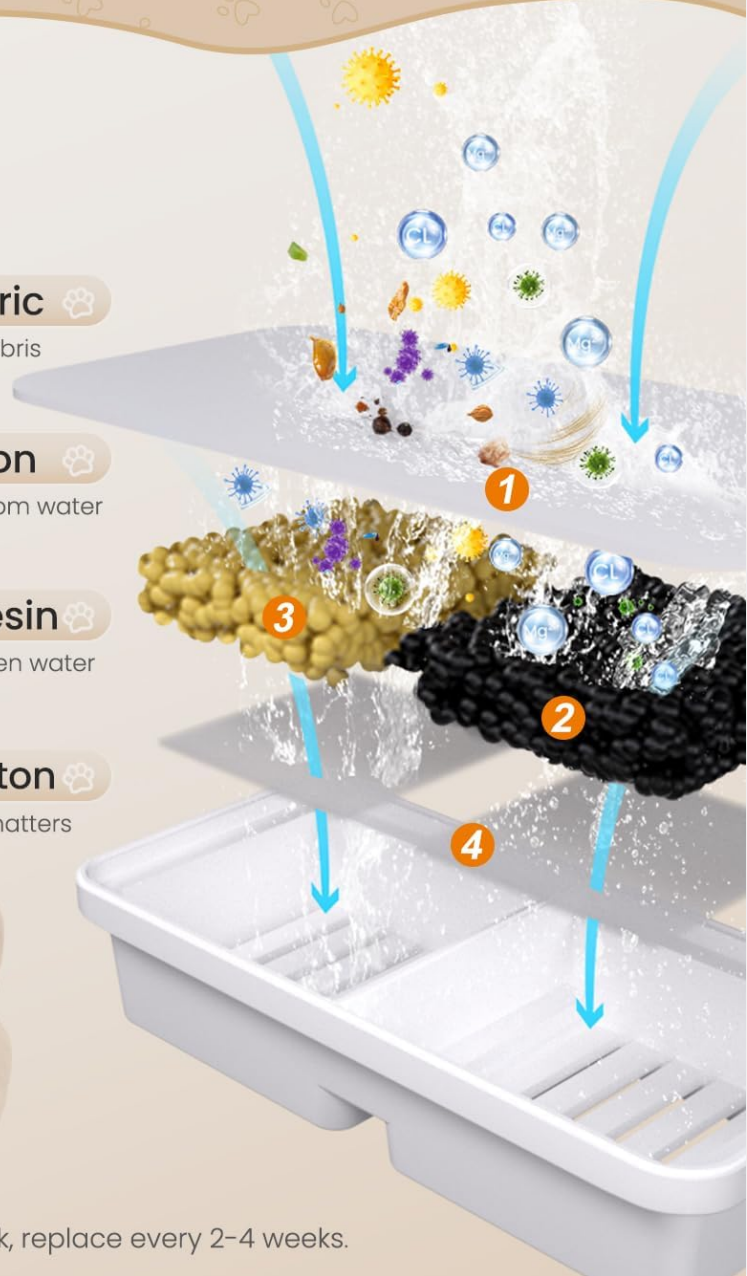

Removes chlorine and metals from water

## 3 Ion Exchange Resin

Remove odor and bacteria, soften water

## 4 High-Density Cotton

Filter small dust and foreign matters

**Note:** Clean 1-2 times a week, replace every 2-4 weeks.

Image: Step 1 - Rinse the filter for 30 seconds.

2. **Soak the Filter:** Submerge the filter in a bowl of water for 5 minutes. This helps to fully activate the filtration materials.

# 4-Layer Filtration System

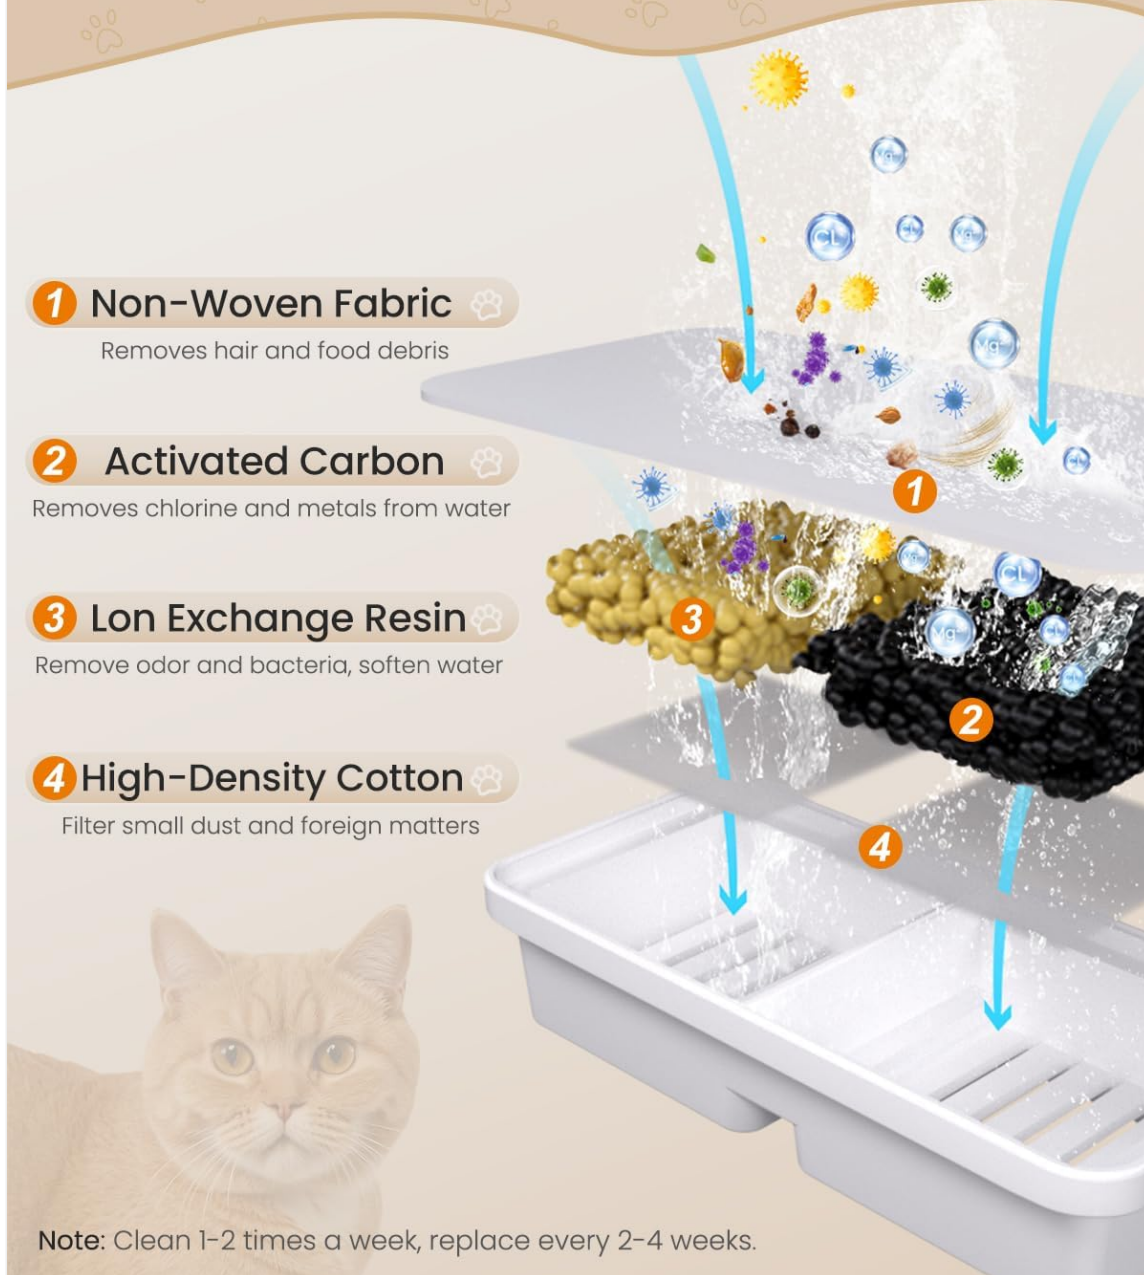

Image: Step 2 - Soak the filter for 5 minutes.

- 3. Install the Sponge:** Place the replacement sponge into the designated slot around the pump in the fountain.
- 4. Install the Filter:** Insert the prepared filter into the filter tray of your BalimoPet Cat Water Fountain. Ensure it is seated correctly.

## OPERATING PRINCIPLE: 4-LAYER FILTRATION SYSTEM

The BalimoPet Cat Water Fountain utilizes a comprehensive 4-layer filtration system to provide clean and fresh water for your pet:

- **Non-Woven Fabric:** Removes hair and food debris.
- **Activated Carbon:** Removes chlorine and heavy metals from the water.
- **Ion Exchange Resin:** Removes odors and bacteria, and softens the water.

- **High-Density Cotton:** Filters small dust particles and foreign matter.

This multi-stage filtration ensures that your pet drinks purer, healthier water, free from common impurities.

## MAINTENANCE AND REPLACEMENT

Regular maintenance of the filters and sponges is crucial for the longevity of your fountain and the health of your pet.

- **Filter Replacement:** It is recommended to replace the filter every **2 weeks** to maintain optimal filtration performance.

# Choose BalimoPet Genuine Filters

Effective Filtration

Natural Materials

Guard Pets' Health

Image: Replace filters every two weeks for best results.

- **Sponge Cleaning/Replacement:** The sponge should be cleaned 1-2 times a week. Replace the sponge when it shows signs of wear or excessive debris buildup.
- **Fountain Cleaning:** Clean the entire fountain unit 1-2 times a week to prevent bacterial growth and ensure fresh water.
- **Genuine Parts:** Always use official BalimoPet filters and sponges to ensure compatibility and maintain the quality of your pet's water.

# How to Use the Filter

1. Rinse the filter for 30s before use.

2. Soak the filter for 5 minutes.

### TROUBLESHOOTING

If you experience issues with water flow or fountain operation after replacing filters and sponges, please consider the following:

- Ensure the filter and sponge are correctly seated and not obstructing the pump.
- Check if the water level in the fountain is sufficient.
- Clean the pump thoroughly, as hair or debris can reduce its efficiency.
- Refer to your original BalimoPet Cat Water Fountain instruction manual for comprehensive troubleshooting steps related to the fountain unit itself.

## CUSTOMER SERVICE AND SUPPORT
