Fszdorj F115 23.6-inch Low Profile Ceiling Fan with Light - Instruction Manual

Model: 1-F115 600

1. PRODUCT OVERVIEW

The Fszdorj F115 23.6-inch Low Profile Ceiling Fan with Light is designed to provide both illumination and air circulation for various indoor spaces. This modern fixture features a revolutionary night light, versatile control options, and a quiet DC motor for enhanced comfort.

- **Revolutionary Night Light:** Features a standalone night light with independent control, offering three preset colors (violet, warm blue, soft warm) to create desired ambiance.
- **APP & Remote Control:** Control the fan and light separately via the included remote or a dedicated Bluetooth APP. Adjust light color, brightness, fan speed, and timer settings. Remote beep noise is cancelled.
- **Stepless Dimming & Color Temperature:** Main light adjusts smoothly from warm (3000K) to cool white (6500K) with brightness from 10% to 100%. Includes a memory function to save settings.
- **Reversible Fan Motor with 6 Speeds:** Offers two airflow modes (downdraft for summer, updraft for winter) and 6 adjustable fan speeds. Equipped with a pure copper silent motor for quiet, smooth, and stable airflow.
- **Easy Installation:** Designed for straightforward installation with included user manual and mounting hardware.

2. SETUP AND INSTALLATION

Before beginning installation, ensure the power supply is turned off at the circuit breaker to prevent electrical shock. This ceiling fan is designed for flush mount installation.

1. **Prepare the Mounting Plate:** The mounting plate detaches from the main unit. This plate is designed to be secured to your existing ceiling electrical box. It features rubber pads for dampening and slight flexibility after mounting.
2. **Secure the Mounting Plate:** Use the provided screws and wall anchors (if needed) to firmly attach the mounting plate to the ceiling electrical box. The plate has fixed holes and slide-type holes for

secure placement.

3. **Wire Connections:** Connect the fan's wires (typically black, white, and ground) to the corresponding household wires. Ensure all connections are secure using wire nuts.
4. **Attach the Fan Unit:** Once the mounting plate is secure and wiring is complete, attach the main ceiling fan unit to the mounting plate. Ensure all screws are tightened to secure the unit in place.
5. **Insert Remote Batteries:** The remote control requires 2 AAA batteries (included). Insert them into the remote.

3. OPERATING INSTRUCTIONS

The Fszdorj F115 ceiling fan offers multiple control methods for convenience.

3.1 Remote Control

The included remote control allows full functionality from anywhere in the room.

- **Power On/Off:** Use the dedicated ON/OFF buttons for the fan and light.
- **Fan Speed:** Select from 6 adjustable fan speeds (buttons 1-6).
- **Reversible Fan Motor:** Use the F/R button to switch between downdraft (summer) and updraft (winter) airflow modes.
- **Light Brightness:** Adjust the main light brightness from 10% to 100% using the dimming buttons.
- **Color Temperature:** Cycle through warm light (3000K), natural light (4500K), and cool white (6500K) for the main light.
- **Night Light:** Activate the independent night light feature and select from violet, warm blue, or soft warm colors.
- **Timer:** Set a timer for the fan to automatically turn off after a set duration (e.g., 2H/4H buttons).

3.2 APP Control (Bluetooth)

Download the dedicated Fszdorj app (scan QR code in the manual) to control all functions from your smartphone. The app provides an intuitive interface for light and fan adjustments.

4. MAINTENANCE

To ensure optimal performance and longevity of your Fszdorj F115 ceiling fan, regular maintenance is recommended.

- **Cleaning:** The clear fan blades are designed for easy cleaning. Use a soft, damp cloth to wipe away dust and debris. Avoid abrasive cleaners.
- **Inspection:** Periodically check all mounting screws and connections to ensure they remain secure.
- **Light Source:** The LED light source is integrated and designed for long-term use. No bulb replacement is typically required.

5. TROUBLESHOOTING

If you encounter any issues with your Fszdorj F115 ceiling fan, please refer to the following general tips. For more specific problems, contact customer support.

- **Fan Not Operating:** Ensure the power supply is on and all wiring connections are secure. Check remote control batteries.

- **Light Not Working:** Verify power supply and remote batteries. If using the app, ensure proper Bluetooth connection.
- **Unusual Noise:** Check that all mounting screws are tight and the fan blades are free from obstruction. The DC motor is designed for quiet operation.

6. SPECIFICATIONS

Feature	Detail
Brand	Fszdorj
Model Name	1-F115 600
Color	White F115
Material	Acrylic, Metal Frame
Product Dimensions	23.6"L x 23.6"W x 5"H
Installation Type	Flush Mount
Special Features	Adjustable Color Temperature, Dimmable, Low Noise Fan, Night Light, Remote & App Control
Control Method	App, Remote
Light Source Type	LED
Color Temperature	3000K (Warm) to 6500K (Cool White)
Brightness	10% to 100% (Dimmable), 6500 Lumens Max
Fan Speeds	6
Motor Type	Quiet DC Motor
Voltage	110 Volts
Wattage	80 watts
Item Weight	10.13 pounds
