

IRONCK HK-CWG-12

IRONCK Bakers Rack Microwave Stand Instruction Manual

Model: HK-CWG-12

1. PRODUCT OVERVIEW

The IRONCK Bakers Rack Microwave Stand is a versatile storage solution designed for kitchens, dining rooms, or living areas. It features a personalized pegboard system, ample storage capacity with adjustable shelves, a smooth-gliding drawer, and a spacious cabinet with barn doors. This unit can function as a coffee bar, microwave stand, or general kitchen organizer, helping to keep your countertops clutter-free.

- **Personalized Pegboard System:** Double-sided pegboard with 6 hooks for customizable hanging space for cups, utensils, and more.
- **Optimized Storage Capacity:** Three fixed shelves and one adjustable partition, each supporting up to 30 lbs. Spacious cabinets offer concealed, moisture-proof storage.
- **Multifunctional Design:** 71" H baking rack with a 31.5" W countertop, suitable for various uses.
- **Stable and Safe:** Constructed from P2 Particleboard with a sturdy base and an anti-tip device for enhanced stability.
- **Easy Assembly:** Pre-labeled parts and detailed step-by-step instructions facilitate a straightforward setup.

2. SAFETY INFORMATION

Please read all safety instructions carefully before assembly and use.

- **Anti-Tip Device:** It is crucial to properly install and engage the anti-tip device to prevent the cabinet from tipping over, especially in households with children or pets. Failure to do so can result in serious injury.
- **Assembly:** Always follow the assembly instructions precisely. We recommend two people for assembly to ensure safety and ease of construction.
- **Material Handling:** Handle all parts with care during assembly to avoid damage to the engineered wood material.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 30 lbs per shelf to maintain stability and prevent structural damage.

- **Placement:** Place the unit on a flat, stable surface. Avoid placing it in areas with high humidity or direct sunlight for prolonged periods to prolong its lifespan.

Anti-tipping Device

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all parts and hardware are present. All components are pre-labeled with numbers and letters for easy identification. If any parts are missing or damaged, please contact customer support.

4. ASSEMBLY INSTRUCTIONS

Assembly of the IRONCK Bakers Rack is designed to be straightforward with clear, step-by-step instructions provided in the packaging. We strongly recommend that **two people** perform the assembly to ensure stability and prevent potential injury, especially when lifting the upper hutch section onto the base.

1. **Unpack and Identify:** Carefully unpack all components and lay them out on a clean, soft surface (e.g., a blanket or carpet) to prevent scratches. Identify each part using the provided labels (numbers and letters).
2. **Follow Step-by-Step Guide:** Refer to the detailed graphical instructions included in your package. Each step illustrates the parts and hardware required.
3. **Secure Connections:** Ensure all screws, bolts, and fasteners are tightened securely. Avoid over-tightening, which can damage the engineered wood.
4. **Drawer Assembly:** Pay close attention to the drawer guide installation. Ensure they are correctly oriented for smooth operation.

5. **Install Anti-Tip Device:** As a final and critical step, install the anti-tip safety strap to a wall stud using appropriate hardware. This prevents accidental tipping.

5. OPERATING INSTRUCTIONS (USAGE)

This bakers rack is designed for versatile use in your kitchen or dining area. Utilize its various storage components to organize your items efficiently.

5.1. Open Shelves

The upper section features three open shelves, ideal for storing frequently used items, decorative pieces, or pantry staples. Each shelf can support up to 30 lbs.

5.4. Drawer

A large, smooth-gliding drawer is located beneath the countertop. This drawer is suitable for storing cutlery, small kitchen gadgets, or other items you wish to keep out of sight but easily accessible.

5.5. Storage Cabinet with Barn Doors

The lower section features a cabinet with barn-style doors, offering concealed storage. Inside, an adjustable partition allows you to customize the space to accommodate items of various sizes, such as pots, pans, or larger pantry goods. The doors are equipped with magnetic grips for secure closure.

6. MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Clean up spills immediately to prevent moisture absorption and staining of the engineered wood.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary.
- **Avoid Extreme Conditions:** Do not expose the unit to extreme temperatures, humidity, or direct sunlight for prolonged periods, as this can cause warping or discoloration.

7. TROUBLESHOOTING

- **Unit is Wobbly:**

Ensure all screws and connections are fully tightened. Verify the unit is placed on a level surface. Adjust any leveling feet if present (not specified, but common for furniture).

- **Drawer Does Not Slide Smoothly:**

Check that the drawer slides are installed correctly and are not obstructed. Ensure the drawer itself is assembled squarely. Lubricate slides with a silicone-based lubricant if needed.

- **Doors Do Not Close Properly:**

Verify that the hinges are correctly installed and aligned. Check for any obstructions preventing the doors from closing fully. Ensure the magnetic grips are properly aligned and functional.

- **Missing or Damaged Parts:**

If you discover any missing or damaged parts during unpacking or assembly, please contact IRONCK customer support immediately for assistance and replacement parts.

8. SPECIFICATIONS

Brand	IRONCK
Model Number	HK-CWG-12
Material	Engineered Wood
Color	White
