Aheaplus YH05

Aheaplus YH05 Closet Drawers Organizer System User Manual

Model: YH05 | Brand: Aheaplus

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Aheaplus YH05 Closet Drawers Organizer System. Please read these instructions carefully before assembly and use to ensure proper function and safety. Keep this manual for future reference.

2. SAFETY INFORMATION

- Always secure the cabinet to the wall using the provided anti-tip kit to prevent tip-over, which can cause serious injury.
- Use appropriate safety gear, such as gloves, during assembly to prevent cuts or pinches.
- Ensure all screws and fasteners are tightened securely before use. Periodically check and re-tighten as necessary.
- Do not overload shelves or drawers. Refer to the specifications for weight limits.
- Keep small parts away from children during assembly to avoid choking hazards.

Product Dimensions

3. PACKAGE CONTENTS

Please verify that all components are present before beginning assembly. If any parts are missing or damaged, contact Aheaplus customer support.

- Main cabinet panels (top, bottom, sides, back)
- 4 Wooden Drawers
- Drawer slides and hardware
- Metal drawer handles
- Adjustable shelves (quantity may vary based on configuration)
- Assembly hardware (screws, dowels, cam locks, etc.)
- Anti-tip kit with wall anchors
- Instruction Manual

4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. It is recommended to assemble the unit on a soft, clean surface to prevent scratches.

Step 1: Prepare the Base Frame

1. Attach the bottom panel to the side panels using the provided cam locks and dowels. Ensure the grooves for the back panel are facing correctly.
2. Secure the base legs (if applicable) to the bottom panel.

Step 2: Assemble the Drawers

1. For each of the four wooden drawers, attach the side panels to the front and back panels using screws and dowels.
2. Slide the drawer bottom into the grooves.
3. Install the drawer slides onto the sides of each drawer.
4. Attach the metal handles to the front of each drawer using the provided screws.

Step 3: Install Drawer Slides and Shelves

1. Attach the corresponding drawer slides to the interior side panels of the main cabinet frame.
2. Insert the back panel into the grooves and secure it.
3. Place the adjustable shelf pins into the desired holes for the shelves.
4. Carefully place the adjustable shelves onto the pins.

Step 4: Complete the Frame and Wall Mounting

1. Attach the top panel to the side panels using cam locks and dowels.
2. Carefully slide the assembled drawers into their respective slots.
3. Position the assembled unit against the wall. Mark the wall for the anti-tip kit installation.
4. Drill pilot holes, insert wall anchors, and secure the anti-tip strap to both the unit and the wall. This step is crucial for stability and safety.

Combining 4 Set of MODULAR CLOSET SYSTEM TOWER to Create a Custom Closet System

5. OPERATING INSTRUCTIONS

Using the Drawers

The four wooden drawers are designed for smooth operation. To open, gently pull the metal handle. To close, push the drawer firmly until it is fully seated. Avoid slamming drawers to prolong the life of the slides.

Adjusting Shelves

The upper section features adjustable shelves. To adjust a shelf, remove all items from the shelf. Lift the shelf to remove it from the pins. Relocate the shelf pins to the desired height and then place the shelf back onto the pins, ensuring it is level and secure.

Loading Capacity

Each adjustable shelf has a maximum weight capacity of 100 lbs. The drawers are suitable for storing clothing, accessories, and other personal items. Do not exceed these weight limits to maintain the structural integrity of the unit.

6. MAINTENANCE AND CARE

Cleaning

The unit features a waterproof surface. To clean, wipe with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish. Dry immediately with a clean cloth.

General Care

- Periodically check all fasteners and re-tighten them to ensure stability.
- Avoid exposing the unit to direct sunlight or extreme temperature changes, which can cause warping or discoloration.
- Do not drag the unit when moving it; always lift to prevent damage to the base or floor.

7. TROUBLESHOOTING

Unit is Wobbly

- Ensure all assembly screws and cam locks are fully tightened.
- Verify that the unit is placed on a level surface.
- Confirm the anti-tip kit is securely installed to the wall.

Drawers Do Not Slide Smoothly

- Check that the drawer slides are correctly aligned and installed on both the drawer and the cabinet frame.
- Ensure no objects are obstructing the drawer's path.
- Verify that the drawer is not overloaded.

Missing Parts

If you find any parts missing during assembly, please contact Aheaplus customer support with your purchase details and the specific part number(s) required.

8. SPECIFICATIONS

Feature	Detail
Brand	Aheaplus
