realme T200

realme Buds T200 TWS Earbuds User Manual

Model: T200

Introduction

This manual provides comprehensive instructions for the realme Buds T200 TWS Earbuds. It covers product overview, setup, operation, maintenance, and troubleshooting to ensure optimal use of your device. Please read this manual thoroughly before using the earbuds.

Package Contents

Verify that all items are present in the package:

- realme Buds T200 TWS Earbuds (Left and Right)
- Charging Station (Charging Case)
- Ear Cushions (Multiple Sizes)
- USB Type-C Charging Cable
- User Manual (This document)

Product Overview

The realme Buds T200 are True Wireless Stereo (TWS) earbuds designed for high-quality audio and convenience. They feature Active Noise Cancellation (ANC) and a durable, water-resistant design.

Image showing the realme Buds T200 TWS Earbuds in their open charging case. The earbuds are black with a gray charging case, and the interior of the case is blue. One earbud is partially out of its slot, illustrating its design.

Key Features:

- **Hi-Res Audio & LDAC:** For superior sound quality.
- **12.4mm Dynamic Bass Driver:** Delivers rich, detailed audio.
- **32dB Active Noise Cancellation (ANC):** Reduces ambient sounds.
- **IP55 Dust and Water Resistance:** Protection against splashes and light rain.
- **Up to 50 Hours Total Playback:** Extended battery life with charging case.
- **Bluetooth 5.3:** Stable wireless connectivity.

Setup

1. Initial Pairing

1. **Charge the Earbuds:** Before first use, place both earbuds into the charging case and connect the case to a power source using a USB Type-C cable. Ensure the indicator light on the case illuminates, indicating charging.
2. **Activate Pairing Mode:** Open the charging case. The earbuds will automatically enter pairing mode. The indicator

light on the case will typically flash white or blue.

3. **Connect via Bluetooth:** On your device (smartphone, tablet, etc.), go to Bluetooth settings and search for available devices. Select "realme Buds T200" from the list to connect.
4. **Confirmation:** Once connected, the indicator light on the charging case will turn off or show a solid color, and you will hear an audio prompt from the earbuds.

2. Wearing the Earbuds

- Identify the Left (L) and Right (R) earbuds.
- Gently insert each earbud into the corresponding ear canal.
- Rotate the earbud slightly until it fits snugly and comfortably. A proper fit is crucial for optimal sound quality and Active Noise Cancellation performance.
- Experiment with different ear cushion sizes provided to find the best seal for your ears.

Operating Instructions

Touch Controls

The realme Buds T200 feature touch-sensitive areas on each earbud for control. The specific functions can often be customized via the realme Link app.

Action	Function
Double Tap	Play/Pause music, Answer/End call
Triple Tap	Next track
Press and Hold (Left Earbud)	Switch Noise Control Mode (ANC On/Transparency/ANC Off)
Press and Hold (Right Earbud)	Voice Assistant activation
Press and Hold Both Earbuds	Reject incoming call

Note: Specific touch controls may be customizable through the realme Link application.

Active Noise Cancellation (ANC)

The realme Buds T200 feature 32dB Active Noise Cancellation to reduce environmental noise. You can cycle through different noise control modes:

- **ANC On:** Maximizes noise reduction.
- **Transparency Mode:** Allows ambient sounds to pass through, keeping you aware of your surroundings.
- **ANC Off:** Standard audio mode without noise cancellation or transparency.

To switch modes, press and hold the touch area on the left earbud.

Charging

- **Charging the Earbuds:** Place the earbuds into the charging case. They will automatically begin charging. The indicator light on the case will show charging status.
- **Charging the Case:** Connect the charging case to a power source using a USB Type-C cable. The indicator light will show the charging progress. A full charge provides up to 50 hours of total playback time with the earbuds.

Maintenance

Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove ear cushions and clean them separately with mild soap and water if necessary, ensuring they are completely dry before reattaching.
- Use a cotton swab or a small, soft brush to gently clean the charging contacts on both the earbuds and the case.
- Avoid using abrasive materials, solvents, or harsh chemicals.

Storage

- When not in use, always store the earbuds in their charging case to protect them and ensure they remain charged.
- Store the device in a cool, dry place, away from direct sunlight and extreme temperatures.

Water Resistance (IP55)

The realme Buds T200 are rated IP55 for dust and water resistance. This means they are protected against limited dust ingress and low-pressure water jets from any direction. However, they are not waterproof and should not be submerged in water or exposed to heavy rain. Ensure the earbuds and charging case are dry before charging to prevent damage.

Troubleshooting

If you encounter issues with your realme Buds T200, refer to the following common solutions:

- **Earbuds not pairing:**
  - Ensure earbuds are charged.
  - Place earbuds back in the case, close the lid, then open it again to re-enter pairing mode.
  - Forget "realme Buds T200" from your device's Bluetooth list and try pairing again.
  - Try pairing with a different device to rule out device-specific issues.
- **No sound from one earbud:**
  - Ensure both earbuds are charged.
  - Place both earbuds back in the charging case, close the lid, wait a few seconds, then open it again.
  - Clean the charging contacts on both the earbud and the case.
- **Poor sound quality:**
  - Ensure earbuds are properly seated in your ears and you have the correct ear cushion size.
  - Clean any debris from the earbud nozzles.
  - Move closer to your connected device to avoid interference.
- **ANC not working effectively:**
  - Ensure earbuds are properly sealed in your ear canals.
  - Verify that ANC mode is activated (press and hold left earbud).
- **Charging case not charging:**
  - Check the USB Type-C cable and power adapter. Try a different cable or adapter.
  - Ensure the charging port on the case is clean and free of debris.

If the issue persists, consider performing a factory reset (refer to the realme Link app or official realme support for specific

instructions) or contact customer support.
